Every Tool in every **CRAFTSMAN®** Mechanics' Tool Set sold in this catalog is backed by our famous UNCONDITIONAL GUARANTEE

If any tool in any set fails to give complete satisfaction, return it and it will be replaced free of charge. This service is available by returning tool to any Sears store throughout the United States

AND ALL SETS INCLUDE DRIVE PARTS WITH THESE BENEFITS:

More strength than Federal Specifications require. Sockets, accessories and wrenches meet or exceed Specifications GGG-W-641d and GGG-W-636d for torque strength. Made of heat-treated, "Super-Tuff" alloy steel and finished with a heavy nickel-chrome plating to resist rust.

Test-proven quality. In actual factory tightening tests, CRAFTSMAN® quick-release ratchet wrenches were operated over 1/2 million times without showing signs of serious wear.

Ease-of-use. Just press a button on our quick-release ratchets and even greasy sockets slip right off, without tugging. Our fine-tooth action ratchets let you work freely, even in tight places.

406 pieces! Our most complete **CRAFTSMAN®** Mechanics' Tool Set

Tool Set alone	Tool Set with Chest and Cabinet
\$599⁰⁰	\$1014⁰⁰

Even the most particular professional mechanic would find almost every tool he might need in this wide assortment. It enables you to make more automotive repairs than with any other set we sell. Includes 1/4, 3/8 and 1/2-inch square drive parts that handle light, medium and the heaviest-duty work you have to do. You even get a special tool for brake adjustments. The 59-piece tap and die set lets you cut your own threads. And with the beam-type torque wrench, you can do precision work on cylinder heads, bearings and spark plugs. And you'll never have to pay for replacing these CRAFTSMAN tools because they're unconditionally guaranteed... see details above.

Tool Set alone includes:

1/4-inch square-drive parts: fine-tooth, quick-release reversible ratchet, ten 6-pt. sockets (3/16 thru 1/2-in.); nine 12-pt. sockets (3/16 thru 1/2-in.); 5 hex-bit sockets (3/16 thru 3/8-in.); 2 screwdriver bits (.030, .039), 2 Phillips bits (No. 1, No. 2); univ. joint; socket dr. adapter (1/4 to 3/8-in.); 2 socket extensions (4 1/2, 6-in.); 4 1/2-in. flex extension; speeder; 3 extension bars (3, 6, 14-in.); 6-in. flex-T-handle; 4 1/2-in. slide bar; flex spinner.

3/8-inch square-drive parts: fine-tooth, quick-release reversible ratchet; eight 6-pt. sockets (3/8 thru 1 1/4-in.); five 8-pt. sockets (1/4 thru 1 1/2-in.); eight 12-pt. sockets (3/8 thru 1 1/4-in.); nine 12-pt. deep sockets (3/8 thru 1 1/4-in.); seven 12-pt. flexible sockets (3/8 thru 1 1/4-in.). Three 6-pt. spark plug sockets (3/8-in. reg., 1 1/4-in. reg., flex.); 6 hex-bit sockets (3/32 thru 3/8-in.); 3 screwdriver bits (.030, .039, .055); 3 Phillips bits (Nos. 2, 3, 4); 4 ext. bars (3, 6, 10, 20-in.); univ. joint; 2 socket dr. adapters (3/8 to 1/4-in., 3/8 to 1/2-in.); ell handle; 16-in. speeder; 7-in. slide bar; 10-in. flex-T-handle; crossbar.

1/2-inch square-drive parts: fine-tooth, quick-release rev. ratchet; thirteen 6-pt. sockets (7/16 thru 1 1/4-in.); sixteen 12-pt. sockets (7/16 thru 1 1/4-in.); twelve 12-pt. deep sockets (1/2 thru 1 1/4-in.). Univ. joint; socket dr. adapter (1/2 to 3/8-in.); 4 ext. bars (3, 6, 10, 20-in.); 2 slide bars (9, 15-in.); Ell handle; 18-in. speeder; 2 flex T handles (15, 18-in.); crossbar.

Miscellaneous tools: 16 combination wrenches (1/4 thru 1 1/2-in.); 9 open-end wrenches (1/4 thru 1 1/2-in.); 11 box-end wrenches (1/4 thru 1 1/4-in.); 3 short box-end wrenches (3/8 thru 3/4-in.); 5 tappet wrenches (3/8 thru 7/8-in.); 3 flare-nut wrenches 3/8 thru 1 1/4-in.; 8-piece open-end ignition wrench set; 10-piece combination ignition wrench set; 10 crowfoot wrenches (3/8 thru 1-in.); 7 nut drivers (3/16 thru 1/2-in.); variable-size nut driver; 2 adjustable wrenches (8, 10-in.); 5-piece ratcheting box-end wrench set. 11 standard screwdrivers (3/16x4, 3/16x9, 1/4x4, 1/4x6, 1/4x12, 3/16x1 1/4, 3/16x8, 3/8x12, 1/2x2, 1/2x4-in., stubby); Reed Prince screwdriver; 7 Phillips screwdrivers (No. 0, No. 1, 4-in. No. 2, 8-in. No. 2, stubby, No. 3, No. 4); off-set screwdriver; 4 screw-holding drivers (1/2x2 and 4-in., 3/16x5 and 7-in.); 12-in. pickup tool; bent needle-nose pliers; battery pliers; long chain-nose pliers; diagonal cutting pliers; Arc Joint® pliers; 2 locking pliers (7 1/2, 10-in.); 3 slip-joint pliers (6 3/4, 8-in., thin nose); 3 ball-peen hammers (4, 8, 12-oz.); 8-oz. plastic-tip hammer; 14-piece combination hex-key set. 11-piece short-arm hex-key set. Ignition gauge; brake adjusting tool. Hack saw, 10 extra blades. Rolling wedge bar; stainless steel rule; cotter key extractor; snips; 12-in. line-up punch; 12-piece punch, chisel set. Torque wrench, 59-piece tap, die set.

9 GT 65351C \$17.99

Top to bottom and all points in between, these

All Chests and Cabinets on these two pages

have a rugged one-piece top and bottom made of reinforced heavy-gauge steel. They won't sag or loosen, even after years of heavy use. So each unit can take the heavy loads and rough treatment dished out by working men who don't have the time to "baby" a chest or cabinet.

All Cabinets have these exclusive built-in features

- Sturdy "I-frame" construction and self-reinforcing, recessed cabinet sides add tremendous strength and stability to the whole unit... actually 50% more diagonal strength than ordinary flat-panel design. And there are no space-consuming crossbars, so usable space is kept at a maximum
- Four corner posts (instead of the two found in ordinary construction) add extra bracing that firms the sides and supports the drawer slides, so they remain aligned... even under the heaviest load conditions
- One-piece roll-formed drawer slides are welded to the frame on 3 different panels. More welds mean more strength, so the drawers slide smoothly without jamming

16-piece Set

\$1859

"Super-Tuff" alloy steel . . heat-treated and tempered for strength. Designed especially for repair technicians. 1/4-inch drive, ideal for precision ignition, refrigerator, radio, aircraft work.

Set includes nine 6-point sockets (3/16 thru 1/2-inch). Reversible, fine-tooth quick-release ratchet, flex handle, crossbar, slide bar handle. Two extensions (3 and 6-inch). Permanex® tool case.

9 GT 44148—Wt. 1 lb. 8 oz. Set \$18.59

1/4-inch sq. drive
12-piece Set

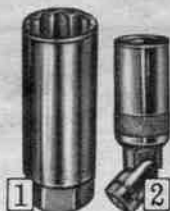

\$829

"Super-Tuff" alloy steel . . heat-treated and tempered for strength. 1/4-inch drive, ideal for precision ignition, radio, refrigerator, aircraft work. Designed for repair technicians.

Set includes: nine 6-point sockets (3/16 thru 1/2-in.), flex handle and crossbar. Built for durability. Packed in Permanex® polyethylene case.

9 GT 44062—Wt. 15 oz. Set \$8.29

Spark Plug Sockets with neoprene inserts

(1 and 2) Chrome-plated "Super-Tuff" alloy steel. Neoprene inserts help protect plugs.

Size— $\frac{1}{16}$ -inch with 6-point openings, except 9 GT 43326 $\frac{5}{16}$ -inch.

1 Straight Socket. Hex end for use with wrench.
Shipping weight 6 ounces.
9 GT 43321— $\frac{1}{2}$ -in. drive \$2.39
9 GT 44241— $\frac{1}{2}$ -in. drive 2.39

$\frac{1}{8}$ -inch Straight Socket.
Shipping weight 5 ounces.
9 GT 43326— $\frac{1}{8}$ -in. drive \$2.49

2 Flex Socket. Shpg. wt. 7 oz.
9 GT 43323— $\frac{1}{2}$ -in. sq. dr. \$5.19

Screwdriver Bits for Socket Wrenches

3 Phillips-type Bits.
 $\frac{1}{4}$ -in. sq. drive, $1\frac{1}{2}$ -in. long.
Shipping weight 3 ounces.
9 GT 42881—No. 1 \$2.09
9 GT 42882—No. 2 2.09

$\frac{3}{8}$ -in. sq. drive, $2\frac{5}{8}$ -in. long.
Shipping weight 4 ounces.

9 GT 46662— $\frac{1}{2}$ -in. Wt. 3 oz. 1.79
9 GT 46663— $\frac{3}{4}$ -in. Wt. 4 oz. 1.79
9 GT 46664— $\frac{1}{2}$ -in. Wt. 4 oz. 1.79
9 GT 46665— $\frac{3}{8}$ -in. Wt. 4 oz. 1.79

Each Socket in every CRAFTSMAN® Socket Set is constructed to take the abuse of heavy-duty, day-in, day-out use. Here's why:

- Sockets are made of "Super-Tuff" alloy steel . . they all meet or exceed Federal Specifications GGG-W-641d and GGG-W-636d for torque strength
- The alloy steel is heat-treated and tempered for uniform hardness, then it's chrome plated to resist rust and corrosion

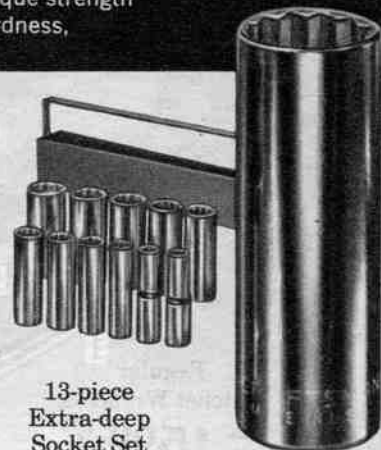

8-piece Flexible Socket Set

$\frac{3}{8}$ -inch square drive. Strong, thin-wall sockets for working in hard-to-reach places. Chamfered ends. Seven combination sockets, universal joints. Twelve-point openings. Socket sizes: $\frac{3}{8}$, $\frac{7}{16}$, $\frac{1}{2}$, $\frac{9}{16}$, $\frac{5}{8}$, $\frac{11}{16}$ and $\frac{3}{4}$ -inch. Includes Perma-nex® polyethylene carrying case. Shipping wt. 1 lb. 5 oz.
9 GT 43812 Set \$22.59

15-piece Standard depth Socket Set

$\frac{1}{2}$ -inch square drive. For standard hex nuts, cap screws. Strong, thin-wall sockets for working in tight spots. Sockets fit nuts with over-protruding bolts. Chamfered ends. Fourteen sockets with 12-point openings.
Socket sizes: $\frac{7}{16}$, $\frac{1}{2}$, $\frac{9}{16}$, $\frac{5}{8}$, $\frac{11}{16}$, $\frac{3}{4}$, $\frac{13}{16}$, $\frac{7}{8}$, $\frac{15}{16}$, 1, $1\frac{1}{16}$, $1\frac{1}{8}$ and $1\frac{1}{4}$ -inch. Includes handy metal carrying tray.
9 GT 4348—Shpg. wt. 4 lbs. Set \$19.59

13-piece Extra-deep Socket Set

$\frac{1}{2}$ -inch square drive. Made for heavy-duty use. Straight, thin-wall sockets for working in hard-to-reach places. Deep sockets fit nuts with over-protruding bolts. Chamfered ends. Twelve sockets with 12-point openings.
Socket sizes: $\frac{1}{2}$, $\frac{9}{16}$, $\frac{5}{8}$, $\frac{11}{16}$, $\frac{3}{4}$, $\frac{23}{32}$, $\frac{15}{16}$, $\frac{7}{8}$, $\frac{13}{16}$, 1, $1\frac{1}{16}$ and $1\frac{1}{8}$ -inch. Includes handy metal carrying tray.
Shipping weight 5 lbs. 7 oz.
9 GT 43831 Set \$28.79

Individual Flexible Sockets

$\frac{3}{8}$ -inch square drive. Combination socket and universal joint. Thin-wall construction. No-shoulder design grips nut at full depth.

CRAFTSMAN Sockets
unconditionally guaranteed
... see page 3

9-piece Standard-depth Socket Set

$\frac{3}{8}$ -inch square drive. Strong, thin-wall sockets for working in hard-to-reach places. Chamfered ends for easier slipage of socket over nuts and bolts. No-shoulder design lets you grip nut at full depth. Eight sockets with 12-point openings. Socket sizes: $\frac{3}{8}$, $\frac{7}{16}$, $\frac{1}{2}$, $\frac{9}{16}$, $\frac{5}{8}$, $\frac{11}{16}$, $\frac{3}{4}$ and $\frac{15}{16}$ -in. Includes metal carrying tray.
9 GT 4389—Shpg. wt. 1 lb. Set \$8.59

10-piece Extra-deep Socket Set

$\frac{3}{8}$ -inch square drive. Strong, thin-wall sockets for working in those hard-to-get-at places. Sockets measure $2\frac{1}{2}$ -in. long, and easily fit nuts with over-protruding bolts. Chamfered ends. Nine sockets with 6-point openings. Socket sizes: $\frac{3}{8}$, $\frac{7}{16}$, $\frac{1}{2}$, $\frac{9}{16}$, $\frac{5}{8}$, $\frac{11}{16}$, $\frac{3}{4}$, $\frac{13}{16}$ and $\frac{7}{8}$ -in. Packed in convenient carrying tray.
9 GT 43156—Wt. 2 lbs. 4 oz. Set \$13.39

Setscrew Wrenches and Setscrews

(6 thru 8) CRAFTSMAN Setscrew Wrench Sets. Top professional quality. Tough alloy steel . . rust-resistant finish. Chamfered ends. Wrench sizes marked on shanks. Can be used at either end. All include plastic pouch.

6 11-piece Short-arm Set. Includes sizes: .050, $\frac{1}{16}$, $\frac{3}{64}$, $\frac{1}{32}$, $\frac{7}{64}$, $\frac{1}{8}$, $\frac{9}{64}$, $\frac{1}{16}$, $\frac{1}{32}$ and $\frac{1}{4}$ -inch.

Different Socket Types

Use on hex nuts and bolts. Heavier walls. Grips rounded corners.

For square nuts only (farm machinery and equipment). A must for farm mechanics.

For use on standard hex nuts and cap screws. More turning positions than other types.

GUARANTEE

If any CRAFTSMAN® wrench or socket on these two pages fails to give you complete satisfaction, simply return it, and it will be replaced free of charge.

CRAFTSMAN® Heavy-duty Drag-link Sockets

1/2-inch square-drive. These sockets have a screwdriver type bit for slotted nuts on steering gear and shock absorbers. Chrome-plated "Super-Tuff" molybdenum steel. Use 15/16 and 1 1/16-inch size on trucks.

Mechanics' Tool Sets

Wrenches, sockets and accessories made of "Super-Tuff" alloy steel . . . all are drop-forged, heat treated, and chrome-plated. And all tools are unconditionally guaranteed . . . see details on page 3.

78-piece Set **\$74.99**

More and more manufacturers are now using metric parts and measurements in assembling their products. This is the ideal set to prepare you for this metric "revolution." With it, you can do almost any home, shop or farm repair . . . automotive servicing, too.

1/4-inch square-drive: eight 6-pt. sockets (sizes 4 thru 11-mm); 6-inch flex T handle; cross bar.

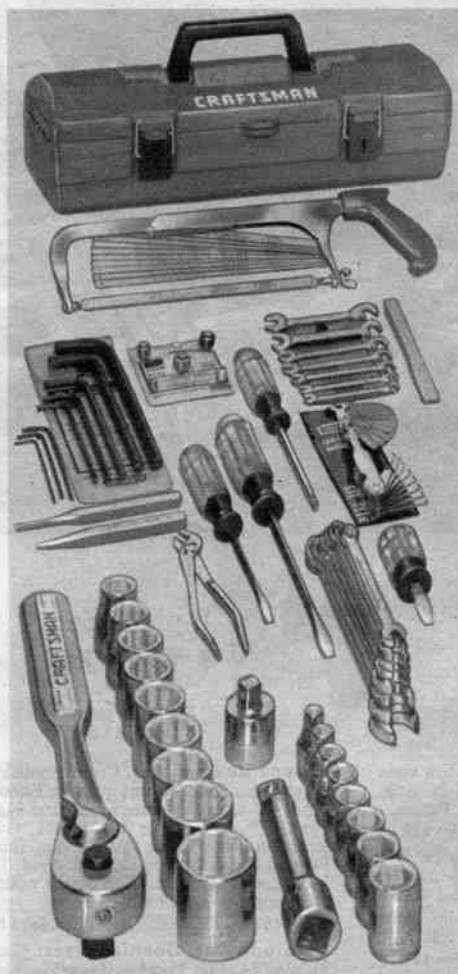

3/8-inch square-drive: nine 12-pt. sockets (9, 10, 11, 12, 13, 14, 15, 17, 19-mm); quick-release reversible ratchet; 3-inch extension bar.

1/2-inch square-drive: nine 12-pt. sockets (9, 10, 12, 13, 14, 15, 17, 19, and 22-mm); quick-release reversible ratchet, 6-inch extension bar.

Wrenches: 7 open-end (6x8 thru 22x24-mm); 7-piece open-end ignition set (5.5 and 6, thru 11-mm).

Miscellaneous tools: three screwdrivers (3/16x4 and 1/4x6 standard and No. 2 Phillips sizes); ten-piece hex-key set; five-piece magnetic insert set; center punch; pin punch; hacksaw with 10 extra blades; and rugged steel tool box.

9 GT 33188C—Shpg. wt. 20 lbs.Set \$74.99

69-piece Set **\$59.99**

Have a foreign car? (Or American car with metric parts? Lots of them do now, you know!) This is a fine set for servicing automobiles, as well as a wide variety of around-home repair and maintenance tasks. When metric parts pop up, you'll be ready for them!

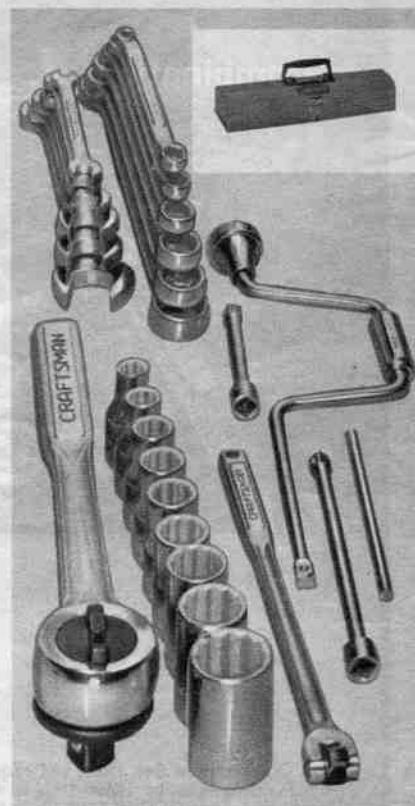

1/4-inch square drive: eight 6-point sockets (sizes 4 thru 11-mm).

3/8-inch square drive: nine 12-pt. sockets (9, 10, 11, 12, 13, 14, 15, 17, and 19-mm); quick-release reversible ratchet; 3-inch extension bar; and 3/8 to 1/4-inch adapter that lets you use 1/4-inch sockets with 3/8-inch ratchet.

Wrenches: eight combination (sizes 8 thru 15-mm); seven-piece open-end ignition set (sizes 5.5, 6, 7, 8, 9, 10, and 11-mm).

Miscellaneous tools: four screwdrivers (stubby, 3/16x4 and 1/4x6 standard sizes and No. 2 Phillips size); ignition pliers, ignition gauge, eight-piece hex-key set; five-piece magnetic insert set; center punch; pin punch; cold chisel; hacksaw with 10 extra blades; and durable Permanex® tool box.

9 GT 33065—Shpg. wt. 10 lbs. 12 oz.Set \$59.99

1/2-inch drive Set
for heavy-duty use

28 pieces

\$68.99

Hot-forged steel sockets with thin walls for use in tight places. Big drive handles heavy loads. Set includes nine 12-point sockets (9 thru 22-mm); two extension bars (6 and 10-in.) for hard-to-reach spots and one 18-inch speeder wrench.

Also 15-in. flex handle; cross bar for added leverage on tight nuts; one 10 3/4-in. fine-tooth, quick-release ratchet wrench . . . just push a button and sockets drop right off; six box-end and six open-end wrenches (sizes 6x8 thru 17x19-mm) and steel tool box.

Shipping weight 12 lbs. 15 oz.

1-in. hex. All others 1 1/16-in. hex.

6 or 12-pt. Socket Sets

A workshop is not complete without basic metric sockets. For metric hex nuts, cap screws, etc. All sockets drop-forged from "Super-Tuff" alloy steel for long lasting strength and durability. Thin, side-wall design reduces outside dimensions so socket can slip easily into tight spots. Nickel-chrome plating helps resist rust and corrosion. Use 1/2-inch drive size for heavy-duty applications such as plant maintenance and heavy equipment repair. Use 3/8-inch drive size for car, garage, and home workshop jobs. See page 3 for Guarantee.

9-piece, 12-point Sets. Eight sockets: 9mm, 10mm, 12mm, 13mm, 14mm, 15mm, 17mm and 19mm. Metal storage tray.

CRAFTSMAN® Torque Wrenches

For use on autos, trucks and industrial engines

Direct-reading dial-type heavy-duty Wrench

1 CRAFTSMAN COMMERCIAL. Measures up to 250 ft.-lbs. torque. Dial instantly tells you amount of torque in either direction. Clockwise torques read on top scale, counterclockwise torques on lower scale. Memory pointer shows highest torque reached in either direction, until you reset to zero. Precision-built to measure accurately regardless of point of load application. Slim drive end fits in tight places. Big 1/2-inch square drive end designed for tough, industrial applications. With high leverage extension.

One-piece dial construction helps protect inside parts for lasting accuracy. Chrome plated to resist rust. Includes Permanex® polyethylene case and instruction booklet. 9 GT 44442—Shpg. wt. 7 lbs. 10 oz. ...\$49.50

Micro-adjusting Wrench

2 CRAFTSMAN COMMERCIAL. Measures 10-150 ft.-lbs. torque in both directions. You just set the torque to be measured... wrench produces click you can feel and hear when desired torque has been reached. This feature makes this wrench especially valuable for applications in dark or blind areas. Also for torque measurement on vibrating machinery.

Scale calibrated in 1 ft.-lb. increments. Patented snap-lock holds desired setting to maximize accuracy. Calibrations set in accordance with National Bureau of Standards. Reversing lever and push-button socket release on wrench head. 1/2-in. drive ideal for most automotive, aircraft and general applications. Chrome-plated steel... 100% corrosion proof. Sealed measuring mechanism helps assure long life. Comes in Permanex® polyethylene fitted case.

9 GT 44443—Shpg. wt. 4 lbs. 11 oz. ...\$39.50

Beam-type Wrench

3 For standard and metric applications. Nickel-chrome plated to resist rust. Measures in both directions. Floating nylon handle. 1/2-inch square drive. Guide charts.

0 to 100 ft.-lbs. For cars, small engines. 9 GT 44481—Shpg. wt. 2 lbs. 6 oz. ...\$13.97

0 to 150 ft.-lbs. For heavy applications. 9 GT 44641—Shpg. wt. 2 lbs. 7 oz. ...\$15.77

0-600 in.-lbs. Dual scale. 3/8-in. sq. drive. 9 GT 44643—Wt. 1 lb. 13 oz. ...\$11.77

Tapes, Meter Stick

4 CRAFTSMAN 3.65-meter (12-ft.) Metric Tape. Blade Graduated in inches and millimeters. Automatic return, lock. Chrome-plated zinc case, steel blade. Belt clip. 9 GT 39224—1/2-in. wide. Wt. 9 oz. \$3.97

5 3/4-in. wide Tape (as above). 9 GT 39218—Wt. 11 oz.\$4.97

6 CRAFTSMAN Meter Stick. Easy to read graduations in millimeters and inches. Tables on back let you quickly convert from English Standard measurements to metric measurements. Lightweight, flexible aluminum rule bends, but will not crack. 39 1/2 inches long... 1 meter. 9 GT 3782C—Shpg. wt. 1 lb.\$1.69

CRAFTSMAN®

1 and 2-ton Power Pulls efficiently handle most any tough job that demands pulling or hauling

\$4299 2 ton **1**

1 2-ton capacity. Lift engines, pull out fenders, uproot shrubs, stretch fences, move heavy equipment—simply pump the lever handle. Cold-rolled steel frame, handle. Extra strong, yet lightweight. All steel parts cadmium-plated to resist rust. Heat-treated handle. Strong $\frac{3}{16}$ -inch aircraft-type cable; drop-forged steel hooks. Protective ratchet cover. Laminated steel heat-treated ratchet pawl. 30:1 leverage ratio. Maximum lift: 6 feet.

9 GT 7878C—Shipping weight 9 lbs. \$42.99

1-ton capacity. Similar to (1) except 12-ft. max. lift; 15:1 leverage ratio. Ratchet pawl is precision-fit aluminum alloy; handle not heat treated.

9 GT 7880C—Shipping weight 8 lbs. \$32.99

$\frac{1}{2}$ -ton capacity Puller-Hoist (not shown). Performs hundreds of jobs around the house, in the auto shop or on the farm. Efficient 10 to 1 leverage lets you move up to 1000 pounds with a minimum of effort. Lightweight aluminum cover and frame. Steel handle with plastic grip. Strong $\frac{1}{8}$ -inch cable. Forged steel hooks. 14-foot maximum lift.

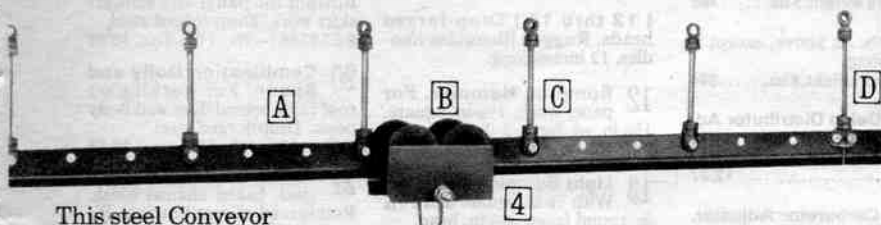

9 GT 7879C—Shipping weight 6 lbs. \$22.99

2 Motor Sling. 2500-pound capacity.

9 GT 7884—Shpg. wt. 3 lbs. 2 oz. \$8.95

3 Wire Gripper. Works well for smooth or barbed wire.

9 GT 7882—Shipping weight 1 lb. 4 oz. \$4.29

This steel Conveyor

helps you transport engines, boats, boxes—any load up to 1 ton

4 Just hang a track where you want heavy, bulky loads to go. Rugged steel construction makes this conveyor ideal for handling jobs in garages, repair shops or around the farm. You get: 8 feet of track, 4-wheeled trolley, 7 single hangers (each with 6-in. threaded rod, 3 nuts and track bolt), 2 end stops and complete instructions. Additional track, hangers, trolleys, and brackets below.

F9 GT 7863N—Shpg. wt. 55 lbs. \$49.99

A 8-ft. Track. One splice hanger included for joining with track above. Also matches 5-inch "I" beam.

F9 GT 78651N—Shpg. wt. 39 lbs. \$21.99

90° Curved track. Adds versatility to track above. Includes splice hanger to attach to 8-ft. track above. 4-ft. radius. 7 ft. long.

F9 GT 78652N—Shpg. wt. 31 lbs. \$34.99

B Trolley. Runs on tracks above and 5, 6, or 8-inch "I" beam. Four flanged cast wheels. Steel sides plated. Hanger pin.

F9 GT 7864—Shipping wt. 11 lbs. \$17.99

C Single Hanger. For tracks above. Six-in. threaded rod, three nuts, track bolt. Space hangers 16-in. apart for one-ton loads, 20-in. apart for $\frac{1}{2}$ -ton loads.

F9 GT 78661—Shipping weight 14 oz. \$2.29

D Splice Hanger. For joining track ends. 6-inch threaded rod, nuts, track bolts.

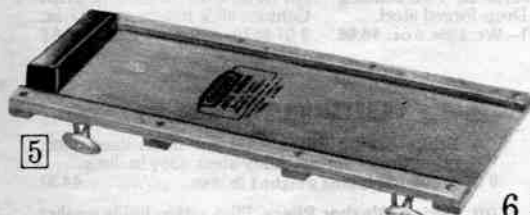

F9 GT 78662—Shipping weight 1 lb. \$2.79

Strap Bracket. For 2x6, larger hanger.

F9 GT 78663—(Not shown.) Wt. 1 lb. \$2.29

Side Bracket. Hold hanger to beams.

F9 GT 78664—(Not shown.) Wt. 11 oz. \$1.49

CRAFTSMAN®

Hardwood Creeper **\$1199**

5 Invaluable around the garage or service station. Use at home to change your car's oil, to make minor car repairs. Lacquered hardwood finish resists foul weather, will not warp. Imitation leather head rest eases tough tasks. Wipes clean with damp cloth. Angle-type steel casters roll freely, pivot in either direction, even on rough surfaces. Overall size: 36x16-inches.

9 GT 4548C—Shipping weight 13 pounds \$11.99

Steel Chain

6 CRAFTSMAN. Meets Fed. Specs. RR-C271a for strength. Proof coil steel, electrogalvanized to fight rust. Welded. Drop-forged grab, slip hooks. 14 ft. long.

$\frac{1}{2}$ -in. 1175 lbs. safeload. Wt. 11 lbs.

9 GT 77221C Ea. \$10.29, 2 for \$18.88

$\frac{3}{4}$ -in. 1750 lbs. safeload. Wt. 16 lbs.

9 GT 77222C Ea. \$12.99, 2 for \$23.88

$\frac{1}{2}$ -in. 2450 lbs. safeload. Wt. 23 lbs.

9 GT 77223C Ea. \$19.99, 2 for \$36.88

CRAFTSMAN® COMMERCIAL

Differential Chain Hoists

For heavy-duty applications... 14 to 1 mechanical advantage to lift $\frac{1}{2}$ ton with 70-lb. pull

\$4699 $\frac{1}{2}$ ton capacity | **\$6699** 1 ton capacity

7 Hoist heavy engines, lift crates, boxes, most any job that calls for strength, dependability. So strong they meet U.S. Military Specifications MIL-H-904d (Ships) Class 2, Type A for overload capacity. Grease fittings in upper, lower bearings. Zinc-plated steel chain. Heat-treated forged steel hooks. Aluminum frame.

$\frac{1}{2}$ -ton capacity: 7-ft. maximum lift. 26-ft. chain.

9 GT 7886C—Shipping weight 29 pounds \$46.99

1-ton capacity: 8-ft. maximum lift, 30-ft. chain.

9 GT 7887L—Shipping weight 47 pounds \$66.99

$\frac{3}{4}$ -ton capacity Gear Hoist

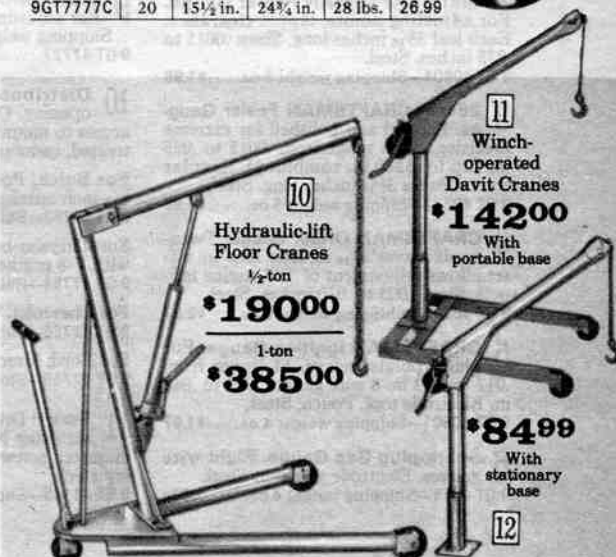

8 High leverage, worm-driven gears multiply your cranking power 40 times to let you lift up to 1500 lbs. So efficient, it can lift over 150 times its own weight. To lock loads at in-between heights, simply release handle. Top hook swivels 360° for easy handling. Strong forged-steel hooks with $\frac{3}{16}$ -in. aircraft-type cable. Aluminum housing. Pre-lubricated. 10-ft. maximum lift.

9 GT 7883—Shipping weight 8 lbs. 2 oz. \$31.50

5 to 20-ton capacity Screw Jacks

9 Extra-rugged screw jacks of commercial quality. Corrugated top to prevent slippage; with drop-forged screw. Strong semi-steel bottom designed to rest evenly without slipping. No turning bar included. Screw sizes: 5-ton, 1x6-inch; 10-ton, 1 $\frac{1}{4}$ x8-inch; 12-ton, 1 $\frac{1}{2}$ x10-inch; 20-ton, 2x12-inch.

1 CRAFTSMAN Go-no-go Gauge. Fifteen blades, each with two thicknesses. Sizes range from .006-.008 through .020-.022 inch. For valve and tappet clearance and general use. Steel.
9 GT 40803—Shipping weight 5 oz.\$1.98

2 15-leaf Feeler Gauge. Each leaf $3\frac{3}{16}$ in. long. Sizes range from .003 to .018 in. thick (up to .151 combined). Steel.
9 GT 4058—Shipping weight 4 oz.88c

9-leaf Feeler Gauge. Each leaf 3 inches long. Sizes: .002 to .025 inches. Steel.
9 GT 4052—Shipping weight 4 oz.68c

25-leaf CRAFTSMAN Feeler Gauge. For adjusting points, tappet clearance. Each leaf $3\frac{3}{16}$ inches long. Sizes: .0015 to .035 inches. Steel.
9 GT 40804—Shipping weight 6 oz.\$1.98

3 26-leaf CRAFTSMAN Feeler Gauges. Lapped and polished for extreme precision. Sizes range from .0015 to .025 in. (up to .3280 in. combined). Regular ends. Leaves $3\frac{3}{16}$ inches long. Steel.
9 GT 4057—Shipping weight 5 oz.\$4.99

4 CRAFTSMAN Offset Gauge. Twenty-six leaves $3\frac{3}{16}$ in. long. One-in. offset allows adjustment of "V" engine tappets. Sizes: .005 to .030 inches. Steel.
9 GT 40802—Shipping weight 8 oz.\$2.97

5 CRAFTSMAN Ignition Gauge. For plugs, points, relays. 14 leaves from .012 to .032 in. 8 wire gauges. .022 to .040 in. Electrode tool. Pouch. Steel.
9 GT 40801—Shipping weight 4 oz.\$1.97

6 Spark-plug Gap Gauge. Eight wire gauges. Electrode adjuster. Steel.
9 GT 4075—Shipping weight 4 oz.53c

7 Spark-plug Wrench. Oval holes for turning with punch. Fits $1\frac{1}{16}$ in. hex size or 14mm plugs. $3\frac{1}{2}$ inches long.
9 GT 45931—Shipping weight 5 oz.19c

Spark-plug Wrench. As above, except it measures 8 inches long.
9 GT 45935—Shipping weight 8 oz.39c

8 CRAFTSMAN Delco Distributor Adjuster. Flexible shaft. Shipping weight 5 ounces.
9 GT 47723.....\$2.97

9 CRAFTSMAN Carburetor Adjuster. For adjusting idling. Flexible shaft. Shipping weight 5 ounces.
9 GT 47727.....\$1.97

10 Distributor Wrenches. 12-point opening. Offset design permits easy access to mounting bolt. Steel alloy heat-treated, cadmium-plated. From Japan.

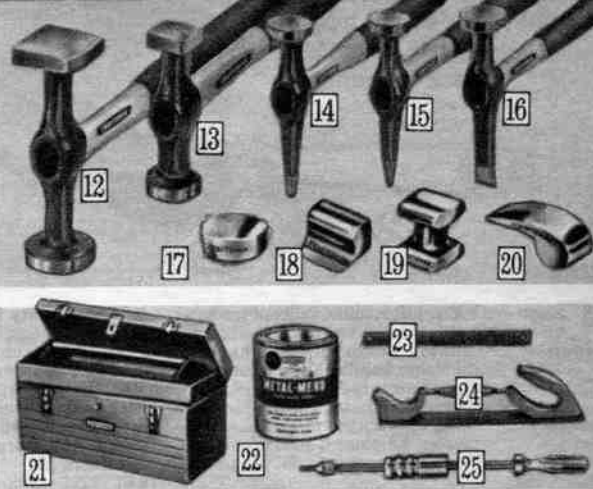

For Buick, Pontiac, Oldsmobile. With $\frac{1}{16}$ -inch opening.
9 GT 47753—Shipping weight 12 oz.\$2.99

For Chrysler-built cars and IHC trucks with V-8 engines. $\frac{1}{2}$ -inch opening.
9 GT 47754—Shipping weight 15 oz.\$2.99

For Chevrolet. $\frac{1}{16}$ -inch opening.
9 GT 47755—Shipping weight 11 oz.\$2.99

For Ford, Mercury. $\frac{1}{2}$ -inch opening.
9 GT 47756—Shipping weight 12 oz.\$2.99

11 Torx™ Drive Key Set. 9 key set for servicing Number 6 through $\frac{1}{2}$ -inch diameter screws with Torx recesses. Alloy steel.
9 GT 41145—Shpg. wt. 10 oz.Set \$1.99

CRAFTSMAN® Body and Fender Shop

10-pc. Set. Incl. (12) thru (21). Separately \$68.59. Save \$8.72.
9GT45882C—Wt. 29 lbs. Set \$59.87

(12 thru 16) Drop-forged heads. Rugged fiberglass handles, 12 inches long.

12 Bumping Hammer. For panel work. $1\frac{1}{2}$ -in. square, $1\frac{3}{8}$ -in. rd. faces. 5-in. head.
9 GT 45511—Wt. 1 lb. 9 oz.\$5.88

13 Light Bumping Hammer. With $\frac{7}{8}$ -in. square and $1\frac{1}{2}$ -in. round faces. $3\frac{1}{2}$ in. head.
9 GT 45501—Wt. 15 oz.\$5.88

14 Blunt Pick Hammer. For rusted metal. $1\frac{1}{2}$ -in. round face, 3-in. pick. $5\frac{1}{2}$ -in. head.
9 GT 45531—Wt. 1 lb. 2 oz.\$5.88

15 Pointed Pick Hammer. $1\frac{1}{2}$ -in. round face, $2\frac{3}{4}$ -in. long pick. $5\frac{1}{2}$ -in. head.
9 GT 45561—Wt. 1 lb. 2 oz.\$5.88

16 Cross-pein Hammer. Brings out narrow bead surfaces. $1\frac{1}{2}$ -in. round face, $3\frac{3}{4}$ -in. cross pein. 5-in. head.
9 GT 45521—Wt. 1 lb. 3 oz.\$5.88

17 Heel Dolly. Fine for shrinking work. Steel.
9GT45621—Wt. 2 lbs. 11 oz.\$6.88

18 Universal Dolly. For door panels, turret tops and crowned surfaces. Two beading surfaces. Drop-forged steel.
9 GT 45611—Wt. 3 lbs. 6 oz.\$6.88

19 All-purpose Dolly. For bumping and roughing out. 8 molding, beading surfaces. Bottom for panel and fender-skin work. Drop-forged steel.
9 GT 45651—Wt. 3 lbs. 2 oz.\$6.88

20 Combination Dolly and Spoon. For working on roof rails, behind door and body posts. Drop-forged steel.
9 GT 45631—Wt. 3 lbs. 9 oz.\$6.88

21 Tool Box. Rugged 22-ga. steel, baked enamel finish. Reinforced corner bracing. Piano-type hinge. Strong polyethylene handle. Tote tray. Chrome-plated hasp, padlock eye. $20\frac{1}{2} \times 8\frac{1}{2} \times 9\frac{1}{2}$ in. high.
9 GT 6512C—Wt. 12 lbs.\$11.67

22 Metal Mend. Plastic compound for use as body filler. Dries hard. No heat required. Shpg. wt. 2 lbs. 7 oz.
9 GT 4574232-oz. can \$1.97

23 Kromedge® 14-inch Car Body File. Curved teeth cut fast into metal and fillers.
9 GT 3114—Wt. 14 oz.\$5.79

24 Adjustable File Holder. Heavy cast alum. frame. For concave, convex, straight filing. With 9 GT 3114 file.
9GT31134—Wt. 2 lbs. 4 oz.\$11.79

25 Dent Puller. Just screw into surface, pull out dent, fill hole. Plastic handle grip. Contour slide handle grip. 17-in.
9 GT 4570—Shpg. wt. 3 lbs.\$6.87

Tire, Battery, Hose Tools

26 CRAFTSMAN Cross-rim Wrench. $16\frac{1}{8}$ -inch arms. Steel. Chrome-plated finish. $\frac{3}{4}$, $1\frac{1}{16}$, $\frac{7}{8}$ in., 19mm.
9 GT 44888—Shpg. wt. 3 lbs. 2 oz.\$4.37

Wrench with $22\frac{1}{2}$ -inch arms. As above. Openings of $\frac{3}{4}$, $1\frac{1}{16}$, $\frac{7}{8}$, $1\frac{1}{8}$ in.
9 GT 44889—Shpg. wt. 4 lbs. 10 oz.\$5.44

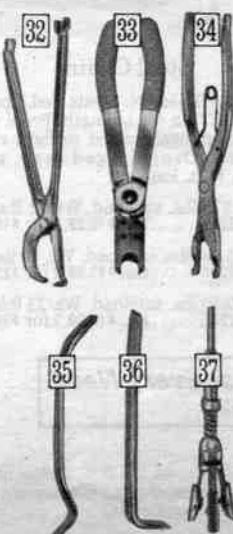

27 Valve Fishing Tool. Core remover in one end, tube deflator on other.
9 GT 4738—Shipping weight 3 oz.47c

28 Valve Tool. Removes core. Re-threads stem.
9 GT 4705—Shipping weight 3 oz.35c

29 CRAFTSMAN Terminal Clamp/Battery Post Cleaner. Stainless steel spring cutters resist corrosion.
9 GT 47633—Shipping weight 7 oz.\$2.69

30 CRAFTSMAN Terminal Clamp Lifter. Shipping weight 15 oz.
9 GT 47147.....\$4.67

31 Hose Clamp Pliers.
9 GT 45392—Shipping wt. 11 oz.\$1.97

CRAFTSMAN® Brake Shop

32 Brake Spring Pliers. One jaw holds lined shoe, other draws spring. Alloy-steel. $13\frac{1}{2}$ in. long.
9 GT 47395—Shipping weight 1 lb. 3 oz.\$4.37

33 Spring Washer Pliers. Plier action holds washer in nylon cups without slipping. Steel.
9 GT 47721—Shipping weight 8 ounces\$2.97

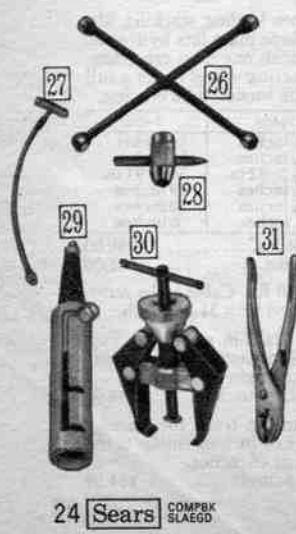

34 Lock-ring Pliers. Forged steel. Opens to $1\frac{1}{4}$ inches. $8\frac{1}{2}$ inches long overall.
9 GT 4735—Shipping weight 10 ounces\$2.97

35 Brake Adjusting Tool. Drop-forged alloy steel, chrome-plated. With $\frac{1}{2}$ inch blade. $\frac{3}{8}$ inch wide, $9\frac{1}{4}$ inches long overall.
9 GT 4740—Shipping weight 8 ounces\$1.37

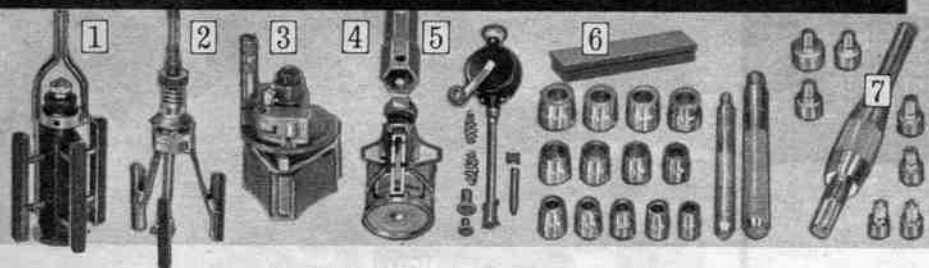

36 Chevrolet Brake Adjusting Tool. For Bendix brakes. Steel.
9 GT 4736—Shipping weight 6 ounces\$1.07

37 Brake Cylinder Hone. Three pads polish the cylinder without cutting. Range of $\frac{3}{4}$ to $1\frac{1}{4}$ in. Controlled pressure. Flexible shaft. For $\frac{1}{4}$ inch drill.
9 GT 4656—Shipping weight 6 ounces\$7.87

Replacement Stones for (37). 3 stones in package.
9 GT 4657—Shipping weight 3 ouncesPkg. \$2.28

and labor time for professionals

CRAFTSMAN® Engine and Ignition Shop . . work on cylinders, pumps, gears, clutches, valves

1 Cylinder Hone. Size cylinders to precise tolerances. Range 2 1/16 to 4 1/2 inches. Two 5-inch stones cut fast and accurately. Sealed micrometer head gives accuracy in feeding. Two felt wipers pick up grit. Universal joint action. Shank and extension fit 1/2-inch drill, drill press.
9 GT 4682—Shipping weight 11 pounds.....\$74.88

2 Glaze Breaker. Controlled pressure provides positive contact through full range of 2 to 7 inches. Just compress with hand to insert and remove from cylinder. Operates with 1/4 to 3/8-inch electric drill. With three stones.
9 GT 4633—Shipping weight 1 lb. 14 oz.\$14.97
Replacement stones. Package of three.
9 GT 46331—Shipping weight 5 ouncesPkg. 4.97

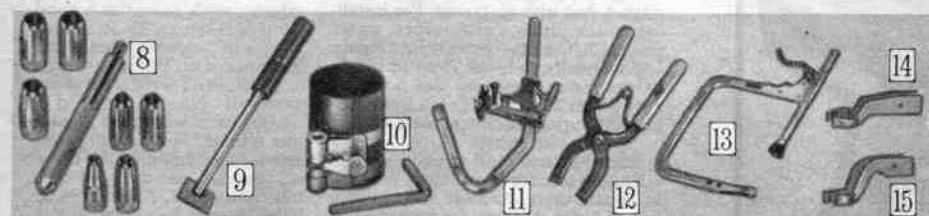

3 Lathe-type Ridge Reamer. Micro-adjust diameter screws. Carbide-tipped cutter. For all cylinders from 3 to 4 1/2-inch diameter including short stroke motors with piston in place.
9 GT 4713—Shipping weight 1 lb. 14 oz.\$16.67

4 Ridge Reamer. Wide range from 2 3/8 to 4 1/4 inches. Carbide cutter. Dual action wrench.
9 GT 4723—Shipping weight 2 lbs. 9 oz.\$9.97

5 Valve Grinder. Reciprocating and progressive action. Ball bearing on spindle. Includes long and short stems, 2 suction cups, 2 adapters. For automobile and small engine valves.
9 GT 47042—Shipping weight 1 lb. 12 oz.\$4.17

6 15-piece Bushing Driver Set. With 13 collars, (9/16 to 1 1/2-in. inside diameter, 3/8 to 1 1/4-in. outside diameter), 2 driving handles, plastic box.
9 GT 4707—Shipping weight 4 lbs. 6 oz.Set \$15.87

7 Clutch Aligning Tool Set. Gives 8 diameters: .590, .612, .624, .668, .749, .786, .808, .984-inch. Measures nine inches long.
9 GT 4728—Shipping weight 2 lbs. 7 oz.Set \$9.97

8 8-piece Gasket Punch Set. Cuts holes in gaskets and rubber hose. Not for metal. Includes sizes: 1/4, 5/16, 3/8, 7/16, 1/2, 5/8 and 3/4-inch.
9 GT 3635—Wt. 1 lb. 8 oz.Set \$11.99

9 Gasket Scraper. Heavy-duty steel blade removes carbon, old gasket material, adhesives, sludge from blocks, heads and manifolds. Blade can be slanted for shaving action. Three blades: 1, 1 1/2 and 2 inches wide.
9 GT 4725—Shpg. wt. 9 oz.\$2.97

10 Ratchet-type Ring Compressor. Compresses passenger car or light truck piston rings. Range of 2 1/2 to 5 in. Two tension bands compress ring uniformly. 3 1/2 in. deep—takes up to 4 rings at a time. With key wrench.
9 GT 4716—Shpg. wt. 14 oz.\$2.68

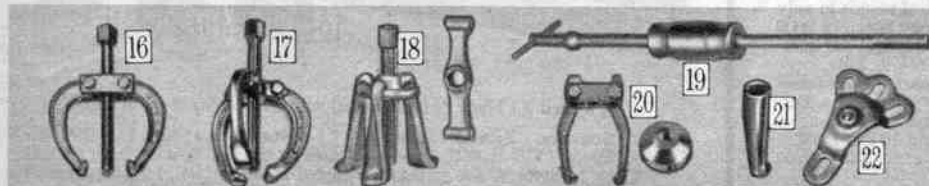

11 Piston Groove Cutter and Cleaner. One hardened steel cutter wheel holds five different sized points for grooving, one for trimming or cleaning. Depth of cut is adjusted by turning knurled screw. Can be lowered to full cut or raised to a fine, cleaning cut. Fits over pistons up to 5-inch diameter.
9 GT 4722—Wt. 1 lb. 2 oz.\$6.47

12 Piston Ring Expander. Lets you install or remove piston rings without damage. Wedge jaw design permits use with all piston rings from 3/4 to 1 1/4 in. Just insert ring ends in jaws, expand gently, then slip over piston into groove.
9 GT 4662—Wt. 7 oz.\$2.47

13 Valve Spring Compressor. Vertical lift type. Pull out ratchet crank. Automatic lock holds spring in any position. Steel 9x11-inch frame has 10 1/2-inch opening. Designed to clear exhaust manifolds of practically all types of cars including those with overhead valves. Equipped with No. 1 spring steel jaws that fit 90% of all spring sizes.
9 GT 4695—Wt. 6 lbs. 2 oz.\$7.87

14 No. 2 Jaws. For GMC, Cont. engines. Fit (13).
9 GT 4697—Wt. 6 oz.Pair 98c

15 No. 5 Jaws. For Plymouth, Dodge, Chrysler. Fit (13).
9 GT 4699—Wt. 6 oz.Pair \$1.47

CRAFTSMAN® Pullers for gears, hubs, bearings, axles

16 Two-jaw Puller. Pull gears, pinions, bearings, and wheels. Fine-pitch screw thread exerts tremendous pulling power. Drop-forged alloy steel jaws.
Catalog No. Jaw spread Reach Shpg. wt. Price
9 GT 46941 0 to 3 in. 2 1/4 in. 12 oz. \$6.67
9 GT 46901 0 to 5 1/2 in. 3 1/4 in. 1 lb. 12 oz. 8.97
9 GT 46911 0 to 8 in. 5 1/2 in. 3 lbs. 2 oz. 14.47
9 GT 4692 0 to 10 in. 8 1/2 in. 8 lbs. 12 oz. 21.87

17 Three-jaw Puller. Same as above but with one more jaw for more balanced pulling. Spreads 0 to 5 1/2 inches. Reaches 3 3/4 inches.
9 GT 46902—Shipping wt. 2 lbs. 2 oz.\$14.87

18 Hub Puller and Striking Wrench Set. Pulls hubs on cars, light trucks. Three adjustable arms fit hubs regardless of wheel studs used. For bolt circles up to 7 1/2-inch diameter. Just slide wrench on puller, strike with hammer. Forged steel.
9 GT 46642—Shipping wt. 10 lbs. 8 oz.Set \$25.99

19 Slide Hammer. Use with accessories below. Heat treated alloy steel. 24 inches long.
9 GT 4696—Shipping wt. 5 lbs. 8 oz.\$6.77

20 Two-jaw Reversible Puller. Fits (19). Pulls bearings, retainers. Jaws pull inside or outside. Capacity 1 1/2 to 4 1/2 in. outside, 1 1/4 to 3 3/4 in. inside.
9 GT 46961—Shipping wt. 1 lb. 10 oz.\$8.67

Conversion Kit. Converts item (20) to 3-jaw puller. Capacity outside 1 1/2 to 4 1/2 in., inside 1 3/4 to 4 1/4 in.
9 GT 46962—Shipping weight 12 oz.Kit \$4.97

21 Seal Hook. Fits item (19). Pulls seals, bearings.
9 GT 46964—Shipping weight 6 oz.\$2.77

22 Axle Puller. Fits item (19). For flange-type rear axles with up to 5/8-inch diameter studs and 4, 5 or 6 bolt circle up to 5 1/2-inch diameter.
9 GT 46963—Shipping weight 1 lb. 14 oz.\$8.97

Tighten or loosen fasteners with up to 200 ft.-lbs. of force . . CRAFTSMAN® Hand-Impact Driver

Just strike driver with hammer . . no electric or air power needed. Each impact turns bit up to 20°. Completely reversible—loosen frozen nuts, screws, bolts as well as tighten them.

Includes 1/2-inch square drive tool, adapter with Nos. 2 and 4 Phillips bits and two straight-slotted bits (1/2 and 3/8-inch). Use with any 1/2-inch square drive regular or deep impact socket. Convenient plastic storage pouch is included. Order replacement bits below.

9 GT 47634—Shpg. wt. 2 lbs. 1 oz.Set \$12.87

No. 2 Phillips Replacement Bit

25 CRAFTSMAN Pump Oiler. Nickel plated. One-piece dome, seamless bottom. Forced-fed . . operates at any angle. 7-in. spout. Capacity 3/4 pint.
9 GT 5582—Shipping weight 14 oz.\$2.47

26 Household Oiler. Small size for household or office. Use on machines and appliances. One-oz. capacity. 4 1/2-in. spout with bent tip.
9 GT 5575—Shipping weight 3 oz.39c

27 Utility Oiler. Fine for use around the farm, garage, house. Spring bottom. 10-ounce capacity. Four-inch straight spout.
9 GT 5578—Shipping weight 6 oz.65c

28 Machine Oil. Non-corrosive. Light-duty for general home use. One-quart can.
9 GT 55941—Shipping weight 2 lbs. 7 oz.\$1.36

CRAFTSMAN® COMMERCIAL Air Impact Wrenches

Spin those stubborn nuts and bolts on or off up to 10 times faster than with a hand wrench

Extra heavy-duty Wrench delivers up to 185-ft. lbs. of torque
Kit **\$197⁰⁰**

Heavy-duty Wrench delivers up to 175-ft. lbs. of torque
Kit **\$146⁰⁰**

(1 and 2) Impact tools can save you enough time to pay for themselves. Trigger with adjustable stop gives you correct torque for each job. 100% ball bearings. 1/2-in. sq.-drive. Average air consumption 4 cfm at 90 psi. Air inlet: 1/4-in. pipe thread. Air hose of 3/8-in. diam. recommended. Cast-aluminum housing. *Guaranteed 1 year. . . see below.*

1 Extra heavy-duty Kit. Delivers 10 to 185-ft. lbs. of torque in 5 seconds. No-load speed of 7800 rpm, 1380 impacts per minute. Reversible. 6 1/4-in. long. Rubber nose and heel bumpers. Includes 8 impact sockets (7/16 thru 1 1/8-in.), angle head attachment and Permanex® polyethylene case. Shpg. wt. 13 lbs. 14 oz.
9 GT 18839.....Kit \$197.00

Extra heavy-duty wrench only. As above, without accessories. Shipping weight 6 lbs. 12 oz.
9 GT 18835.....\$154.00

Extra heavy-duty wrench with extended shank. As (1) but with extended shank that reaches fasteners in cramped places (accessories not incl.). Wt. 7 lbs. 5 oz.
9 GT 18892.....\$159.00

2 Heavy-duty Kit. Delivers 10 to 175-ft. lbs. of torque in only 5 seconds. No-load speed of 9000 rpm with 1300 impacts per minute. Reversible. 6 1/4-in. long. Includes 8 impact sockets (sizes 7/16 thru 1 1/8-in.) packed in a Permanex® polyethylene case. Shipping weight 10 lbs. 15 oz.
9 GT 18889.....Kit \$146.00

Heavy-duty wrench only. As above, without accessories. Shipping weight 6 lbs. 2 oz.
9 GT 18882.....\$139.00

Permanex® Polyethylene Case. Fits all our air impact tools.
9 GT 1487—Wt. 1 lb. 11 oz. . . \$4.99

NOTE: Be sure to wear safety goggles when operating any impact tool on this page. . . see page 116

Air-impact Ratchet Kit
Use with air power or use manually for turning
Kit **\$118⁰⁰**

Compact Air Wrench Kit
Use it with one hand
Kit **\$158⁰⁰**

3 CRAFTSMAN®. A fine labor-saving tool designed like a regular hand ratchet, but with air power. For installing spark plugs, carburetors, water pumps, A/C units—general auto repair. Use manually to break loose or put final torque on fasteners. Use power to spin them on and off. No knuckle-bruising, tiring, back-and-forth motion. . . just squeeze button.

Eight-pound stall guards against stripping or over-tightening. With 3/8-in. square drive. Average air consumption of 4 cfm at 90 psi. Air hose of 1/4-in. diameter recommended. With 1/4-in. air inlet. Length: 9 1/2-in.

Kit includes: ratchet, 6-ft. leader hose, 5 sockets (sizes 7/16 thru 1 1/8-in.), screwdriver bit, Permanex® polyethylene case that provides durable storage protection. *Guaranteed for one year. . . see bottom of page and Note below left.*

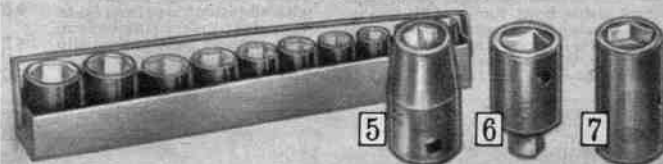

Shipping weight 4 pounds 12 ounces.
9 GT 18871.....Kit \$118.00

4 CRAFTSMAN®. Great for one-hand work in tight places, such as under a hood. Delivers up to 55-ft. lbs. of torque in 5 seconds. Cast-aluminum housing. Variable-torque control. Push-button reversing control. No-load speed of 14,000 rpm, with 2100 impacts per minute. 3/8-in. sq.-dr. Average air consumption of 3 cfm at 90 psi. Air hose diam. of 3/8-in. recommended. Air inlet 1/4-in. pipe thread, 7-in. long. Kit includes: wrench, 7-impact sockets (7/16 thru 1 1/8-in.) and rugged Permanex® polyethylene carrying case. *See guarantee and Note below left.*

Shipping weight 5 lbs. 12 oz.
9 GT 18816.....Kit \$158.00

Wrench only. Wt. 2 lbs. 13 oz.
9 GT 1881.....\$144.00

Accessories for 1/2 or 3/8-in. sq.-drive Impact Tools

(5 thru 7) Made of forged steel with durable black-oxide finish.

5 Sockets. Exceed Federal Specs. GGG-W-660, Type 1, Class 1, Style A for strength. With 6-point openings, square drive.

11-piece Socket Set. Includes one each of the ten 1/2-inch drive sockets listed in table at left. All in convenient metal tote tray. Six-point openings. Shipping weight 3 lbs. 12 oz.
9 GT 44019.....Set \$14.89

6 CRAFTSMAN Impact Adapter. Converts 1/2-in. sq.-dr. to 3/8-in. sq.-dr. Lets you use 3/8-in. drive sockets on a 1/2-in. drive tool. Shipping weight 5 ounces.
9 GT 44124.....\$1.39

7 Double-end Reversible Socket. Two sizes in one: 6-point, 3/4-inch opening at one end; 8-point, 1 1/8-inch at the other. For any 1/2-in. square drive impact tool with extended shank (as 9 GT 18882, 9 GT 18835, 9 GT 1882, 9 GT 1886), use 6-in. extension on facing page.
9 GT 4410—Shpg. wt. 9 oz. \$2.39

GUARANTEE: During the first year, we will repair your CRAFTSMAN Pneumatic Tool, free of charge, if defective in material or workmanship. This guarantee service is available by simply returning the tool to any Sears store throughout the United States.

CRAFTSMAN® Electric Impact Wrenches

Trigger-control adjustable torque lets you choose the right torque for any job

Heavy-duty Wrench

- Variable torque . . . up to 125-ft. lbs. in 5 seconds
- Reversible . . . drive or remove fasteners
- Double insulated . . . plugs into standard 2-prong outlet

1 Impact Tool alone. No bulky hoses or heavy compressor needed; just plug in at the nearest 2-prong outlet. With accessories (below and on facing page), you can drill in wood, metal or masonry. Motor develops maximum 1/2-HP, no-load speed of up to 1750 rpm with two impacts per revolution. Torque increases or decreases according to finger pressure on trigger control. Slide switch in handle reverses rotation. Removable top handle gives you two-hand control. Rubber boot helps keep front from scuffing surfaces.

Strong aluminum housing with tough polymer handle and end cover. Permanently lubricated ball and roller bearings. Motor brushes are easily accessible. 6-ft., 2-wire neoprene cord. 110-120-v., 480-w., 60-Hz. AC. UL listed. Meets standards of the Power Tool Institute . . . see page 134.

Guaranteed 1 year . . . page 122. See note below.
9 GT 1882—Shipping weight 8 pounds 15 ounces . . . \$89.50

Impact Tool above with Chuck and Case.

9 GT 1882C3—Shipping weight 15 pounds . . . Kit \$99.50

Chuck alone. Grips 1/8 to 1/2-in. diameter bits. Use with wood bits, twist and masonry drills, and taps. 1/2-inch drive. 9 GT 2253—Shipping weight 1 pound 7 ounces . . . \$10.99

Permanex® Case for impact tools. 16x13 1/2x5 in. high.

9 GT 1456—Shipping weight 3 pounds 14 ounces . . . \$7.99

Single-speed Impact Tool. Like 9 GT 1882 above, without variable-speed. Develops maximum 1/4-HP (480-w.).

9 GT 1886—Shipping weight 9 pounds . . . \$79.50

SAFETY NOTE: Be sure to wear goggles when operating impact tools on this page . . . see goggles page 116

Light-duty Wrench

2 Designed specifically for tight places where smaller 3/8-in. sockets are needed. Motor develops maximum 1/4-HP at 1700 rpm . . . delivers up to 40-ft. lbs. of torque in 5 seconds. Double insulated . . . never needs grounding. Torque increases or decreases according to finger pressure on trigger. Sleeve bearings for long life. High-impact polymer motor housing. Complete with auxiliary handle and 6-ft., 2-wire cord. 110-120-v., 384-w., 60-Hz., AC. UL listed.

Guaranteed one year . . . page 122. See note above.

Heavy-duty Ladders with non-conductive fiber glass rails

- ✓ **INSULATED RAILS**...a must for electrical work. Meets ANSI*, OSHA** requirements
- ✓ **STRONG**...aluminum rungs and fittings give extra rigidity to points of stress
- ✓ **LIGHTWEIGHT**...weighs less than comparable-sized wood ladders for handling ease
- ✓ **DURABLE**...resistant to impact, rot and corrosion

Stepladders **\$39⁹⁹** 4-ft. size

1 Recommended for workloads of 250 pounds, and just look at these extra-strength features. Six rivets secure each aluminum step. Heavy gusset bracing minimizes twist and increases life. Reinforced back leg increases strength and wear-resistance where leg hinges. Pinch-proof spreader braces of heavy-duty plated steel. Skid-resistant rubber feet.

Size	Bottom Width	Spread inches	Catalog Number	Shpg. wt. lbs.	Price
4-foot	19 ⁷ / ₈ in.	30	30 GT 41124N	16 lbs.	\$39.99

8-foot	25 ⁷ / ₈ in.	54	30 GT 41128N	34 lbs.	78.99

1

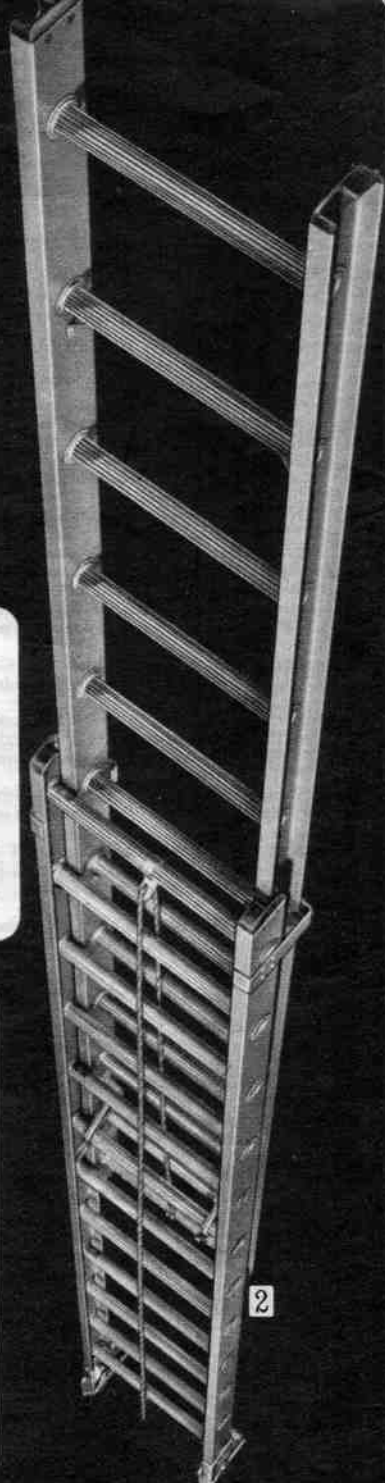

Extension Ladders **\$126⁹⁹** 24-ft. length

2 Recommended for loads up to 250 pounds. Heat-treated aluminum discs between aluminum rung and fiberglass side rail add rigidity. Zinc-plated steel rung braces lend extra strength to stress points and help minimize side sway. Stainless steel wear sleeves on rungs of base section reduce friction as fly section travels up and down. Dependable spring-loaded rung locks of cast aluminum. Big 1¹/₄-inch galvanized steel pulley with polypropylene rope. Ladder shoes with slip-resistant rubber tread.

See ordering information on facing page
 *ANSI (American National Standards Institute)
 **OSHA (Occupational Safety and Health Act)

2

New at Sears..4-step Rolling Warehouse Ladder

- Rolls to the job on spring-loaded casters. As you step on, casters retract and slip-resistant feet hold ladder in place
- Maximum stability...tapered and flared legs create a load-centered pyramid shape
- Meets OSHA (Occupational Safety and Health Act) requirements

\$86⁹⁹

Recommended for loads up to 250 pounds. Rugged steel steps and side assemblies are welded for maximum strength. Completely formed and patterned sheet steel steps are much more durable and give longer wear than ordinary expanded metal steps; sagging and front edge wear are greatly reduced. Tubular steel side rails extend 30 in. above top step. Top step is 38 inches above floor. Steps are 16 in. wide. Base is 20 inches wide. Sent partially assembled.
 30 GT 42494N—Shipping weight 48 pounds\$86.99

CRAFTSMAN Heavy-duty Aluminum Extension Ladders

Backed by our famous
Unconditional Guarantee*

Ladder Stabilizer

1 Stabilizer plus tool tray. Steadies any extension or convertible (3-way) ladder. Arms spread 50 in. to bridge across windows, hold ladder 12 in. from wall and help protect gutters when ladder is up against roof. Rust-resistant aluminum frame. Rubber pads grip wall. Attaches to ladder quickly, without tools. With removable steel tool tray (6½x17½x3½ in. deep) and handy pail hook.

30 GT 43232C—Shipping weight 11 pounds \$21.99
30 GT 43242C—Stabilizer without tray. Shpg. wt. 6 lbs. 12.99

Ladder with 1½-in. flat rungs

- Measures a full 18½ inches wide
- Two large top rollers

Low as **\$64.99** 16-ft. length

2 Actually tested to hold 1000 lbs! . . . recommended for loads up to 250 lbs. Top and bottom sections are 18½ in. wide. Internal "I" beam supports each 1½-in. flat rung; collar-forged to 3x1-in. side rails under pressure. Rungs start 6 in. closer to ends than most ladders for greater strength. Extra-large, 2¾-in. diam. grooved top rollers minimize side-slip. Heavy-duty automatic locks have nylon bushings. No-rot polypropylene rope, pulley, 5-in. rubber-treaded feet, with ice cleats. Tops of front side rails are capped to guard against cuts.

HOW TO ORDER THE RIGHT SIZE EXTENSION LADDER FOR YOUR NEEDS

Each ladder includes three extra feet at the top for climbing on to roof, plus extra allowance for slant because base of ladder is out from wall, plus overlap between ladder sections.

Maximum Height† to be reached	Order ladder of this Total Length (2 sections)
To 9 feet	16 foot
10 to 13 feet	20 foot
14 to 17 feet	24 foot
18 to 21 feet	28 foot
21 to 25 feet	32 foot
26 to 28 feet	36 foot
29 to 32 feet	40 foot

†Please measure carefully before ordering

WIDE TREADS

- 3-inch steps make this ladder extra-comfortable to work on
- Plus, it's our widest ladder. . . a full 19 inches for maximum stability
- And it has double top-rollers on each side that grip walls securely

Low as **\$79.99** 16-foot length

3 Tested to hold 1000 pounds! Recommended for loads up to 250 pounds. Top and bottom sections are 19 inches wide. Extra-wide, 3-inch stepladder-size steps securely riveted into extra-husky 3½x1½-inch side rails. Braced for extra strength. Four large top rollers help minimize side-slip for increased stability. Oversize automatic locks operate smoothly. Non-rotting polypropylene rope, pulley. Sturdy 6-inch metal feet with spike holes.

Total Length (2 sections)	Maximum Extended Length	Catalog Number	Shpg. wt. lbs.	Price

Here and on the next 2 pages

HEAVY-DUTY SPRAYER-COMPRESSORS

Whether you own a home, farm, garage or small factory, you'll find a model powered to handle your particular needs.

They'll do all this and more:

Power-spray paint... even operate two guns at once

Power-spray insecticides, weed killers and fertilizers

Operate most air tools, inflate tires

Air clean machinery, work areas

Operate sandblaster—pg. 35

Check these safety features that are standard with all these sprayer compressors (except Model 9GT15459)

MEET ASME CODE. Air tanks and safety valve tested to meet the American Society of Mechanical Engineers' code. Automatic safety valves (on all models except 9GT15459) prevent excess pressure build-up.

BELT GUARD. encloses belt and pulley mechanism for on-the-job safety... helps protect your hands and clothing.

Portable Electric Sprayer-Compressors

1-HP CRAFTSMAN® Model

- Guaranteed* against defects for one full year
- 12-gallon capacity air storage tank meets ASME code
- Delivers 6.4 SCFM† at 40 PSI††. . . 100 PSI maximum

\$299⁹⁹

Exclusive Control Cluster Console

An easy-to-reach, easy-to-read grouping of these important gauges and switches:

- Air hose fitting
- Tank pressure gauge
- Regulated air pressure gauge
- Manual head pressure release switch
- Safety valve meets ASME code
- Air pressure regulator

Delivers 5.2 SCFM at 100 PSI maximum. Fluid, fan controls on bleeder, non-bleeder spray gun. Pressure or siphon feed; internal or external mix. One quart cup, or use with paint tank (sold on page 34). Comes complete with 15 ft. of 3/16-in. rubber/nylon air hose; 10-in. tires; air chuck; wrench; 6-ft., 3-wire cord; book of spraying tips. 60-cycle AC, 1800 watts at maximum pressure.
30 GT 15458N—39x17x29 1/4-in. Shipping weight 163 pounds. \$299.99

One HP Model for Massachusetts customers only. As above, but 7 1/2-gallon air tank. (No console, no Craftsman guarantee.) Converts to 240 volts.
30 GT 15459N—Measures 34x12 1/2 x 27 in. Shpg. wt. 126 lbs. \$269.99

***GUARANTEE—CRAFTSMAN** Sprayer-compressors are unconditionally guaranteed for one year to give complete satisfaction or product will be repaired free. This service is available by returning item to any Sears store or service center.

†SCFM (Standard Cubic Feet per Minute)
††PSI (Pounds per sq. in.)

All Models sold on these two pages give you every one of these fine features..

- Heavy-duty capacitor-start motor with manual reset overload protection against burn-outs
- Powerful two-cylinder compressor for heavy duty use
- All models (except 30GT15459N) meet code of the American Society of Mechanical Engineers (see page 30)
- Fan-type flywheels designed to handle heavy workloads
- Bleeder/non-bleeder spray gun with fluid and fan controls

Powerful 1½, 2 and 3-HP units with large tank sizes that cut compressor work load . . greatly reduce repressuring time

1½-HP Model

- 20-gallon air storage tank
- Delivers 7.3 SCFM* at 40 PSI**
... 150 PSI maximum

\$319⁹⁹

2-HP Model

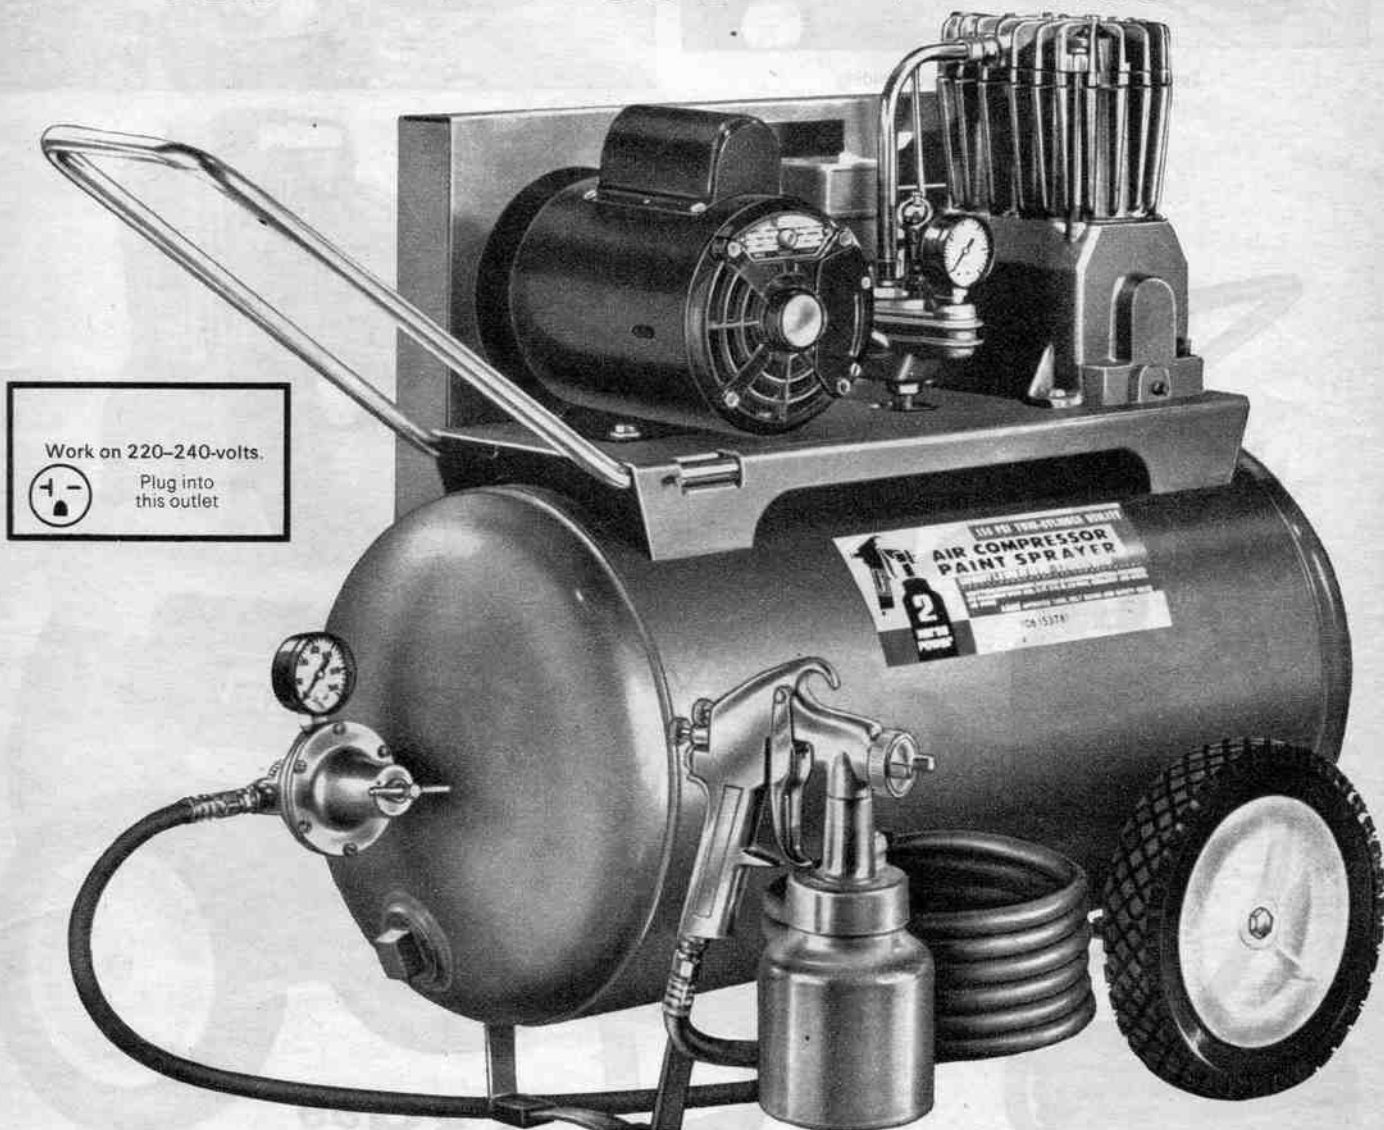

- 20-gallon air storage tank
- Delivers 7.8 SCFM* at 40 PSI**
... 150 PSI maximum

\$364⁹⁹

3-HP Model

- 30-gallon air storage tank
- Delivers 9.3 SCFM* at 40 PSI**
... 125 PSI maximum

\$469⁹⁹

Easily handles all the jobs outlined on page 30 at left, and there's plenty of capacity to handle jobs like operating large nailers, staplers and tackers . . even factory maintenance and production paint spraying. Big storage tank means long life for your compressor. Bleeder and non-bleeder type spray gun works on pressure or siphon feed with internal or external mix. Use with 1-quart cup included to handle small jobs, or hook up with paint tank sold on page 34 to speed up big spraying chores. Vertical fins help cool compressor for operating efficiency. Rugged, smooth-operating ductile-iron crankshaft. Safety valve (meets ASME code), line and tank gauge and pressure regulator with gauge. Also includes wrench, air chuck, 6-foot cord. "How to Power Spray" book. Runs on 220-240-volt 60-cycle AC. (Watts given for each model are those reached at maximum pressure.) Needs 15 amperes electrical supply.

- 1½-HP Model.** 20-gal. air storage tank; 15 ft. of ¼-in. air hose, 1900 watts. 30 GT 15368N—41x19x31 in. high. Shpg. wt. 180 lbs. \$319.99
- 2-HP Model.** 20-gal. air storage tank; 15-ft. of ¼-in. air hose, 2100 watts. 30 GT 15378N—42x19x30 in. high. Shpg. wt. 186 lbs. \$364.99
- 2-HP Model for Massachusetts customers only.** Same as 2-HP model above. Meets the Massachusetts code. 2100 watts. 30 GT 15399N—Shipping weight 186 pounds \$389.99
- 3-HP Model.** 30-gal. air storage tank; 25 ft. of ¼-in. air hose. Heavy-duty wide-track tires. Spray gun for fine, fast finishing. 2800 watts. 30 GT 15388N—50x24x33 in. high. Shpg. wt. 255 lbs. \$469.99

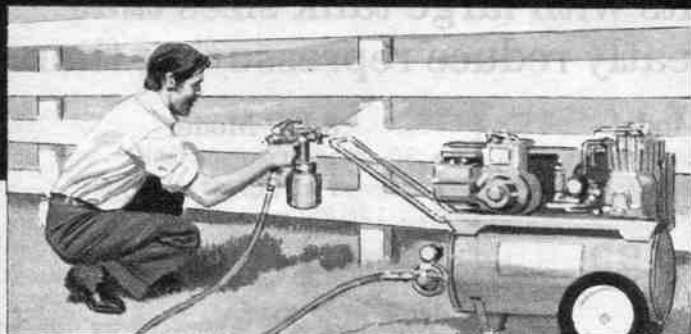

*SCFM (Standard Cubic Feet per Minute) **PSI (Pounds per Square Inch)

Gasoline-powered 3-HP Sprayer-Compressor

See page 30
for our air
power story

Truly portable because you can take it right to the job no matter how remote...there's no need for electric power sources. Runs about 3 hours on one fill-up

- 12-gallon air tank meets ASME* code
- Bleeder/non-bleeder spray gun with fluid, fan control
- Delivers 6.4 SCFM** at 40 PSI†...100 PSI max.

Spray a line of fence or even an out building

Spray liquid insecticides and fertilizers

**Sears Has a Credit Plan
to Suit Most Every Need**

See Big Book or ask for details

Big two-cylinder compressor powered by a dependable 4-cycle Briggs and Stratton® engine delivers plenty of power for heavy-duty use in factories, construction sites or on the farm. And of course it easily performs all the many chores described on page 30. Belt guard encloses belt and pulley. Engine features constant speed unloader for safety. Heavy-duty pressure regulator and gauge. Safety valve meets ASME* code. Spray gun offers pressure or siphon feed with internal or external mix. Use 1-quart cup included or hook up to paint tank (sold on page 34) to handle your really big spraying jobs. Includes 10-inch semi-pneumatic tires for smooth rolling to and from the job site, air chuck, wrench, 15 feet of 5/16-inch air hose and a "How to Power Spray" book. Unit measures 39x17x29 1/4 inches high.

30 GT 15467N—Shipping weight 159 pounds\$339.99

*ASME (American Society of Mechanical Engineers).

**SCFM (standard cubic feet per minute). †PSI (pounds per square inch)

Our Finest portable electric Air Compressors

They're built for strength and safety.. air tanks and automatic safety valves meet ASME* code

Check these great features

- Heavy-duty capacitor-start motor with manual-reset overload protector
- Safety belt guard encloses both belt and pulley
- Two-cylinder power compressor.. vertical fins help keep it cool for efficient operation

2-HP Model

- 20-gallon tank
- Delivers 7.8 SCFM** at 40 PSI†, 150 PSI maximum

\$329⁹⁹

3-HP Model

- 30-gallon tank
- Delivers 9.3 SCFM** at 40 PSI†, 125 PSI maximum

\$429⁹⁹

Powerful 2-cylinder compressor on both models has all the capacity you need to operate most air tools (including large nailers, staplers and tackers) plus enough power to handle really big jobs. Large storage tank means longer life for the compressor. Order spray guns (operates up to two at once), paint tank and regulators to greatly increase this unit's usefulness. Rugged, smooth-operating, ductile-iron crankshaft; safety valve meets ASME* code. Tank gauge and pressure regulator gauge. Long-life needle bearings. Includes air chuck, 6-foot cord and a "how to" power spray book. 60 cycle AC. Needs 15-amp power supply.

2-HP Model. 20-gallon air storage tank. 15 feet of $\frac{5}{16}$ -inch air hose. Unit measures 42x19x30 inches high. 2100 watts at maximum pressure.

GUARANTEE

Craftsman Spray Guns (1 thru 4 below) are unconditionally guaranteed for one year to give complete satisfaction, or the product will be repaired free of charge. Just return it to any Sears store or service center throughout the United States.

Professional quality
for high-speed
production work

- Siphon feed only
- Non-bleeder type

\$9789

1 Needs 9 to 16.5 SCFM* at 40 to 90 PSI**. Our finest spray gun gives you the precise control, smooth finish you might expect in industrial guns costing much more. Particularly suited for automobile enamels, lacquers, primers. Fully adjustable pattern control. Die-cast aluminum body with easy-to-clean epoxy coat. External mix. Can be used with paint tank sold below. For compressors 1-HP and greater. 30 GT 15633—See Guarantee above. Shpg. wt. 3 lbs. 2 oz. \$97.89

Professional quality

- Siphon feed only
- Non-bleeder type

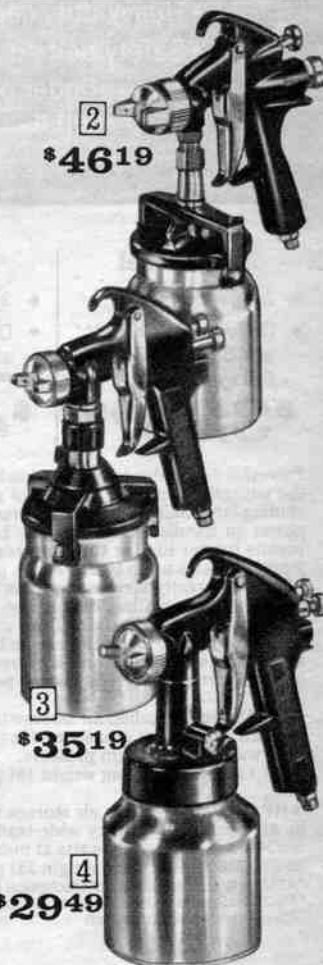

2 Needs 5 to 11 SCFM* at 40 to 85 PSI**. Count on this dependable spray gun for efficient fine finishing. External mix. Stainless steel fluid needle. Sensitive fluid and fan controls provide a wide range of pattern adjustments. Quick-release 2-prong 1-quart cup . . . or use gun with paint tank sold below. Epoxy-coated die-cast aluminum body cleans with ease. For compressors 1-HP and greater. See Guarantee above. 30 GT 15623—Wt. 3 lbs. 2 oz. . . \$46.19

For shop, home, farm

- Siphon or pressure feed
- Bleeder/non-bleeder type

3 Needs 4 to 9 SCFM* at 35 to 50 PSI**. Internal or external mix. Twist the ring collar to convert from pressure to siphon feed. Versatile fluid and fan controls. Fast-change 3-prong 1-quart cup; can be used with paint tank sold below for long-term spraying. Easy-clean black epoxy finish on housing. For compressors powered from 1/4 HP to 3 HP. See Guarantee above. 30 GT 15613—Wt. 3 lbs. 4 oz. . . \$35.19

4 Needs 3 to 6 SCFM* at 35 to 50 PSI**. Internal or external mix. Thumbscrew conversion from pressure to siphon feed. Screw-on 1-quart capacity paint cup. For big spraying projects, order paint tank sold below. Fluid and fan controls adjust pattern. Body features easy-to-clean black epoxy finish. For compressors powered from 1/2 HP to 2 HP. See Guarantee above. 30 GT 15712—Wt. 3 lbs. 1 oz. . . \$29.49

Non-bleeder Spray Gun for shop, home, farm

5 Needs 2 to 5 SCFM* at 25 to 50 PSI**. Internal or external mix. Allen screw converts it from pressure to siphon feed. Fluid and fan controls. One-quart cup screws into place . . . or use gun with large-capacity paint tanks sold at right. For compressors powered from 1/2 HP to 3/4 HP. Shipping weight 2 pounds 5 ounces. 30 GT 15701 . . . \$21.49

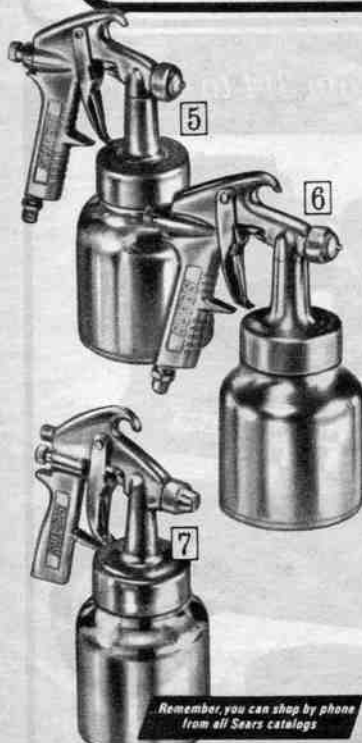

Bleeder Spray Gun for hobbyists

6 Needs 1 to 3 SCFM* at 20 to 50 PSI**. Internal or external mix. Allen screw setting for pressure or siphon feed. Fluid control. Screw-on 1-quart paint cup. Can be used with paint tanks at right. For compressors without air tanks up to 3/4 HP. Shipping weight 2 pounds 4 ounces. 30 GT 15691 . . . \$17.49

Here's a dependable bleeder-type Spray Gun great for hobbyists

7 Needs .5 to 3 SCFM* at 15 to 35 PSI**. Internal mix, pressure feed . . . great for spraying heavy-bodied liquids. One qt. screw-on cup. Do not use with paint tank. For compressors without air tanks up to 3/4 HP. Shpg. wt. 1 lb. 7 oz. 30 GT 15581 . . . \$9.89

*SCFM—Standard Cubic Feet per Minute
**PSI—Pounds per Square Inch

Remember, you can shop by phone from all Sears catalogs

If you spray the same paint for over 30 minutes you need a Paint Tank!

Speed your big paint jobs by replacing sprayer cup with one of these large-capacity units. Saves time lost to messy refilling. Galvanized steel resists rust. Pressure feed. Maximum 60 PSI**. Includes pressure regulator and safety valve. Order Paint hose on facing page. See Note below.

3-gallon size. Fill with up to 3 gallons liquid paint. Or, you can insert a 1-gallon can of paint. 30 GT 16105C—Shipping weight 26 lbs. \$44.99

7 1/2-gallon size. Fill with up to 7 1/2 gallons liquid paint. Or, you can insert a 5-gallon can of paint. 30 GT 16145L—Shipping weight 40 lbs. \$73.99

Portable Air Tank lets you take pressurized air anywhere

Rugged steel tank with big 8-gallon capacity—enough to inflate several tires. Fill at service station or any air source. Working pressure 150 PSI**.

Set includes pressure gauge, shut-off valve and tire chuck and 6 feet of 1/4-inch air hose. Carrying handle and stand. 30 GT 16121C—Wt. 30 lbs. . . \$30.99

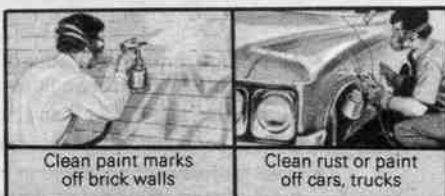

NOTE: Paint Tanks and Air Tank cannot be sold in Arkansas, New Jersey or Oregon in compliance with state laws.

30 GT 16017—3/8-inch\$13.19

Air-powered Caulk Gun

Releases an even bead of caulk, adhesive, sealant with push-button ease

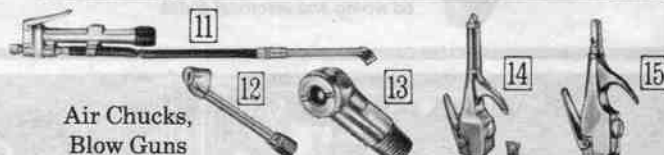

Apply caulk to weatherstrip windows

Apply adhesives on paneling and tiles

\$1259

Use with compressors 1/2-HP or greater. Speeds caulking jobs... gives uniformly neat results, too. Great for insulation work on door and window frames; grouting tiles; dispensing adhesives or crack fillers. Insert any standard 11-ounce cartridge (see Big Book for caulk). Plastic body, pistol grip, 1/4-inch metal air hose connection. Converts from bleeder to non-bleeder. Runs at 20 PSI (pounds per square inch). Maximum working pressure 70 PSI.

30 GT 16306—Shpg. wt. 1 lb. 14 oz.\$12.59

Air Chucks, Blow Guns

11 Long Air Chuck and Gauge. Pressure indicator reads 10 to 120 PSI*. 15-inch hose, 6-inch chuck eases extended reach. Turns 360°.
30 GT 16311—1/4-inch female thread. Shipping weight 1 lb. 6 oz.\$13.59

(12) 30 GT 16272—Dual Tire Air Chuck. 1/4-in. female thread. Shpg. wt. 5 oz. \$2.19
(13) 30 GT 16269—Air Chuck. 1/4-inch male thread. Shpg. wt. 3 oz.99c

14 Heavy-duty Blow Gun. Easy-control lever action. Round and fan tips.
30 GT 16232—1/4-inch female thread. Shipping weight 9 oz.\$2.99

15 Professional-type Blow Gun. Meets OSHA (Occupational Safety and Health Act) requirements... outlet pressure drops to less than 30 PSI* when dead-ended. Lever action gives best control from a breeze to a blast. Round tip. Maximum inlet pressure 135 PSI*.
30 GT 16236—1/4-inch female thread. Shipping weight 9 oz.\$3.29

Connectors for hose and tank

16 1/4-inch Quick Connector Set. Four-part set for male and female couplings.
30GT16244—Shpg. wt. 7 oz. .Set \$2.79

3/8-inch Quick Connector Set. As (16) above. For air hose only.
30GT16246—Shpg. wt. 9 oz. .Set \$2.99

17 1/4-inch Studs for (16) at left. Pkg. of 3 male, 1 female studs.
30 GT 16245—Shpg. wt. 4 oz. Pkg. \$1.29

18 Double Male Couplings. Made of brass. Package of 3.
30GT16281—1/4-in. Wt. 2 oz.Pkg. \$1.09
30GT16291—3/8-in. Wt. 4 oz.Pkg. 1.44

Mask, Viscosimeter, Paint Strainer

19 Paint and Dust Mask. Polyethylene. Disposable filter included.
30 GT 16351—Shipping weight 2 ounces\$2.19
30 GT 16361—Extra Filters. Package of 2. Shipping weight 1 oz.Pkg. 69c

20 Viscosimeter. Measures thickness of paint, tells when to thin it.
30 GT 16393—Shipping weight 2 ounces\$2.19

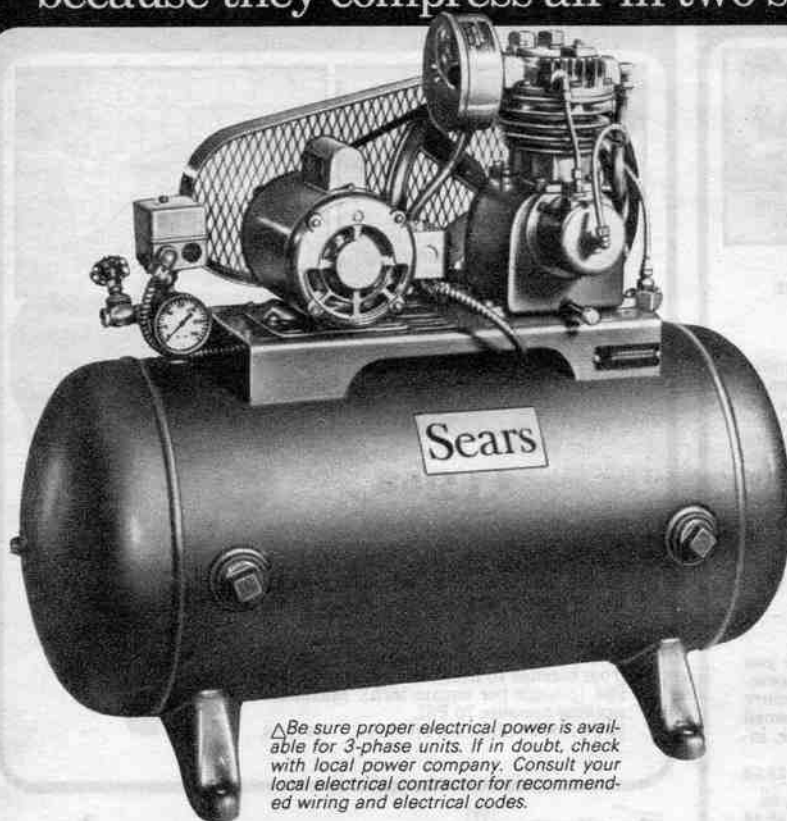

21 Nylon Paint Strainers. Help prevent clogging of spray guns. Reusable.
30 GT 16374—Quart size. Package of 3. Shipping weight 1 oz.Pkg. \$1.49
30 GT 16375—Gallon size. Package of 2. Shipping weight 1 oz.Pkg. 1.29

NOTE: Fittings on items (3) thru (18) meet NPT (National Pipe Thread) specifications

*PSI = Pounds per Square Inch

COMPARE SEARS 35

Stationary Commercial Air Compressors . . our most powerful because they compress air in two stages . . meet ASME* code

△Be sure proper electrical power is available for 3-phase units. If in doubt, check with local power company. Consult your local electrical contractor for recommended wiring and electrical codes.

- Air storage tanks meet codes of ASME (American Society of Mechanical Engineers)
- Run cooler, last longer than single-stage models
- Deliver constant high pressure up to 150 PSI**
- Ideal for heavy-duty garage or industrial use . . run hydraulic lifts, operate any air tools
- Powered by motors from 1½ HP to 5 HP

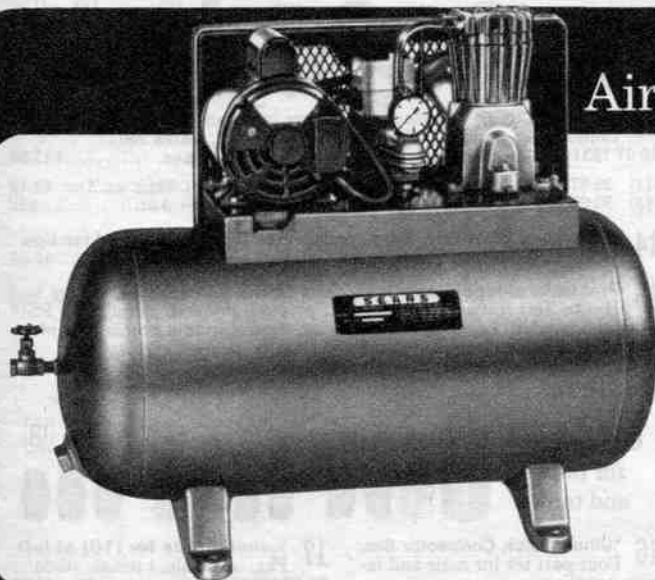

Low as **\$519⁹⁹** 1½-HP model

Dual-stage pumps start load-free when pressure drops about 25 pounds below cutout point. Two cylinders. "Delivered air SCFM†" in chart below represents actual air delivered, not displaced, at 175 PSI. Delivers higher SCFM when operating at lower PSI. Safety belt guard; check and safety valves; fan-bladed flywheel; positive controlled lubrication; enclosed crankcase. 6-ft. cord.

HP	Delivered air SCFM†	Tank size, gallons	Watts at max. pressure	Size, LxWxH, inches	Catalog Number	Shpg. wt. lbs.	Price
These units operate on 110-120 or 220-240-volt, 60-cycle AC, 1 PHASE							
1½	5.0	60	1760	49x22x39½	T30 GT 17311N	350	\$519.99
2	7.7	60	2350	49x25x46	T30 GT 17312N	440	589.99
3	11.5	80	3500	64x25x47	T30 GT 17313N	520	689.99
Unit runs on 220-240-v., 60-c. AC, 3 PHASE; converts to 480-v. 3 PHASE							
5	17.0	80	6000	64x23x43½	T30 GT 17315N	510	729.99

5	17.0	80	6000	64x23x43½	T30 GT 17316N	520	889.99

†SCFM=Standard Cubic Feet per Minute **PSI=Pounds per Square Inch
SHIPPING NOTE: "T" items (as T30 GT 17311N) sent from Chicago, Atlanta, Dallas, Philadelphia or Los Angeles. Pay motor carrier or express charges from your Catalog Distribution Center. Allow extra time for delivery; no C.O.D.'s. For Philadelphia and Boston customers only, items T30 GT 17311N, T30 GT 17312N, T30 GT 17313N, T30 GT 17315N sent from factory near Pittsburgh, Pa. Pay charges from factory.

Single-stage Stationary Air Compressors . . meet ASME* code

Powered by motors from ½ HP to 2 HP Low as **\$189⁹⁹** 1½-HP model

Automatic switch starts pump load-free. Units feature check and safety valves and overload-protected motors. Safety belt guard encloses belt and pulley. "Delivered air SCFM†" in chart is rated at cut-out pressure of 150 PSI**. Compressors give higher SCFM at lower PSI. 6-ft. cord. See Shipping Note above.

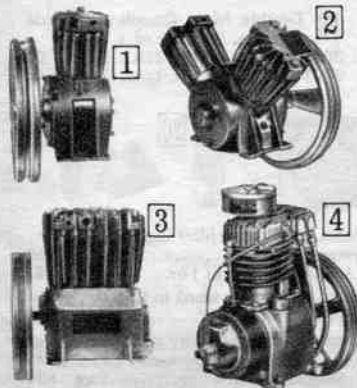

HP	Cylinders	Delivered air SCFM†	Tank size, gallons	Watts at max. pressure	Size, LxWxH, inches	Catalog Number	Shpg. wt. lbs.	Price

Air Pumps . . use with your own electric motor

Low as **\$44⁹⁹** pump (1)

Single-stage pumps (1 thru 3) powered for home, small shop. Heavy-duty 2-stage pump (4) features centrifugal unloader for no-load starting; double-grooved "A" section pulley. For constant pressure, order pressure regulator, page 35. Built to operate with motor HP shown in chart. Use chart to determine air pressure (PSI) and delivered air (SCFM) you need. 4 SCFM at 100 PSI operates most air tools.

Pump	For Motor HP	For 50 PSI		For 100 PSI		For 150 PSI		For 175 PSI

Machinists' Vise . .

precision built to endure extra-heavy loads,
without losing alignment

\$98⁵⁰ 4½-inch jaws

- Built with rugged, malleable iron castings . . practically unbreakable . . twice as strong as heavy-duty vises below
- Replaceable "T" section steel jaw faces slip on and off . . pinned to jaws to eliminate screw holes in work face
- Self-lubricating bronze bearing reduces friction . . keeps wear and end play to a minimum
- Extra-long back jaw body for precision alignment

Our finest Vise. Built to withstand many years of rough use. Malleable iron castings heavily reinforced at major stress points. Finely machined nut and back jaw keyway. Graphite-bronze bearing takes all the thrust of steel screw head. Large ground and polished anvil. 4½-inch jaw opens to 7-inch Malleable iron base . . converts to 360° swivel base with kit (9 GT 5196) at right. Front jaw beam completely encloses and protects durable cold-rolled steel screw . . keeps dust and filings out of threads. Steel ball-ends of handle forged from solid handle stock . . can't loosen. Meet Federal Specifications GGG-V-410A for strength and precision. Industrial quality. Gray finish.

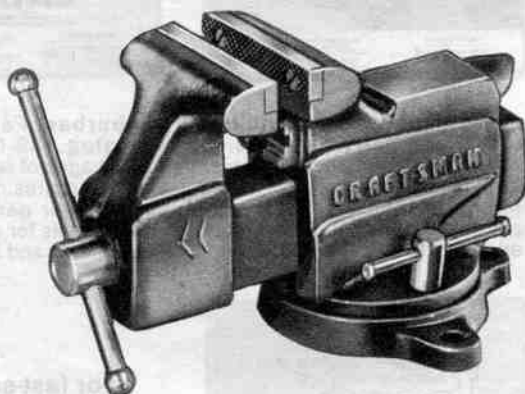

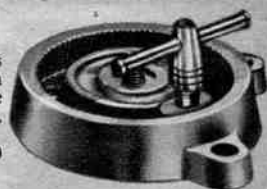

9 GT 5194L—Shipping weight 52 pounds \$98.50

Swivel-base Kit

Convert stationary-base vise to swivel-base. Swivels a full 360°. Tapered gear-like lock bolt locks tight in any position. Includes malleable iron swivel base plate, center bolt, nut and handle, plug for one hole. Fits machinists' vise (9 GT 5194L) at left.

9 GT 5196—Shpg. wt. 8 lbs. 7 oz. Kit \$17.29

CRAFTSMAN® Heavy-duty Bench Vises

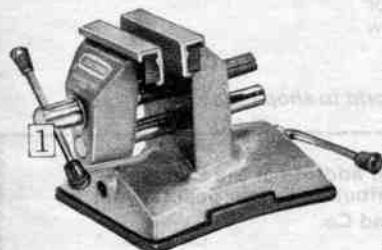

- Cast-iron body with malleable iron nut
- Built-in pipe jaws

\$217⁹ 3½-inch jaws

A useful tool in any workshop. Fast-acting, Acme-threaded steel screw seated in replaceable nut. Heavy-duty steel channel completely encloses screw . . protects it from chips or filings. Jaws can't wobble sideways or up and down. Vise body reinforced at major points of strain for added strength.

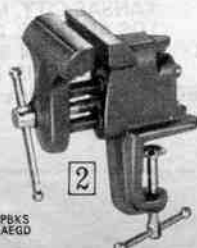

Permanently cast, interlocking pipe jaws hold pipe or round stock securely. Zinc-plated handle, screw and lock nut. Steel ball-ends on handle forged from handle stock . . can't come loose. Large anvil and anvil horn. Hardened and tempered replaceable jaw faces. Positive locking swivel base with slip handle lock nut . . swivels 165°. Attractive red finish.

Catalog Number	Jaw size	Opens to	Holds pipe	Shipping weight	Price
9 GT 5180C	3½ inches	4 inches	½ to 1¼ inches	19 pounds	\$21.79
9 GT 5188C	4 inches	5 inches	½ to 1¼ inches	27 pounds	32.50
9 GT 5181C	5 inches	6 inches	½ to 1½ inches	40 pounds	44.50

Portable Vises set up quickly where the work is

1 CRAFTSMAN Vacuum-base Vise. To attach, apply slight pressure to top of vise and push lever down . . holds firmly in any position, on any smooth, nonporous surface. To release, just lift the lever and it's off. Sturdy casting with 2½-inch V-groove steel jaws . . open to 2 inches. 5x4-inch base. 4 inches high. Protective slide-on rubber jaws let you handle fragile parts. Gray finish.
9 GT 5174—Wt. 2 lbs. 12 oz. . . \$11.79

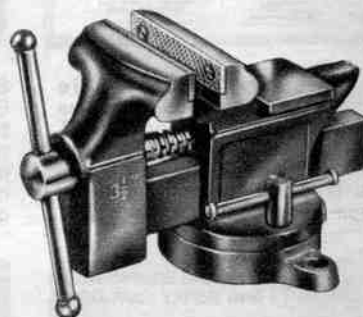

2 Clamp Vise. Jaws 3 in. wide . . open to 2½ in. Permanent pipe jaws with double guide bars for smooth action. Cast steel. Clamps to benches up to 2½-in. thick. Nickel-plated "T" handle. Not Craftsman. Japan. Red.
9 GT 5247—Wt. 4 lbs. 1 oz. . . \$5.99

SEARS Light-duty Vise

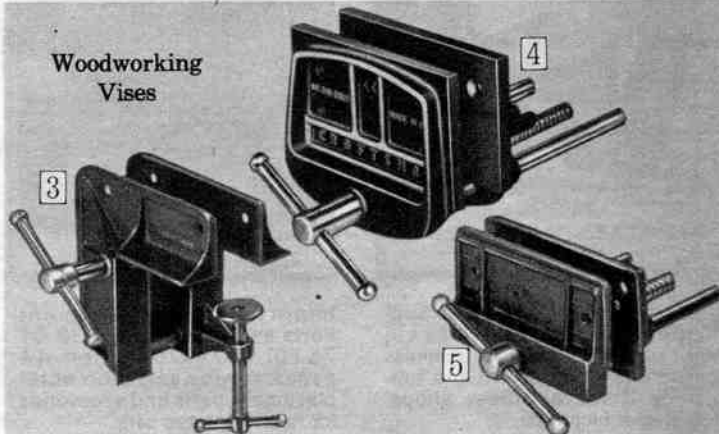

\$118⁹

For the home or small industrial shop

Steel handle, screw and lock nut nickel plated . . give lasting rust-resistant service. Cast body reinforced at main stress points. Sturdy anvil takes lots of heavy pounding. 165° swivel-type base can be locked securely in any position. Jaws 3½ in. wide with a 3-in. capacity. Jaw faces replaceable. Not Craftsman. Japan. Red.
9 GT 5178—Wt. 11 lbs. \$11.89

Woodworking Vises

3 CRAFTSMAN Portable Woodworkers' Vise. Lightweight aluminum. "L" jaws open to 2½ in. Special shape helps make this vise especially useful for clamping doors upright to bench for planing. Measures 5½x5½ in. Fits any workbench from ⅞ to 2¼ in. thick. Gray finish.
9 GT 5202—Shipping weight 2 pounds 1 ounce \$6.95

4 CRAFTSMAN Woodworker's Vise. Steel handle, guide rod. Acme screw thread. Big 4x7-in. jaws open to 7 in. Holes in jaws for mounting wood faces. Fits 2¼-in. bench thickness; ⅞-in. clearance at top. Gray finish.
9 GT 5192—Shipping weight 12 pounds \$21.79

5 Woodworkers' Vise. Semi-steel jaws measure 2½x6½ inches . . open to a full 4½ inches. Holes in jaws for easy mounting of wood faces. Steel handle and guide rods. Fits bench 2¼ inches thick; ⅞-inch clearance at top. COMPANION. Not Craftsman. Japan. Red.
9 GT 5187—Shipping weight 6 pounds 4 ounces \$9.79

Metric/Inch Micrometer \$3795

CRAFTSMAN. Our finest... lets you read both metric and standard "inch" scales simultaneously. This makes inter-system conversions and comparisons quick and easy. Read metric measurements to 1/100th of a millimeter on digital counter. Standard English Vernier scale to 1/1000th of an inch.

Graduations are "deep-inked" for easy reading, long life. Satin-chrome finish. Measures 0-1-in. Each tenth, and thousandth of an inch calibrated for quick readings. Carbide tipped for lasting precision. Complete with lock, speeder, and heat insulators. Meets Federal Specs. GGG-C-105b for accuracy. Steel and cast steel. Fitted case. Japan.

9 GT 38666—Wt. 1 lb. 6 oz. \$37.95

CRAFTSMAN® Machinists' Combination Square

With protractor and center head
\$2995

- Blade machine-divided for accuracy
- Heads precision-ground for close fit
- Use as ruler or straight-edge

Check 90° and 45° angles. Use as depth gauge, height gauge. Hardened, ground steel blade with easily readable graduations in 8ths, 16ths, 32nds, 64ths of an inch. Cast-iron, precision ground square head and center head. Non-reversible bevel protractor graduated 180° left, right. Level vial in square head. 12-inch blade. Meets Federal Specification GGG-S-656a Type VI for accuracy.

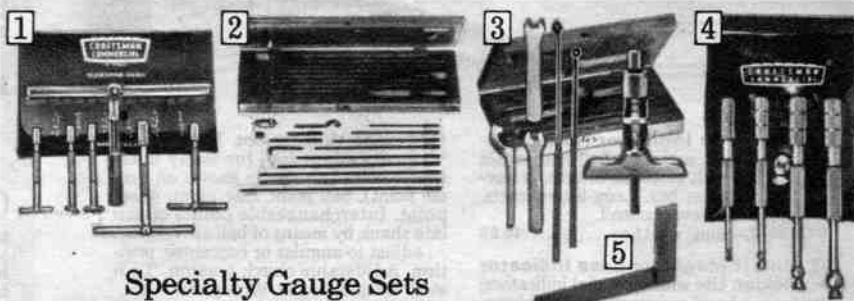

9 GT 38694—Shipping weight 1 pound 8 ounces\$29.95

As 9 GT 38694 above, but graduated in 32nds, 64ths, 50ths and 100ths of an inch.
9 GT 38695—Shipping weight 1 pound 8 ounces\$29.95

As 9 GT 38694, but without protractor.
9 GT 38693—Shipping weight 1 pound 8 ounces\$18.95

As 9 GT 38694, but without protractor or center head.
9 GT 3869—6-inch blade. Shipping wt. 13 oz.\$11.45
9 GT 38691—12-inch blade. Shipping wt. 1 lb. 6 oz.\$13.45

NOTE: 6 and 12-inch parts are not interchangeable.

Specialty Gauge Sets and Solid Steel Squares

1 CRAFTSMAN 6-pc. Gauge Set. For inside slots and holes. Plunger telescopes and locks. Head ends heat-treated for toughness. Size range: 3/16 to 6 inches. Meets Fed. Spec. GGG-G-17a for accuracy.

9 GT 4027—Shpg. wt. 14 oz.Set \$33.75

As above but with 4 gauges in set. Size range 3/16 to 2 1/2 inches.
9 GT 40203—Shpg. wt. 6 oz.Set \$21.75

2 CRAFTSMAN Inside Micrometer Set. .001-inch. (1 1/2 to 8 1/2 inches). Meet Fed. Spec. GGG-C-105b for accuracy. Case.

9 GT 3864—Shpg. wt. 1 lb. 4 oz.Set \$35.75

3 CRAFTSMAN Micrometer Depth Gauge Set. Read in .001 inch. Range, 0 to 3 inches. Base, 2 1/2 inches. Chrome-plated. With lock. Meet Federal Specification GGG-C-105b for accuracy. With case.

9 GT 3863—Shpg. wt. 1 lb. 2 oz.Set \$33.75

Order Torches below

**CRAFTSMAN®
13-piece Kit with
Instant-action Torch**
\$1299

13-pc. Kit. Hot tip torch heats to over 2,300° F. Instant-action lever controls fuel for quick, easy stops and starts, so you won't waste a lot of fuel. Thirteen piece kit includes: fuel-saving torch (with pencil flame burner and cylinder); extra propane cylinder; utility burner; spark lighter; 6 extra flints for lighter; and a handy plastic case for carrying and storing. Also includes a small soldering tip and flame spreader that fit the pencil flame and utility burners, respectively. UL listed. See guarantee at right.
9 GT 54285N—Shipping weight 7 pounds* Kit \$12.99

Instant-action Torch alone. Pencil flame burner, cylinder included. Lever for quick, easy stops and starts... less fuel wasted.
9 GT 54281N—UL listed. Shipping weight 3 lbs.* \$7.69

Regular-action Torch alone. As above, but without lever.
9 GT 54251N—UL listed. Shipping weight 3 lbs.* \$4.99

CRAFTSMAN® 6-piece Torch Kit **\$1069**

Torch heats to over 2,300° F. Patented flow regulator provides steady flame. Exclusive 20-micron filter built into torch... no need to replace orifices. Case hardened needle valve for positive shutoff. Includes regular action torch (with pencil flame burner and cylinder); utility burner; spark lighter; flame spreader; small soldering tip; plastic case. UL listed. See guarantee below.
9 GT 54261N—Shipping weight 4 pounds* Kit \$10.69

Propane Torch Accessories

1 Replacement Propane Cylinder. Fits Sears torches, most other makes. Holds 14.1-oz. by wt., 26.7 fl. oz. Shipping weight each 3 lbs.*
9 GT 5491N Each \$1.34; 2 for \$2.48

2 Spark Lighter. Protective cap shields you from sparks. Includes 1 flint.
9 GT 5440—Shpg. wt. 4 oz. 49c

3 Extra Flints for lighter (2) above. Handy slide-package of 6 flints.
9 GT 54405—Shpg. wt. 2 oz. Pkg. 49c

4 Utility Burner. For general work with the "HOT ONES". Less concentrated flame than pencil-flame burner.
9 GT 54287—Shpg. wt. 5 oz. \$1.95

5 Flame Spreader. For the "HOT ONES". Fits over utility burner (4) above.
9 GT 54289—Shpg. wt. 5 oz. \$1.49

6 Soldering Tip. For "HOT ONES." Fits over pencil-flame burner.
9 GT 54288—Shpg. wt. 5 oz. \$2.29

7 Utility Burner. Broad flame for thawing pipes, general work. Use with former torches 9-54203, 9-54213.
9 GT 5461—Shpg. wt. 5 oz. \$2.39

8 Flame Spreader. Use with our former torches. Fits utility burner (7).
9 GT 5417—Shpg. wt. 3 oz. \$1.39

9 Soldering Tip. Use only with former propane torches 9-54203 and 9-54213. Tip measures 3/8-inch in diameter.
9 GT 5433—Shpg. wt. 3 oz. \$2.39

10 Pencil-flame Burner. Narrow flame for doing precise work accurately. Delivers hotter temperature than pencil-flame burner below. Use only with former torches 9-54203 and 9-54213.
9 GT 5462—Shpg. wt. 5 oz. \$2.69

Pencil-flame Burner. (Not shown.) Similar to burner (10) above, but with pointed flame pattern. Designed for use in hard-to-reach spots.
9 GT 5415—Shipping weight 5 oz. \$2.49

11 Burner orifices for burner 9 GT 5415 above. Package of two.
9 GT 54005—Shpg. wt. 3 oz. Pkg. 79c

Orifices for burner 9 GT 5462 above. Package of two.
9 GT 54606—Shpg. wt. 3 oz. Pkg. 79c

Orifices for burner 9 GT 5461 above. Package of two.
9 GT 54605—Shpg. wt. 3 oz. Pkg. 79c

Jumbo Propane Cylinder... great for camping accessories

12 Extra convenience for hunting, camping or cooking out. Big capacity means you won't have to change cylinders as often on those camp stoves, lanterns, or other propane accessories. Tank holds 16.4-oz. by weight, 31.1 fluid oz.
9 GT 54912N—Shipping weight 3 pounds* \$1.55

*Note to Alaska and Hawaii customers: Propane cylinders must, by law, be shipped via surface transport. Please check parcel post information before ordering.

GUARANTEE FOR PROPANE TORCHES
CRAFTSMAN® Propane Torches are unconditionally guaranteed to give complete satisfaction or return them to any Sears store for free replacement.

CRAFTSMAN® Glue Guns

Heavy-duty Gun

- Convenient trigger operation
- Uses big 4-in. glue sticks... needs refilling less often

\$966

Trigger control allows even glue application. Preset thermostat assures the precise temperature for the most accurate bond. The patented design of the aluminum melting chamber gives additional capacity and insures that the glue is dispensed at the same proper temperature.

Includes three 4-in. glue sticks... odorless and non-toxic. Bonds within 60 seconds. Bonds wood, leather, fabrics, hardboard, canvas, paper, tile, ceramics and plastics... no clamping is required. Lightweight for easy handling. Heat-resistant phenolic handle. Gun measures 8x2 1/4x7 in. high. For 110-120-v. 60-c. AC. 160 watts.
9 GT 80524—Shpg. wt. 1 lb. 13 oz. \$9.66

Extra Glue Sticks for above. Four inches long.
9 GT 80525—Package of 6. Shpg. wt. 5 oz. Pkg. \$1.27
9 GT 80526—Box of 27. Shpg. wt. 15 oz. Box 3.39

Medium-duty Gun with automatic flow-control nozzle

\$533

Tackles a wide range of bonding jobs on wood, plastic or metal. Glues or caulk instantly... 90% bonding strength in less than a minute. Valve controls glue flow... flow stops when you release pressure on stick... no messy overflows. Use sealer for waterproof caulking in bathtubs, tile, boats and gutters. Includes four glue sticks and three sealer sticks. Six-foot long cord. UL listed. Operates on 110-120-volt, 60-cycle, AC. 65 watts. Order extra glue sticks below.
9 GT 80514—Shipping weight 1 pound 4 ounces \$5.33

Extra Glue Sticks for above. Box of 60 sticks.
9 GT 80517—Shipping weight 14 oz. Box \$2.69

SHIPPING NOTE: For "N" items (as 9GT5491N) see "N" suffix, page 96.

Cordless Soldering Iron Kit

Use it outdoors, anywhere for
on-the-spot convenience

Complete Kit **\$17.99**

CRAFTSMAN® Extra convenience indoors... easy to maneuver—and no need to work near an outlet. Great for soldering wiring with the current shut off. Outdoors it's almost a must... use it anywhere a plug-in iron just can't go. For hobbyists, electricians, home owners, repairmen. Built-in work light illuminates work area. Weighs only 6 ounces, measures just 8 inches long. Excellent for hard-to-get-at areas where a cord can be a real nuisance. Powered by long-life, nickel-cadmium batteries. Recharges completely overnight... begins recharging immediately for multi-connection work. Pushbutton heat control... heats up to 700° F. in 5 seconds.

Tip performance up to 50 watts; "Iso-tip" construction eliminates heat build-up, electrical leakage, and the need for grounding. Kit includes iron, one replaceable tip, convenient wall-mount bracket, instructions, and 110-120-v., 60-cycle recharger. AC. UL listed.

Shpg. wt. 1 lb. 4 oz.

9 GT 53802.....\$17.99

9 GT 52837—Heat-sealing tips.....Package 1.49

9 GT 52838—Plastic-cutting tips*.....Package 1.49

*Not recommended for asphalt or plastic floor tile.

Soldering? We have the right solder for almost any job!

A word about solder. Generally, the higher the tin-to-lead ratio a solder has, the stronger the bond will be.

(1 thru 3) For soldering all metals except aluminum. Non-corrosive.

1 Soldering Fluid. Use as flux. In handy 6-ounce squeeze bottle. Shipping weight 12 ounces
9 GT 8073.....Bottle 59c

2 Paste Solder. Combination flux, solder, cleaner in 4-ounce tube. 50% tin, 50% lead. Quick-acting.
9 GT 80811—Shpg. wt. 7 oz....Tube \$1.85

3 Soldering Paste. Three-ounce can.
9 GT 80751—Shpg. wt. 8 oz....Can 49c

4 Solid Sal Ammoniac. Four-ounce pkg. Use for cleaning, tinning.
9 GT 8071—Shpg. wt. 7 oz....Pkg. 39c

5 Aluminum Brazing Alloy and Flux. For aluminum castings and brazing aluminum to nickel alloys, copper and other dissimilar metals. Approx. 96 in. long, .35-oz. tube of flux.
9 GT 80994—Shpg. wt. 5 oz.....\$1.59

6 Silver Solder and Flux. For alloy steel. Approximately 60 inches long, .35 ounce flux.
9 GT 80993—Shpg. wt. 4 oz.....\$1.89

7 Stainless Steel Solder and Flux. For non-electrical soldering of stainless steel, chrome and nickel alloys. Lead-free. Approximately 100 inches long, .35 ounces flux.
9 GT 80992—Shipping weight 5 oz....\$1.65

8 General-purpose Tinker Bar Solder with Flux Gel. Cleans surface, stays in position for easy soldering. Two-oz. solder bar (40% tin, 60% lead) and one-oz. tube of flux. Not for electrical use.
9 GT 80921—Shipping weight 6 oz....\$1.25

9 Wire Solder. Meets Federal Specs. QQ-S 571d. Acid and rosin-core solders have flux in core...need no paste.

Need extra power for those hard-to-sink staples?
This Dual Compression Stapler Kit
 delivers that extra power
 at the push of a button

Dual-compression saves you time and staples . . . increased driving power reduces misfires, jamming, bent or broken staples. Lets you tackle jobs many staplers just can't handle . . . a better tool for all types of material than staplers at right. Base stays flat against work surface while you pull up on comfortable plastisol-covered handle . . . helps drive staples firmly and accurately the first time.

Drives 1/4 thru 3/16-inch staples of .050-inch diameter steel wire. The ideal tool for installing insulation, carpeting, upholstery and many more jobs. Base of stapler slides open for easy reloading. Sturdy steel construction, rust-resistant baked-enamel finish. Measures 7 inches long. Built-in staple extractor and handy belt hook for extra convenience. Kit also includes stretcher for fixing window and door screens, plus 2500 staples (high carbon-steel wire, 1000 each 1/4 and 3/16-inch size, and 500 1/16-inch size staples). Order extra staples from chart at right.

9 GT 68472—Shipping weight 3 lbs. 10 oz. Kit \$14.99

9 GT 6847—Stapler alone. Shpg. wt. 2 lbs. 9 oz. 12.49

Complete with 1000 staples, belt hook, screen stretcher and carrying pouch **\$11.99**

Cam action gives you excellent driving power with minimum effort. Drives .050-inch diameter wire staples 1/4 through 3/16-inch long. Use on wood, plaster, many other materials . . . takes the place of tacks, brads, small nails. Great for installing wire netting, roofing paper, ceiling tile. Stamped steel construction with baked-enamel finish. Built-in staple extractor for added convenience. Bottom opens to load staples. Hook locks handle down flat for easy carrying. Measures 7 inches long. Includes pouch, belt hook, screen stretcher, and 1,000 staples (500 each 3/8-inch and 1/16-inch long).

9 GT 68445—Shipping weight 2 lbs. 8 oz. Kit \$11.99

Extra Staples

For staplers 9 GT 6847, 9 GT 68472 and 9 GT 68445 on this page and former stapler 9-2645. Divergent point. Made of sturdy .050-inch diameter steel wire . . . 1/2-in. wide.

Rivet from one side with these **CRAFTSMAN®** Riveters

Heavy-duty Riveter **\$13.95**

Fasten strong and tight in sheet metal, wood, pressed wood, plastic, leather, canvas, and many more materials

1 Plenty of power for a variety of riveting jobs. All-steel construction, with plastisol-covered handles. Includes two interchangeable nose pieces that permit the use of all rivets sold in table at right. Steel nose guide helps drive rivets firmly. Includes plastic pouch.

9 GT 7475—Shipping weight 1 lb. 8 oz. \$13.95

Standard-duty Kit **\$4.49**

Compact design for narrow spots

2 Ideal for around-the-home riveting uses. Stamped steel frame. Sliding nose piece lets you reload or change rivets quickly . . . save time. Includes 30 assorted rivets and ten back-up plates. Accepts all rivets at right. Also includes plastic pouch for carrying and storage.

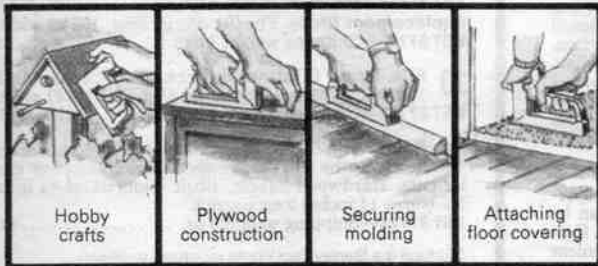

9 GT 7476—Shpg. wt. 1 lb. 1 oz. Kit \$4.49

*Tired of tedious hammering on
paneling...other nailing jobs?*

The Whammer™ Nail Gun drives
1-1/32-inch nails like a
hammer, but it's as
easy to use as a staple gun!

*Won't dent or mar surfaces
like a hammer can, either*

Great for wall paneling and
hundreds of other uses

Nail gun, edge guide,
carrying pouch

\$17⁹⁵

Drive nails flush, or counter-sink them with a single blow...won't scratch, mar or dent surface. Lets you work quickly, with less effort than a hammer. Loads easily. Uses Whammer nails, available in several finishes (not included, order below.) Snap-open feature allows for easy access to nails, mechanism. Safety lock helps prevent accidental discharge of nails.

Power dot indicator helps you drive nails flush every time...just press dot with heel of one hand, and snap down power lever with the other. Special feature lets you drive half-sunk nails in all the way...just unload nail cartridge, and place opening over head of nail and drive it in.

Also includes an edge guide attachment for driving nails at a consistent distance from the edge of the work surface. Convenient carrying pouch and operating instructions.

Shipping weight 2 pounds 7 ounces.

9 GT 6841 \$17.95

6 Spring Lock Washers. Zinc-plated... box of 50. Sizes 3/16 to 1/2 inch. In plastic box.

9 GT 7196—Shipping weight 10 ounces Box 45c

CRAFTSMAN® Planes

All with precision-engineered
cutlery-steel blades

Smooth No. 4
\$14.29

Our Finest Planes

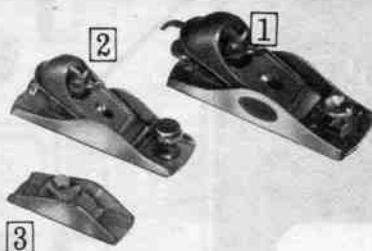

They can actually skim-off shavings as thin as this piece of paper

These professional-quality smooth-bottom planes are designed to cut *with* the wood grain. Adjust them for shavings of any thickness. Depend on them to quickly smooth out those first, coarse surface cuts or to glide along almost effortlessly, taking tissue-thin finishing cuts. Cutter blade, knob and handle positioned to give you perfect handling balance—and accurate planing with a minimum amount of effort.

Sides and bottom machined true for pinpoint accuracy. Double-plane cutter . . . consists of blade plus cutter cap. Cap breaks and curls shavings to prevent wood from splitting ahead of blade edge. Cutlery-steel blade 2 inches wide with honed, razor-sharp cutting edge. Snug-fitting frog eliminates jumping and side play. Clamp assembly locks solidly to prevent chatter. Shaped handle and knob of high-impact plastic.

Smooth No. 4. As described above. For work on small workpieces. Measures 9 inches long overall.
9 GT 37064—Shipping weight 4 lbs. 2 oz. \$14.29

Jack No. 5. As above. Longer than No. 4 for truing big board surfaces. 14 inches long overall.
9 GT 37065—Shipping weight 5 lbs. 4 oz. \$15.29

Block Planes

(1 thru 3) Single-plane cutter. Blade set as low as 20° angle for cutting *across* wood grain. Use to plane small pieces of wood and ends of moldings, trim and siding. Also use for beveling, rounding corners, chamfering, model making. Cutlery-steel blade can be adjusted for shaving thickness from coarse work to tissue-thin smoothing. Small size fits palm.

1 6 inches long. Adjustable side-wise and endwise. Throat can be adjusted for coarse or fine work. Cutter blade 1½ inches wide. Convenient comfortable metal knob for endwise and sidewise adjustments.
Shipping weight 1 lb. 10 oz.
9 GT 37052 \$8.39

2 7 inches long. Adjustable side-wise and endwise. Cutter blade 1½ inches wide. Handy plastic knob.
Shipping weight 1 lb. 10 oz.
9 GT 37051 \$6.39

3 3½ inches long. Just the right size for hobbyists. Small enough to carry with you in your pocket. Adjustable cutter blade 1 inch wide. Screw locks manually.
Shipping weight 5 ounces.
9 GT 37057 \$1.87

General-purpose Sears Bench Plane

Smooth No. 4. Double-plane cutter. For general-purpose use in planing *with* the grain. Blade 2 inches wide. Hardwood handle and knob. Measures 9 inches long overall. Not CRAFTSMAN.

9 GT 37063—Shipping weight 4 lbs. 7 oz. \$10.29

CRAFTSMAN® Knives with the A.C.A. Edge®

(4 thru 7) You'll enjoy years of dependable service from these superbly-crafted knives featuring hardened stainless steel blades with the Amazing Cutting Action edge. Knife ends (bolsters) of solid nickel alloy; end rivets and pivot pins of rugged stainless steel; knife linings, blade dividers of brass. Blades won't rust, loosen, break. Handles of unbreakable DuPont Delrin® plastic, decorated with American Eagle design. Painstakingly assembled, fitted, finished by hand. Unconditionally guaranteed. Sharpening instructions.

4 The Outdoorsman. A big, brawny knife that fills the hand. Measures a full 9¼ inches when open. Two blades (heavy-duty clip and general purpose). Brushed finish handle for positive grip. Land-yard hole in one bolster. Shaped pouch of rugged cowhide leather.
9 GT 95026—Shipping weight 1 lb. 7 oz. \$22.45

5 The Stockman. 4 inches long, with 3 blades (clip, sheepfoot, carving).
9 GT 95025—Wt. 5 oz. \$13.95

6 Gentlemen's Jack Knife. 3¼ inches long, with 2 blades (clip and sheepfoot).
9 GT 95024—Wt. 4 oz. \$10.95

7 Gentlemen's Pen Knife. Lightweight and slender enough to carry in trousers. 3¼ inches long. 2 blades (clip, nail file).
9 GT 95023—Shipping weight 4 ounces \$8.95

CRAFTSMAN® Surform® Forming Tools*

(8 thru 11) Fast-working, unique cutting and forming tools for wood, aluminum, copper, plastics, tile, laminated counter tops and metals up to the hardness of mild steel. Tough, razor-sharp teeth act like chisels; pre-set in hardened, tempered Sheffield steel blade. No adjustments needed. Shavings pass through, no clogging. (8), (9), (10) have rugged die-cast zinc alloy body 1½ inches wide. To replace blades for (8), (9), (10), simply loosen one screw.

8 Plane Type. Plastic rear handle. 1½x12½x5 inches.
9 GT 67722—Shipping weight 1 lb. 8 oz. \$4.89

Replacement Blades for (8) and (10). Wt. 5 oz.
9 GT 67731—Flat (1½ inches wide) \$1.47
9 GT 67732—Half-round (1½ inches wide) 1.67

9 Pocket Plane Type. Carry in apron or overall pocket. Fits palm. 5½x2 inches high.
9 GT 67723—Shipping weight 9 oz. \$1.97

Replacement Blade. For (9). 5½ in. long, 1½ in. wide.
9 GT 67733—Shipping weight 3 oz. \$1.97

10 File Type. Contoured black plastic rear handle. 16x1½x16 in. high. **Replacement blades** under (8) above.
9 GT 67721—Shipping weight 1 lb. 2 oz. \$3.67

11 Round File Type. For all scalloped wood. Enlarges holes, forms and shapes decorative concave or circular cuts. Hardwood handle. Blade diameter of ¾ inches. Measures 14 inches long overall.
9 GT 67724—Shipping weight 8 oz. \$2.95

*Surform is a Stanley Tool Works registered trademark.

CRAFTSMAN® Levels

Accurate through a 360° rotation

(9 thru 12) Try it—turn them a full 360°. At all angles you'll get pinpoint accuracy for plumb or level readings. One monovial does the job of two ordinary curved-glass vials, and barrel-shaping lets you read level flat or on edge from one vial. And these monovials are nearly 20% larger than ordinary vials for quick, easy reading. Rigid extruded-aluminum frames resist warping, bowing.

9 24-inch Extruded Aluminum Level. I-beam construction. Three vials; two plumb, one level. No top-reading window. Not Craftsman.

9 GT 39955—Shipping weight 1 lb. 6 oz.\$4.95

18-inch Aluminum Level. Three vials; one level, one plumb, one 45° (six glass equivalent). Not Craftsman.

9 GT 39845—Shipping weight 1 lb. 2 oz.\$3.47

10 Aluminum Levels. With convenient top-reading window. I-beam construction, closed ends for strength.

Catalog Number	Length inches	Vials	Magnetic edge	Shpg. wt.	Price each

14 Magnetic Protractor Level. Reads plumb or level within ½°. Scale for pitch readings. Monovial. Measures 2½x2½x¾ inches overall. Plastic.

9 GT 3990—Shipping weight 4 ounces\$2.47

15 3x¾-in. Line, Surface Level. Monovial. Plastic.

9 GT 3982—Shipping weight 3 ounces\$1.17

These CRAFTSMAN® Hammers give you exclusive features A, B and C below

Fiber glass handle on hammer (1) pressure-locked, steel-wedged and epoxy-bonded to head. Locked so tightly it withstood an average of over 3 tons pulling pressure in tests conducted in our own laboratory.

1 With fiber glass handle. Continuous, parallel fiber glass strands add strength and absorb shock along the length of the handle. Hollow core inside concentrates weight in eye and neck sections where strength is needed most. Perforated neoprene grips for comfort, sure grip.

Head and handle locked together with strong epoxy bond and steel wedge . . . inserted with 3000 pounds of hydraulic pressure. Keeps handle permanently locked in place—refuses to loosen or separate.

Triple-tempered forged steel head for durability. Machined face is crowned and beveled to reduce chipping, increase striking power. Inner bevel on claw grips nails tightly for firm, positive pulling power.

With curved claw.
9 GT 3820—16-oz. head, Shpg. wt. 1 lb. 13 oz. . . . \$7.89
9 GT 3822—13-oz. head, Shpg. wt. 1 lb. 9 oz. . . . 7.89

With straight claw.
Milled face. (No third claw.)
9 GT 3823—20-oz. head, Shpg. wt. 2 lbs. 6 oz. . . . \$9.89
9 GT 3821—16-oz. head, Shpg. wt. 1 lb. 15 oz. . . . 7.89

2 With tubular steel handle. Stronger than hickory, 2 absorbs more shock than solid steel. Internal pre-shrunk hickory plug extends back from head into handle to add strength and absorb hand-stinging vibrations. Forged steel 16-ounce head. Comfortable, perforated neoprene-covered grip helps cushion blows.

9 GT 3836—Shipping weight 1 lb. 13 oz. . . . \$7.89

3 With solid, hardened-steel handle. Hickory plug in head helps cut vibrations. Head and handle both forged steel. Perforated, neoprene-covered grip bonded to I-beam section. Choose curved or straight claw.

With curved claw. 16-ounce head.
9 GT 3825—Shipping wt. 1 lb. 12 oz. . . . \$7.89

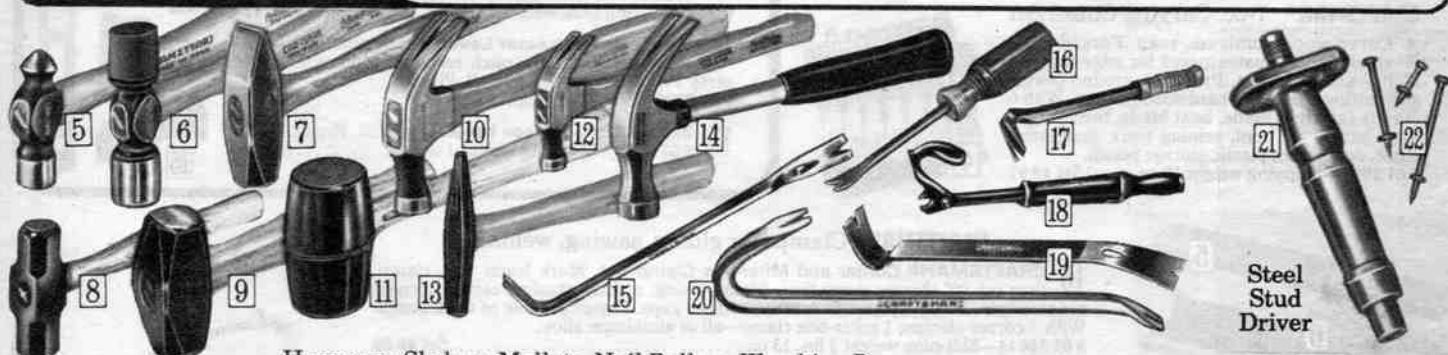

With straight claw. 20-ounce head. (No third claw.)
9 GT 38273—Shipping wt. 2 lbs. 6 oz. . . . \$8.89

4 With select hickory handle. Reinforced with steel headliner (except 9 GT 38095). Forged steel head.

With curved claw. 16-ounce head.
9 GT 38141—Shipping wt. 1 lb. 11 oz. . . . \$6.89

With straight claw. 16-ounce head.
9 GT 3816—Shipping wt. 1 lb. 12 oz. . . . \$6.89

With straight claw and big 20 ounce head. (No 3rd claw).
9 GT 38095—Shipping weight 2 lbs. 3 oz. . . . \$7.39

Precision Carpenters' Squares, Gauge and Folding Rules

19 CRAFTSMAN Aluminum Rafter Square. Our finest square. Hardened. Won't rust, warp or shrink. Octagon and 100ths scale. Rafter and brace table. Precise graduations. Face marked in 8ths, 16ths; back marked in 10ths, 12ths. Black numbers. 24x2-inch body, 16x1 1/2-inch tongue.
9 GT 39644C—Wt. 2 lbs. \$9.39

20 CRAFTSMAN Steel Square. Rafter table and brace table. Octagon and 100ths scale. Bright finish; yellow markings. Protective lacquer coating. Cut graduations for accurate reading. Face in 8ths and 16ths; back in 10ths and 12ths. 24x2-in. body, 16x1 1/2-in. tongue.
9 GT 39641C—Wt. 3 lbs. \$5.89

21 COMPANION Steel Square. Face marked in 8ths, 4ths; back in 4ths. Hard-tempered steel with satin lacquer protective coating. Body 24x2 in. Tongue 16x1 1/2 in. Rolled graduations. Not CRAFTSMAN.
9 GT 39642C—Wt. 3 lbs. \$2.95

Economy Steel Square. (Not Shown.) With green markings in 8ths on both sides. 12x1 1/2-in. body, 8x1-in. tongue. Wt. 12 oz.
9 GT 39643. \$1.57

22 CRAFTSMAN Combination Square. Use as inside or outside try square, depth gauge, rule or level. Chrome-plated steel blade 12x1 in. Black markings: 8ths, 16ths on one side; 16ths, 32nds on the other side. Cast-iron 4-inch head has level, removable scriber. Blade ends indented for scribing. Wt. 1 lb.
9 GT 39542. \$4.97

23 Angle or Stair Gauge. Use on rafter or framing squares for repeating angle cuts. Lightweight, rustproof brass with steel screw. Package of 2. Wt. 4 oz.
9 GT 3956. Pkg. 87c

24 CRAFTSMAN 6-ft. Extension Folding Rule. Straight-grained wood slats with white finish. Marked in 16ths on top and bottom edges. 16-inch stud marks. Brass extension machine-edged, marked for inside measuring. Markings deeply imbedded in wood for long life, easy reading. Brass strike plates reduce wear on ends. Spring-action positive locking joints. 3/8-inch wide. Outside reading. Shipping weight 9 ounces.
9 GT 3931. \$4.27

6-foot Extension Rule. As above, except inside readings. Shipping weight 9 ounces.
9 GT 3932. \$4.27

25 CRAFTSMAN Folding Rule. Marked in 16ths. Like 9GT3931 except without brass extension. White. Inside readings.
9 GT 3938—Shpg. wt. 9 oz. \$2.97

26 Good Quality Wood Folding Rule. Select hardwood with white finish. Marked in 16ths. Brass-plated joints. 6 feet long, 3/8 inches wide. Outside readings.
9 GT 3912—Shpg. wt. 6 oz. \$1.59

Our two finest Manual Miter Boxes cut angles with the precision demanded by professionals

They're accuracy-tested to within .005 of an inch on 6-inch cuts

(1 and 2) CRAFTSMAN COMMERCIAL. Save time when cutting angles for doors, windows, picture frames, joists and trim. Save wood by eliminating less-than-accurate cuts. Make miter cuts so finely paired, the joint will almost seem to disappear.

Rugged one-piece base and back of zinc alloy, 18 inches long. Saw guides 11½ inches apart for stability, accuracy—let you cut pieces up to 8¾ inches wide at 90°, 6 inches at 45°. Depth stop protects saw when cut is completed. Hanger holds saw above base for 2-hand positioning of workpiece. Two length gauges also clamp wood to back. Kromedge saws (11 points per inch for fine cuts) stay sharp much longer than ordinary saw blades.

Our largest has easy take-down rods, fast-release saw hanger, 28x5-inch Kromedge® saw

\$98.50

1 Rugged enough to take from job to job without losing alignment in transit. Loosen a few screws to remove rods... they slip back in without loss of accuracy. Just tap the caps on top to release saw from hanger. Saw floats on 10 steel rollers which adjust to any saw thickness and for perpendicular accuracy. Cuts to 5 inches deep. Heavy cast iron legs (with mounting holes) and 18¼-inch long base make this miter box durable and stable. Guides supported by two ¾-in. half-round bars. See additional features at top of page.

9 GT 38504C—Shipping weight 32 lbs. . \$98.50

2 Saw guided by 8 steel rollers for smooth, accurate cuts. Adjusts to any saw thickness. Pre-tested at factory for accuracy. Two levers release saw from hanger. Cuts to 4 inches deep at any angle from 45° left or right. Offset steel legs with mounting holes. Two 1½/32-inch diameter guide rods. Base measures 18 inches long. See additional features at top of page.

Shipping weight 22 pounds.
9 GT 38302C \$58.50

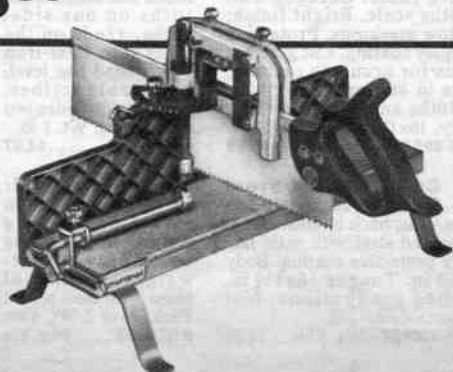

2 Our most popular has 24x4-inch Kromedge saw

\$58.50

Sears Has a Credit Plan to Suit Most Every Need

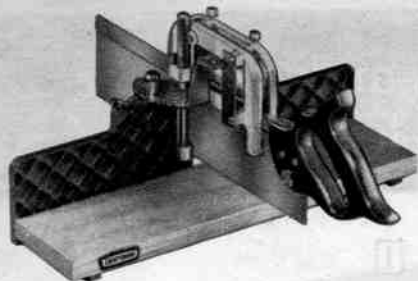

See Big Book or ask for details

All-metal Miter Box **\$36.50** with 16x3½-inch Saw

CRAFTSMAN®. Kromedge saw resists rust and abrasion, stays sharp longer than ordinary saw blades. Cast-aluminum alloy base and back with offset steel legs for stability. Legs have mounting holes. Two adjustable-length gauges also serve to clamp wood to back. Adjustable aluminum alloy guides. Commonly-used angles notched for quick set-ups. Cuts at all angles from 45° left or right, up to 3¾ inches wide, 3¾ inches deep. Base 18 inches long. Cutting board removes for replacement.

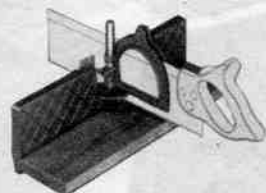

9 GT 38322—Shipping weight 10 pounds \$36.50

CRAFTSMAN®
Miter Box with
hardwood base
\$2850
With saw

With 16x3½-inch Kromedge® Saw. Notches engage locator at commonly-used angles. Cast aluminum alloy back, hardwood baseboard 17½x4½ inches wide. Cuts to 3½ inches high. Two drop pins in base... set in holes or overhanging bench edge to prevent slipping while you saw.

9 GT 36329—Shipping weight 7 lbs. 2 oz. \$28.50
9 GT 3632—Without saw. Shipping weight 5 lbs. 5 oz. 21.79

CRAFTSMAN® Miter Box
with hardwood base
\$1479

Rigid guide adjusts to any thickness saw. Cast aluminum alloy back resists warping. Cuts any angle, including 45° right thru 45° left. Base measures 4½x17¼ inches long. Hardened steel index lever and center post. Index graduated for 4, 5, 6, 8 or 20-sided figure. No saw included. Use any panel or back saw.

9 GT 3634—Wt. 5 lbs. 5 oz. \$14.79

CRAFTSMAN®
Miter box with
zinc alloy base
\$879

One-piece die-cast base and back. Screw slots in base for mounting to your work bench. Two stamped steel saw guides, 7 inches apart. Two steel hangers hold saw for positioning of material to be cut. Spring device keeps saw teeth off bed. Cuts any angle from 45° right thru 45° left. Bed measures 3½x11½ inches long. Can be used with any 14 or 16-inch back saw.

9GT3644—Shpg. wt. 5 lbs. \$8.79

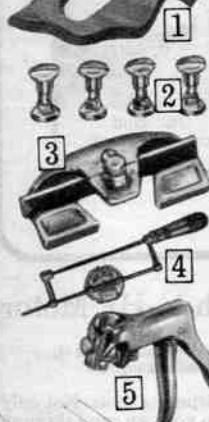

Hardwood Miter Box **\$169**

Sides and bottom constructed of ¾-inch hardwood. Slotted for left and right miters at 45° and right angle cutoffs. Bed 15¼ in. long. Capacity: 3½ in. wide, 1¼ in. high. Use with hobby, hand, back saw (not incl.).

9 GT 3643—Shipping weight 2 pounds 12 ounces \$1.69

CRAFTSMAN® Belt-Disc Finisher..fine-sands wood for high gloss finishing or rough-sands for shaping

Belt tilts and locks at any angle from horizontal to vertical...table swivels for use with either disc or belt sander

With motor,
no stand

\$179⁸⁸

Without motor
or stand

\$139⁹⁵

1 With motor. Neither hand-sanding nor portable electric tools can produce the professional-like results this machine can. All you do is feed the wood to either the 9-inch diameter sanding disc or the 6x48-inch sanding belt. You get smooth surfaces and edges that mean tight-fitting joints and glossy finishes in your woodworking projects.

Strong 6 1/4x12-in. cast-iron work table tilts from horizontal to 45° for bevel sanding. Removable table mounts under disc or belt...includes 3/4-in. miter gauge slot. Belt-sander features a sturdy backstop that provides bracing in tough sanding tasks. Convenient screws adjust belt tension and tracking. Drive shaft and idler pulleys run smoothly on permanently lubricated ball bearings. Pull-on, push-off safety switch and locking device. Frame constructed of durable cast-iron for long life. Tool includes machine and motor pulleys, motor pulley guard, V-belt. See Guarantee on p. 65.

Comes equipped with a powerful CRAFTSMAN 1/2-HP, 3450-rpm motor (9 GT 1216C...see full description on page 85). Runs on 110-120-v., 60 Hz. AC. 720 full load watts. With 8-ft., 3-wire cord. UL listed. (No overload protector—customer should provide in-line protection.) Order stand separately below.

9 GT 22521N2—Shipping weight 94 pounds.....\$179.88

Belt-Disc Finisher, without motor. Use at least 1/2-HP, 3450-rpm motor. Order stand below.

9 GT 2252N—Shipping weight 77 pounds.....\$139.95

2 Steel Floor Stand for (1). See complete description on page 77. Sent unassembled.

9 GT 22213C—Shipping weight 37 pounds.....\$32.90

Stand sold separately

Drum-sand concave curves

Sand angles (miter gauge not included)

Disc-sand convex curves

Sands intricate internal designs

Effectively sharpens lawn, garden tools

CRAFTSMAN® Sander-Grinder with 1/3-HP Motor

\$109⁹⁵ without disc attachment (4) or miter gauge (5)

3 Ideal for sanding wood, yet versatile enough for sharpening tools. Not only sands hard-to-reach crevices but easily rethreads so you can sand through openings in a workpiece for inside finishing. Aluminum oxide belt speeds at approximately 3000 feet per minute...hone plastics, wood chisels, garden tools—even mower blades. 7x9-in. cast-iron work table can be tilted downward 160° from belt, providing maximum leverage for honing tools. Upper and lower wheels have permanently lubricated ball bearings. Medium-grit belt measures 1x42 in. long. Extra belts sold separately below. Equipped with split-phase, 1725-rpm motor. Built-in on-off switch. Motor shaft, pulley and V-belt are guarded for safety. Comes with 4-ft., 3-wire cord. 110-120-v., 60 Hz. AC. UL listed. 445 full load watts. Overall: 21 in. high, 9 3/4-in. wide, 18 in. deep. See guarantee on page 65.

9 GT 2257L—Shipping weight 49 pounds.....\$109.95

Want those tight joints needed to achieve good woodworking appearance?
With 3-precision-cutting steel knives, this CRAFTSMAN® 6-1/8-in. Jointer-Planer smooths boards so true that joints become almost invisible

\$229⁹⁵ Without motor

\$269⁰⁰ With motor

1 You've cut the wood to size . . . now make the pieces fit tightly together to achieve a professionally-built look. Accurate enough to square edges and plane rough boards smooth, versatile enough to bevel and make chamfer cuts. Big 6 x 36-inch long work table lets you plane lengthy boards up to 6 inches wide in one time-saving pass.

Knives make up to 12,900 cuts per minute. Lifter-screws make it easy to install new knives; built-in scale shows depth of cut. Fence tilts to the right to any angle between 45° and 90° . . . positive stops at 45° and 90°. Built-in scale shows angle tilt of fence. Fence measures 3 1/4 x 33 inches long . . . held solidly by sure-locking hand knob. Cutterhead spins smoothly on pre-lubricated ball-bearings.

Includes spring-return cutter guard, pull-on, push-off switch with locking device plus belt and pulley guards, 6-ft., 3-wire cord. Base and rear table solidly built in one cast-iron piece. Equipped with V-belt, machine and motor pulleys. Overall size 40 3/8 x 20 3/4 x 9 3/8 inches high. Use minimum 1/2-HP, 3450-rpm motor. See guarantee page 65.

9 GT 2065N—Without motor. Shipping weight 126 pounds \$229.95

Transform ordinary woodcuts into elaborate finished products
CRAFTSMAN® 12-inch Lathe turns at 4 different speeds so
 you can shape legs, bowls, lamp bases... even knobs

Lathe with motor **\$169⁸⁸** | Lathe alone **\$129⁹⁵**

Turning capacity: 12-in. diam. over bed, 8-in. diam. over tool rest, 37 in. between centers.

Make shoulder cuts, V-cuts, cove cuts, convex cuts, taper cuts and much more with lathe accessories sold below. Choice of 875, 1350, 2250, or 3450-rpm means you can turn soft wood at low speeds, harder wood at high speeds. Handy chart on belt guard helps you determine proper lathe speeds. Up-front hand levers let you lock tool rest, tool rest base, tailstock and ram solidly into position. Tailstock slides easily along bed; convenient hand wheel adjusts ram up to 1 1/2 inches for sturdy support of woodpiece.

Special index pin in headstock helps provide equal spacing in fluting work... pin provides settings of 2 to 36 equal spacing. Hinged belt guard and pull-on, push-off switch with locking device. Head and tailstock constructed of cast iron. Steel tubing bed is 45 1/2 in. long. Spindle turns on ball bearings. Includes 6 and 12-in. tool rests, spur and cup centers (No. 1 Morse taper), 4-step machine and motor pulleys, V-belt, instruction manual. Dimensions: 19 1/2 in. wide, 12 in. high and 54 1/2 in. long. See Guarantee on page 65. Powered by CRAFTSMAN 1/2-HP motor (9 GT 1250C), page 85. 110-120-v., 60 Hz. AC. 490 full load watts, 4-ft., 3-wire cord. See "N" suffix on page 96.

Speed Reducer

Permits roughing work on large pieces by reducing lathe speed to as low as 300 rpm with 1725-rpm motors and 600 rpm with 3450-rpm motors. Adapts to NEMA motors with 48 or 56-frame. Cast aluminum construction with steel cover for long life and resistance to wear.

Shipping weight 8 pounds 2 ounces.
 9 GT 23895 \$26.99

9-inch Table Saw with quiet, induction-run motor already built in

CRAFTSMAN® Stationary Power Tool Guarantee

CRAFTSMAN Stationary Power Tools (also Welders) are guaranteed for one year to give complete satisfaction or tool will be repaired free of charge (90 days for non-Craftsman tools). This guarantee service is available through any Sears store or service center throughout the U.S. or Canada.

The induction-run motor on this 9-inch saw proved in actual tests to be 20 to 26 decibels quieter than universal motors used on two other popular saws.*

And, induction motors give you direct power transmission from shaft to blade so there are no belts or brushes to change, no commutators to clean.

This tool does a lot more than saw . . . see some of the extra jobs it can perform on the next 2 pages

Motorized
Saw alone

\$159⁸⁸

Complete Outfit:
motorized saw, two
extensions and
steel stand

\$224⁸⁸

- Cuts through wood up to 2 1/8 inches thick
- Big 20x17 inch cast-iron work table

1 Motorized Saw alone. Gives you dependable cutting action . . . you can cut through wood 2 1/8 in. thick at 90° and 2 in. thick at 45°. Rugged 9-in. Kromedge blade speeds at 8,000 peripheral feet per minute . . . rips through 3/4-in. thick wood as fast as 18 feet per minute. Roomy 11 1/4-in. table surface in front of blade at 1-inch cutting depth helps steady large boards for accurate cutting. Aluminum rip fence lines up exactly . . . locks securely in place with up-front knob. Arbor tilts for bevel work while table remains level. Positive locking controls maintain angle setting to help eliminate readjustments during repeated cutting.

Powerful capacitor-start motor develops 1.6 HP . . . 100% permanently lubricated ball bearings. Thermal overload protector guards against burn-outs. Pull-on, push-off switch with locking device. Clear-view blade guard with spreader and anti-kickback pawls. Dado capacity: 1 3/16-in. wide, 1 1/8-in. deep with 7-in. diam. dado set (not incl.). Includes blade, miter gauge, 6-ft., 3-wire cord. 110-120-v., 60 Hz. AC. 1050 full-load watts. UL listed. See Guarantee above.

9 GT 2414N—Without stand or extensions. Shpg. wt. 88 lbs. . . . \$159.88

Complete Outfit. Includes 9-inch motorized saw plus extensions (2) and (3) and steel stand. Stand (9 GT 22214C on page 66) adjusts in height from 23 3/8 to 26 3/8 in. Non-slip rubber padded feet. Order smooth-rolling casters separately on following page.

9 GT 24146N4—Shipping weight 138 pounds . . . \$224.88

Combination Molding Head/Dado Insert for table saw above.

9 GT 29934—Shipping weight 1 lb. 2 oz. . . . \$2.95

(2 and 3) Extensions for Table Saw above.

(2) 9 GT 24277—Solid-type 8 1/4-in. Shpg. wt. 6 lbs. . . . \$19.50

10-inch Saw

Saw alone **\$219⁹⁵**

Saw with motor **\$269⁹⁰**

- Cuts through wood up to 3³/₈ inches thick
- Large 20x27-inch work table for big tasks

Sears Has a Credit Plan to Suit Most Every Need

See Big Book or ask for details

Help add maneuverability to your stationary power tools...order smooth-rolling caster set separately below

1 Saw alone. Rugged enough to take on heavy duty tasks usually reserved for bigger saws...cuts through lumber up to 3³/₈ in. deep at 90°, 2¹/₄ in. deep at 45°. Rips ³/₄-in. wood as fast as 24 ft. per minute. Tough 10-in. Kromedge® blade with ³/₄-in. center hole turns at approximately 9,000 peripheral feet per minute for dependable cutting action.

You can cut wide boards easily because there's plenty of operating room with 15¹/₄ inches of table surface in front of blade at 1-in. cutting depth.

Positive locking controls maintain angle settings, so there's no readjusting during repeated cuts. Blade, belt and motor-mount tilt together to eliminate belt-twisting loss of sawing power. Single knob locks fence securely...pick-off type fence removes easily at any point. Bevel handle conveniently located on right side of saw.

Comes with miter gauge, see-through blade guard, wood spreader that helps prevent binding and anti-kickback pawls that help prevent wood from kicking back when ripping.

Saw also includes machine and motor pulleys, V-belt, belt pulley guard and blade. Without motor. See guarantee pg. 65.

9 GT 29912N—Shpg. wt. 137 lbs.\$219.95

Saw (1) with 1-HP, 3450-rpm motor. Capacitor-start. Sleeve bearings. Six-foot, 3-wire cord. 1250 w., 110-120-v., 60-Hz. AC. For complete description, see motor (9 GT 1217) found on page 85.

9 GT 13427N2—Shpg. wt. 158 lbs.\$269.90

Combination Dado/Molding Head Insert for saw (1). Gives extra woodworking protection.

9 GT 29994—Shpg. wt. 1 lb. 15 oz.\$5.75

2 Solid-type 10-inch Table Extension.

Mounts on either side of saw. Includes installation bolts and rip fence rack extension. Also fits former saw 9-29911.

9 GT 29955C—Shpg. wt. 8 lbs.\$23.99

Extension Fence Adaptor Kit. Adapts our present saws and former table saws 9-2990, 29901, 2994, 29911, 29902 to take solid extensions. Shipping weight 1 pound.

9 GT 29953.....Kit \$6.75

3 20-in. Adjustable Extension. Increases work space by up to 400 square inches for those big cutting tasks.

9 GT 2178—Shpg. wt. 12 lbs.\$19.80

4 Steel Floor Stand for (1). Rubber-padded feet prevent slipping. Height adjusts from 23¹/₄ to 26³/₄ in. Bottom measures 22x23³/₄ in. Sent unassembled.

9 GT 22214C—Shpg. wt. 32 lbs.\$32.90

5 Set of 4 Casters for (1). Tough phenolic plastic. Front casters swivel, rear rigid.

9 GT 22201—Shpg. wt. 6 lbs. 8 oz.Set \$16.90

for specialized jobs like these

Spline cut*

Compound cut

Taper cut*

Both saws on these 2 pages have this exclusive

Exact-I-Cut Indicator. It shows you where the blade will enter the wood... this means no more time-consuming, trial-and-error cutting or wasting of wood

Complete
12-inch Outfit
\$429⁹⁵

Outfit includes:

- **SAW**... big 12-in. blade that cuts through wood up... to 3⁹/₁₆ inches thick
- **EXTENSIONS**... big table with 1 adjustable plus two solid extensions give you a huge 57x27-inch work area
- **INDUCTION MOTOR**... capacitor-start, develops 3¹/₂ HP
- **STAND**... solid self-supporting steel legs

The best table saw we offer... gives you both the design and equipment needed to handle the largest sawing projects any home or workshop can produce. You get deeper, more powerful cutting and a larger work area than any other table saw in this book. So rugged it rips through lumber over 3 inches thick at 90° and 2³/₈ inches thick at 45°. Powerful direct-drive motor already built-in... gives you direct transmission of power to blade for maximum cutting efficiency. Dependable 100% ball-bearing construction means smooth running and long life, too. At maximum speed, big 12-inch Kromedge® blade with 5/8-in. center hole spins at 10,800 peripheral feet per minute... enough speed to rip through wood up to 1⁵/₈ inches thick as fast as 23 feet per minute.

Wide 10-inch solid extensions on each side of the table give you over 1000 square inches of work surface. When combined with the adjustable extension you get a giant work area 27x57 inches wide... enough to rip through the middle of a 6-foot panel easily. And you can crosscut large boards because there's 16¹/₄ inches of table surface in front of the blade at 1-inch cutting depth.

Automatic brake stops spinning blade seconds after shutoff. Locking controls maintain depth and angle settings. Arbor tilts for bevel cutting. Micro-adjustment knob lets you set rip fence to exactness... removes at any point. Clear-view blade guard with spreader helps prevent binding and anti-kickback pawls help prevent wood from kicking back during cutting. Outfit includes steel legs designed to give you the proper working height for this saw. Comes with 6-foot, 3-wire cord. 220-240-v., 60-Hz. AC. UL listed. 1540 full load watts. See guarantee on page 65. Order casters separately on facing page. To help protect your eyes, order goggles on page 116.

Looking for a machine that can do a lot more than saw?
Our quiet-running **CRAFTSMAN**® Radial Saws give you
more versatility than any other saws we sell!

Imagine . . a rugged 10-inch
Saw at a price this low

Only
\$229⁹⁵

**BUILT-IN MOTOR
DEVELOPS 2 HP**

- Rear-mounted crank controls cutting depth
- 26x37½x¾-in. thick chipboard work table
- Manual brake stops blade in seconds
- Cuts lumber up to 3 inches thick

There's almost no limit to the number of projects you can tackle with this saw. You get dependable cutting and woodworking performance in almost any workshop task . . perform everything from basic woodcuts to specialized operations shown above. Stands up to frequent use with a solid cast-iron column plus cast-aluminum arm and column support. Carriage slides smoothly on sealed ball bearings to give easy operator control.

Sturdy, single-leg yoke construction swivels motor and Kromedge® blade for ripping. Fixed stops at center and 90° right or left mean quick, easy adjustments. Also miters and bevels . . built-in miter and bevel scales. Fixed miter stops at center plus 45° right or left; bevel stops at vertical, 45° and horizontal. Double-end shaft has ⅝-in. arbor for blade plus ½-in. x 20-thread end for accessories.

Pull-on, push-off switch comes with locking device. Blade guard with spreader to help keep wood from binding and anti-kickback pawls to help prevent wood from kicking back. Capacitor-start, 3450-rpm motor complete with overload protector to guard against burnouts. Runs on 110-120-v., 60 Hz. AC, 1170 full-load watts. UL listed. Includes six-foot cord.

Maximum rip width: 25 inches; maximum crosscut in ¾-inch stock: 13½ inches. Dado capacity: 7 inch diameter, 1⅜-inch width. Depth of cut 3 inches at 90°; 2¼ inches at 45°. See Guarantee page 65. Order stand from page 76.

9 GT 2316N—Shpg. wt. 105 lbs. . . . \$229.95

Our finest 10-inch Radial Saw

It has more power, easier-to-reach controls and a larger work table than saw at left . . . it's even more rugged

- Easy-to-reach, up-front controls
- Large 27x40x1-in. thick chipboard work table
- Automatic brake stops blade in seconds
- Cuts lumber up to 3 inches thick

Saw alone

\$299⁹⁵

Complete Outfit:
Saw, light plus stand
with door panel,
3 drawers, casters

\$389⁸⁸

**BUILT-IN MOTOR
DEVELOPS 2½ HP**

Saw alone. More power and a larger work surface mean you can tackle bigger jobs than with saw at left. Column, arm and column support all constructed of extra-tough cast iron that withstands heavy use. Strong, resin bonded table sealed under pressure for resistance to wear and warping. Solid double-leg yoke construction swivels both motor and Kromedge® blade for ripping . . . fixed stops at center and 90° right or left.

Carriage glides smoothly on sealed ball bearings to give ease in handling. Handy work function chart and adjustable miter, bevel and in-out rip scales help provide fast setups. Performs accurate miter and bevel cuts . . . fixed miter stops at center and 45° right or left; bevel stops at vertical, 45° and horizontal. Double-end shaft, ½-in. arbor for blade plus a ½-in. x 20-thread end to accommodate accessories.

Pull-on, push-off switch and locking device. Blade guard with spreader and anti-kickback pawls to help prevent wood from binding and jumping back from blade. Powered by quiet-running 3450-rpm capacitor-start motor with overload protector to guard against burnout. Runs smoothly on 110-120 or 220-240-v., 60 Hz. AC. UL listed. Quick-connect terminals for fast conversion to 220-240-v. power.

Maximum rip width: 25½ inches. Maximum crosscut in ¾-in. stock: 15½ inches. Dado capacity: 8-in. diameter, 13/16-in. width. Depth of cut: 3 inches at 90°, 2¼ inches at 45°. See guarantee page 65. Shipping weight 180 pounds.

9 GT 2310N \$299.95

Complete Outfit. Includes saw above plus heavy-duty steel stand (9 GT 22202L) plus 3 drawers (9 GT 10329), locking front panel (9 GT 10335), set of 4 casters (9 GT 22201), and work light with 18-in. flexible neck (9 GT 2480). All these accessories described on page 76. Shipping weight 280 pounds.

9 GT 23102N8 \$389.88

Protect your eyes . . .
use goggles: See page 116.

This 12-inch Radial Saw gives you more power, a larger work table and deeper cuts than any other radial saw we offer

- Easy-to-reach, up-front controls
- Huge 29x44x1-inch thick chipboard work table
- Automatic brake for fast blade stops
- Cuts through lumber up to 4 inches thick

\$399⁹⁵

And it can do a lot more than saw . . . see some of its extra operations on page 70

Built-in Motor develops 3½-HP

Our Best CRAFTSMAN® Radial Saw. Cast-iron arm, column and column support give maximum strength for heavy-duty cutting. Resin-bonded work table is sealed under pressure for lasting durability. Solid double-leg yoke construction swivels both motor and Kromedge® blade for ripping . . . fixed stops at center and 90° right or left. Miter and bevels . . . fixed miter stops at center and 45° right or left; bevel stops at vertical, 45° and horizontal. Work function chart plus adjustable miter, bevel and in-out rip scales for fast setups. Blade guard with anti-kickback pawls and spreader device, plus retractable lower guard.

Double-end shaft with ⅝-in. arbor for blade plus ½-in. x 20-thread end for accessories. Steel carriage trackway . . . sealed ball bearings. Heavy-duty capacitor-start 3450-rpm motor with direct drive for maximum cutting power. Overload protector prevents burnouts. Pull-on, push-off switch with keylock. Maximum rip width: 26½ inches; maximum crosscut in ¾-inch wood: 16½ inches. Dado capacity: 8-inch diameter, 1⅜-inch width. Depth of cut: 4 inches at 90°; 2⅛ inches at 45°. 220-240-v., 60 Hz. AC. 1650 full-load watts. 6-foot, 3-wire cord. UL listed.

9 GT 2330N—Shipping weight 218 pounds . . . \$399.95

Motorized Miter Box Saw

- Cuts any angle from 90° to 45° right or left
- Easy-to-read 1° graduations on miter scale
- Big 9-inch blade spins at powerful 5,000-rpm . . . that's fast enough to zip through wood, plastic or even lightweight aluminum

\$216⁹⁹

1 CRAFTSMAN. Ideal for home workshops and building trades . . . compact and lightweight for on-the-job cutting. Handles 90° cuts in 2½x4-in. stock, makes 45° cuts in stock up to 2½x3½ in. Locks at any angle . . . fixed stops at 90° and 45° right or left. Downward travel of blade can be adjusted for depth of cut desired.

Saw locks in down position. Exclusive push-button brake stops spinning blade almost instantly. Retractable see-through blade guard. Powered by belt-driven 1.6-HP motor with 100% ball-bearing construction for long life. UL listed. 115-v., 1200-w., 60 Hz. AC. 6-ft., 3-wire cord, Kromedge® blade, blade wrenches and instructions. Measures 19x20x22 in. high. See *Guarantee* page 65. 9 GT 2375L—Shipping weight 44 pounds . . . \$216.99

CRAFTSMAN® 12-inch Band Saw-Sander..

it's actually two tools in one!

Cuts intricate curves or sands hard-to-reach crevices in wood up to 6 inches thick, 12 inches wide

First, it can bevel-cut even around curves

... or carve out compound shapes easily

... even resaw boards up to 6 inches thick

Second, it can sand to a satin-like smoothness

- Exclusive built-in work light illuminates working area
- Table tilts from horizontal to 45° for bevel, angle cutting
- Cuts plastic, vinyl... even asbestos floor tile easily

Band Saw-Sander alone
\$199⁹⁵

Band Saw-Sander with Motor
\$249⁹⁹

1 Perform many cutting operations from crosscutting stacks of wood to ripping and beveling, then put the finishing touches on all these cuts by sanding with the same machine. Fast-cutting 1/4x80-inch long skip-tooth blade plus 1/2x80-inch long sanding belt... both turn at 2900 feet per minute. Balanced drive and idler wheels with 12 1/4-inch diameter give smooth, continuous running... rubber-tired wheels spin freely on 100% ball bearings. Connects easily to Home-N-Shop® Vacs (sold separately on pages 86 and 87) to whisk away sawdust as fast as you work.

Sturdy 14 1/4x12 1/2-inch cast-iron table supports big cutting tasks. Micro-adjustable upper and lower blade guides with sight lines for quick and accurate settings. Spring tension on upper guide bar prevents it from falling when adjustments are being made. Blade-belt tension adjusts easily with knob... tension scale reads from outside. Includes pull-on, push-off switch with locking key. Unit comes with platen, machine and motor pulleys, V-belt and belt-pulley guard. Overall size measures 38x26x14 1/2 inches deep. See guarantee on page 65. Order stand, rip fence and miter gauge separately below.

9 GT 2420N—Without motor. Shipping weight 78 pounds \$199.95

Band Saw-Sander with motor (9 GT 1254C). Capacitor-start, 1/2-HP, 1725-rpm. Described on page 85. Runs on 110-120-v., 60 Hz. AC.

9 GT 24278N2—Shipping weight 99 pounds \$249.99

Accessories for Band Saw-Sander

2 Band Saw Rip Fence. Helps you achieve accurate cuts. Use for ripping planks and boards evenly at predetermined widths. Locks at front. Fittings included. Tilts to 45° left with positive stop.

Band-Saw Replacement Belts

This CRAFTSMAN® 15½-inch Drill Press can do a lot more than just drill holes

Built-in light illuminates working area

Router bits on page 125. Sanding drum and buffer on page 121.

- A speed for every need, as low as 380 rpm for drilling metal, as high as 8550 rpm for routing wood
- Side-mounted metal charts help make quick set-ups
- Sturdy steel column, cast-iron head and table

Drill Press alone

\$239⁹⁵

Drill Press with motor

\$279⁹⁰

Drill Press alone. You get great versatility because it features 8 set speeds . . . all you'll ever need for most drilling projects. You even get 2 built-in charts to assist you . . . one shows the right speed for specific materials, the other shows correct tap drill sizes. Belt-tension lever and sliding belt guard permit fast speed changes. Depth gauge graduates in 1/16-inch increments. Sturdy construction plus 1-piece, stationary head-design help maintain accuracy. Spindle and pulleys turn on permanently lubricated ball bearings. Drills to center of a 15½-in. circle.

Slotted 10x12-in. work table with clamp edges. Powerful torsion spring for positive quill return. Pull-on, push-off switch with lockout device. Power and light switches work independently. With pulleys, belt, chuck. *Guaranteed 1 year . . . see page 65.* Does not include motor.

9 GT 2137N—Shipping weight 181 pounds . . . **\$239.95**

Drill Press with motor (9 GT 1255C). Capacitor-start. 1/2-HP, 1725-rpm. Described on page 85. 110-120-v., 60 Hz. AC 660 full-load watts.

CRAFTSMAN® High-speed Shaper can style your work edges,

Add the Accessories below and your drill press can perform all these special chores . . . and more

1 CRAFTSMAN® Rotary Planer. Converts drill press to a planer. Dresses, trues up, finishes wood surfaces. Also removes paint and varnish. Planes a path 2½ inches wide. Die-cast aluminum with blade of high-speed steel.

Fits drill press on facing page, our former presses 9-2461, 9-2131 and others with No. 33 Jacobs taper. 1½-in. x 20-threaded sidethrust nut or locking collar. 3½-in. diameter. Hex wrench, operating instructions.

Shipping weight 1 pound.
9 GT 2745 \$14.50

2 CRAFTSMAN Shaper Fence Attachment. Helps convert drill press to shaper. Provides support for making picture frames, sashes, moldings. Hardwood fences open 1 to 3 inches. Each adjusts separately. Hold-downs keep pressure on work and help you achieve more accurate results than you could by hand.

For all CRAFTSMAN drill presses. Micrometer-type adjustments.

Shpg. wt. 6 lbs. 2 oz.
9 GT 2487 \$29.50

3 Dovetail Attachment. For making sturdy dovetail joints like those in drawers or bookcases. Clamp holds workpieces at 90°. Lets bit cut both at once, use ½-in. dovetail bits (not incl.). . . see pg. 125.

For use with any drill press. Hardened-steel slotted comb controls spacing and depth of cut. Includes end plates, comb, screw fittings, clamps, wood parts, operating instructions.

Shpg. wt. 3 lbs. 8 oz.
9 GT 2462 \$19.75

4 CRAFTSMAN® Circle Cutters. Hex shaped bit holder with size graduations noted in 1/16-inch settings. Includes bit of high-speed ground tool steel. With set screw wrench. For use in drill press or bit brace only.

With ½-in. shank. Cuts 1¼ to 7½-in. diameter holes in steel, brass, aluminum, wood, plastic.

9 GT 3640—Wt. 14 oz. \$6.49

With ¼-in. shank. Cuts 7/8 to 4-in. diam. holes in wood; brass, plastic.

9 GT 3645—Wt. 7 oz. \$3.29

5 Mortising Chisel Housing. Holds hollow chisels (6) below. Fits CRAFTSMAN drill presses with 1½-in. or 17/8-in. diameter quill.

Shipping weight 4 pounds 2 ounces.
9 GT 2465 \$12.75

6 Hollow Chisels. Squares bit holes to make mortises. For former 9-2464 and 9GT2465. Shpg. wt. ea. 4 oz.

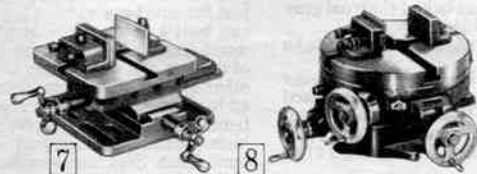

Catalog No.	Size	Cut Depth	Each
9 GT 24201	¼-in.	17/8-in.	\$7.99
9 GT 24202	3/8-in.	3-in.	8.29
9 GT 24203	½-in.	3-in.	8.49

Mortising Bits For above.

9 GT 24221—¼-in. Wt. 4 oz. \$5.99

9 GT 24222—3/8-in. Wt. 4 oz. 6.49

9 GT 24223—½-in. Wt. 4 oz. 6.99

7 Universal Compound Vise. Required for all types of drill-press operations on small metal pieces in which holes, key slots, etc. must be located, spaced or shaped. Cast iron. Bolts to drill press table. Adapts to lathes, milling machines, grinders. Jaws open to 4½-in. One jaw swivels; other with movable face. 90° graduation. 7x7-in. table. With wrench and bolts.

9 GT 2432C—Shpg. wt. 35 lbs. \$94.50

8 Rotary Indexing Table. For milling, routing, shaping, etc. Dial calibrated in 3-minute intervals. Dials calibrations to .001-in. tolerance. 8-in. diam. table rotates 360°. With vise jaws.

9 GT 2495L—Shpg. wt. 41 lbs. \$184.90

9 Tilt Table. Cast-iron. 8½x11½ inches. Indexes at 45° and 90° left or right. With mounting hardware.

9 GT 2439—Shpg. wt. 12 lbs. 8 oz. \$19.50

Holding Devices

10 Adjustable Hold-down and Guide. For mortising, drilling, etc. Cast-iron. Fits almost any drill press.

9 GT 2457—Wt. 5 lbs. \$12.80

11 General-purpose Vise. Steel-faced jaws open to 3 inches. Cast-iron base 8 in. long. Includes mounting lugs.

9 GT 2757—Wt. 8 lbs. 2 oz. \$18.50

12 Angle Vise. Perfect for angle drilling or when it's necessary to position the vise jaws out from under the drill. Adjusts from 0 to 90 degrees. Vise can be used horizontally.

Steel-faced jaws open to 2½ inches. Cast-iron. Nine inches long overall.

Shipping weight 9 lbs. 13 oz.
9 GT 2756 \$19.60

straight, varied or curved

Shaper alone \$159.95 | Shaper with motor, no stand \$199.00

A Shaper alone. Finely shaped edges give your table tops and cabinet work the look of "store-bought" quality. And no other tool we sell cuts small arcs and shapes as easily as this wood shaper. Reaches almost 9000 rpm . . . enough speed for smooth cuts that need little sanding. Semi-steel, 19x27-inch table . . . big enough for handling wide panels or long boards. Table slot for miter gauge.

Each fence-half individually adjustable from left to right and front to rear. Adjustable, spring hold-downs secure the work. Spindle turns on permanently lubricated ball bearings. Easy-to-reach control adjusts spindle height 7/8 in. Takes cutters of ½-in. bore, up to 2½ in. diameter. All parts precision-machined to limit vibration at high speeds.

With belt/pulley guard; hardened collars, nuts, washers; pulleys; V-belt. *Guaranteed 1 year . . . see pg. 65.* Without motor or stand. Use ½-HP, 3450-rpm motor.

9 GT 2394N—Shpg. wt. 87 lbs. \$159.95

Shaper with motor (9 GT 1216C). Capacitor-start. ½-HP, 3450-rpm. Described on pg. 85. Runs on 110-120-v., 60-HZ. AC.

9 GT 23942N2—Shpg. wt. 104 lbs. \$199.00

B Steel Floor Stand for above. See description on page 69. Unassembled.

9 GT 22213C—Shpg. wt. 37 lbs. \$32.90

Sash and Door Cutting Kit

For making intricate cuts used in door and window frames. Use with shaper at left or former shaper 9-2392. Includes: 5 spacer collars with ½-in. bore (1/8, 1/4, 5/16, 3/8 and 1-in.); sash cut blade; 3 recessed nuts (1/2x24, 1/2x20, 1/2x16 Acme thread); hex key.

Shipping weight 8 ounces.
9 GT 2407 Kit \$6.99

Shaper Collars

Five-pc. Set. Use above or below cutter to provide bearing surface for part not to be shaped. Makes freehand shaping on curved workpieces possible. Steel collars fit ½-in. spindle.

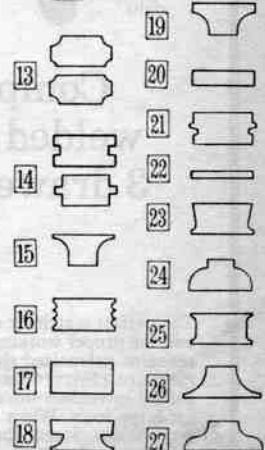

Shpg. wt. 8 oz.
9 GT 23672 . . . Set \$4.40

Alloy-steel Shaper Cutters for Wood Shaper or Drill Press

All cutters 1-inch high with ½-inch bore, except (20) 9 GT 3288 which is ½-inch high and (22) 9 GT 3287 which is ¾-inch high. To use with drill press, you need 9 GT 24832 adapter described below.

28 Adapter with holding collar. For 1/2-in. bore shaper cutters. 1/2-in. x 20-thread spindle. Fits drill press on facing page, most former CRAFTSMAN presses and others with No. 33 Jacobs taper spindle.

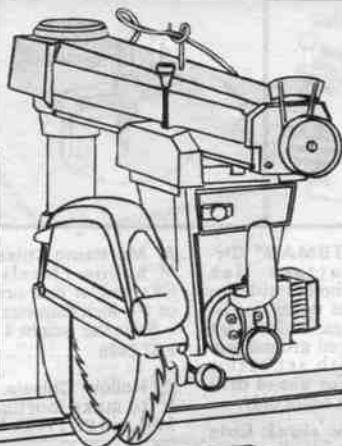

Shipping weight 12 ounces.
9 GT 24832 \$4.40

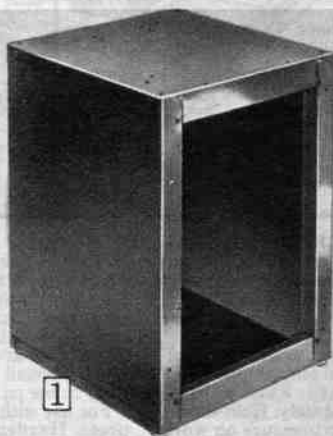

CRAFTSMAN® Steel Stands . . all custom-tailored to give you the best working height for their recommended tools

Panel pulls out, swings down to cover front and locks

For
Radial Saws

1

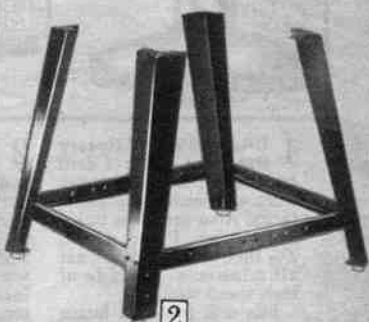

Cabinet Stand \$3850

1 Sturdy stand for most CRAFTSMAN 8, 9 and 10-inch radial saws. Constructed of heavy-gauge steel for years of use. 23 $\frac{1}{2}$ "x24 $\frac{1}{2}$ "x32 $\frac{1}{2}$ " inches high. Four-bolt assembly. Takes up to 3 drawers. Also takes locking front panel as in cabinet at left. (Order drawers and panel separately below.) Cabinet has baked charcoal gray enamel finish. Unassembled.

9 GT 22202L—Stand only. Shpg. wt. 52 lbs. . \$38.50

Drawer (not shown). Made of heavy-gauge steel. Smooth sliding, rust-resistant galvanized slides. Size: 16 $\frac{1}{2}$ "x15 $\frac{1}{2}$ "x1 $\frac{1}{2}$ " inches deep. Red enamel finish with aluminum drawer pulls. 9 GT 10329—Shipping weight 9 lbs. . . Each \$7.50

Locking Front Panel (not shown). 9 GT 10335C—Shipping weight 10 lbs. \$8.50

2

Steel Legs \$2595

2 Sturdy steel legs provide steady support and proper working height for these radial saws: 10-inch (9 GT 2316N), 10-inch (9 GT 2310N), and 12-inch (9 GT 2330N). Cross braces adjust for saw base width. Or you can bolt a thick piece of plywood (not included) to the top of the legs and adapt them to fit other saws. Leg levelers included for adjustments on uneven floors. Legs measure 33 inches high. Baked charcoal gray enamel finish. Sent unassembled.

Shipping weight 35 pounds. 9 GT 22211C Set \$25.95

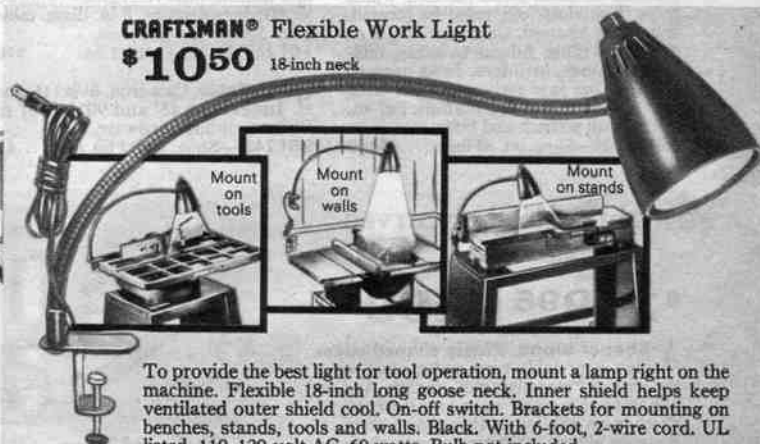

Casters sold separately at lower right

Completely assembled welded steel Cabinet with 3 drawers plus front panel \$8850

The perfect match for our 10 and 12-inch radial saws . . designed to give you the proper working height. Three smooth-sliding drawers, with rust-resistant galvanized slides, keep accessories close at hand. Red drawers measure 22 $\frac{1}{2}$ "x16 $\frac{3}{4}$ "x4 $\frac{1}{2}$ " inches deep. Full-length, aluminum drawer pulls. Convenient storage area beneath drawers provides adequate space for large tools. When open, front panel slides inside cabinet out of the way. When closed, the red panel covers front of cabinet and locks to safeguard your tools. Includes tumbler lock and 2 keys. Cabinet with charcoal gray enamel finish measures 27 $\frac{1}{2}$ "x25 $\frac{1}{2}$ "x32 inches high. Feet adjust for leveling on uneven floors. Only assembly required is lock and panel after saw is mounted. Order casters separately at right.

9 GT 22203N—Shipping weight 115 pounds. \$88.50

CRAFTSMAN® Flexible Work Light \$1050 18-inch neck

To provide the best light for tool operation, mount a lamp right on the machine. Flexible 18-inch long goose neck. Inner shield helps keep ventilated outer shield cool. On-off switch. Brackets for mounting on benches, stands, tools and walls. Black. With 6-foot, 2-wire cord. UL listed. 110-120-volt AC. 60 watts. Bulb not included.

9 GT 2480—Shipping weight 3 lbs. 4 oz. \$10.50

As above but with 24-inch neck.

9 GT 2481—Shipping weight 3 lbs. 7 oz. \$11.50

\$1690 set of four

Mobilize your power tools with CRAFTSMAN® Casters . . get the most from your workshop space

These heavy-duty casters support up to 400 pounds. Two-inch wheels made of extra-strong phenolic plastic. Set includes 2 adjustable swivel casters for the front . . with T-handles for adjustments. Also includes two rigid casters for the rear. Can be mounted on all stands on these two pages. Also, can be mounted on most stands having 5" or 10" slanted sides or straight sides.

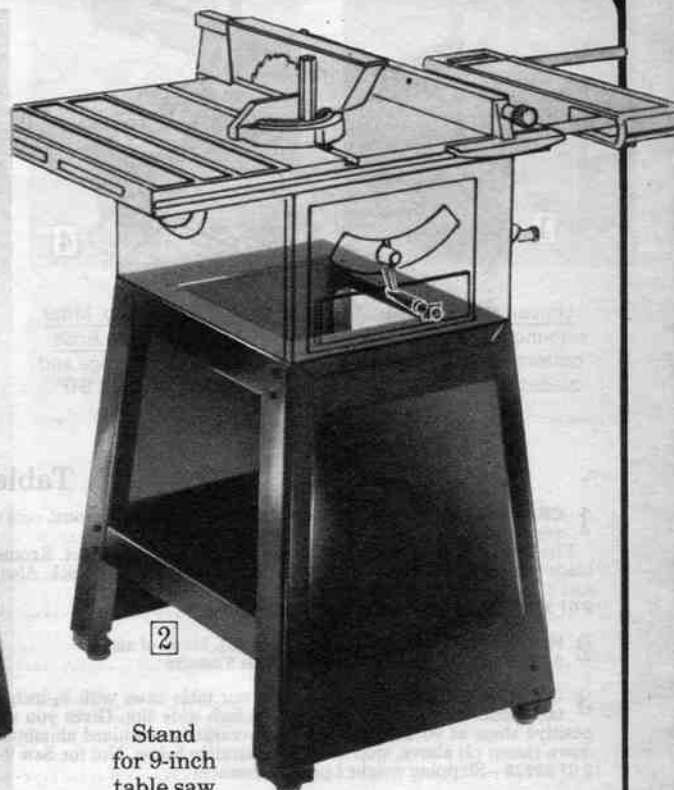

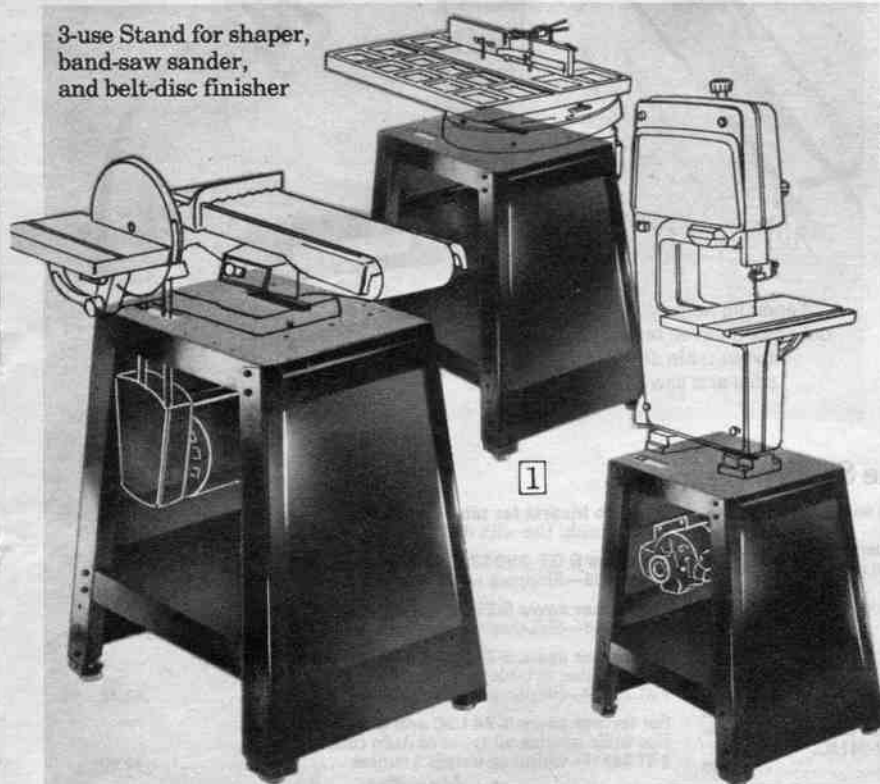

9 GT 22201—Shipping weight 6 pounds 8 ounces. Set \$16.90

And all stands on both pages give you these extra-strength features

- Rigid motor mount reduces vibration and drive-belt slippage for more positive drive

- Top and sides made of 18-gauge steel for strength...double-braced for added stability

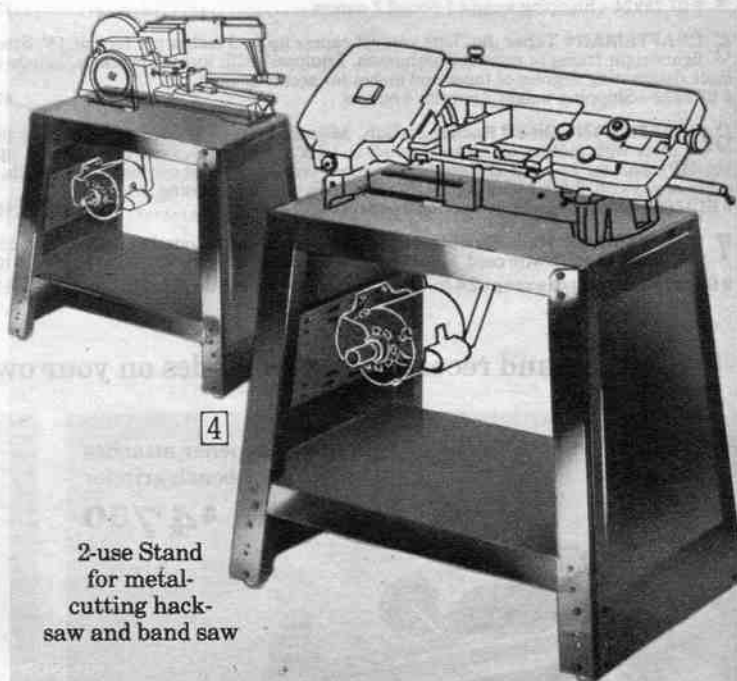

3-use Stand for shaper, band-saw sander, and belt-disc finisher

Stand for 9-inch table saw

Stand for jointer-planer

2-use Stand for metal-cutting hacksaw and band saw

(1 thru 4) Stamped steel construction. A-frame design... provides you with an exceptionally sturdy and steady work surface. Stands are adjustable to provide the best overall working heights for their recommended tools. Height adjusts up to 3¼ inches... from 23½ to 26½ inches for (2); from 27½ to 30½ inches for (1), (3), (4). Rubber-padded feet resist creeping and marring of floors. Baked black enamel finish. Casters for the stands available on facing page.

1 For CRAFTSMAN 12-inch band saw-sander, wood shaper and belt-disc sander. Top measures 19½x15¼ inches. Sent unassembled. Shipping weight 37 pounds. 9 GT 22213C.....\$32.90

2 For CRAFTSMAN 9-inch table saw and former 8 or 10-inch table saws. Top measures 19½x15¼ inches overall. Sent unassembled. Shipping weight 32 pounds. 9 GT 22214C.....\$32.90

Sharpen and recondition saw blades on your own bench grinder, radial saw or table saw

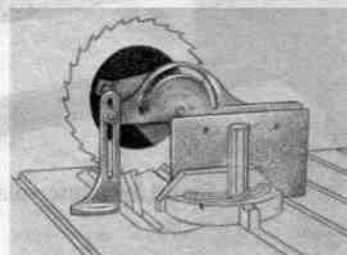

This Sharpener attaches to your bench grinder

\$4750

This Sharpener attaches to either radial saw or table saw

\$2895

Save the cost of replacing blades by sharpening and reconditioning them with this sharpener that attaches to either side of any 6-inch or larger grinder. Swing arm to side when you are not sharpening. Handles circular blades (except carbide-tipped) up to 16 inches in diameter. Resharpens, reshapes, joints... does every blade reconditioning job but setting of teeth.

Six-in. grinding wheel fits 1/2, 3/8, or 3/4-in. arbors. You get precise sharpening because the locating cone automatically centers the blade for you. Cone fits up to 2-in. round, diamond-shaped and square blade arbors. Sent from factory near Kansas City, Mo. Allow extra time. No C.O.D's. Allow for shpg., handling charges from Catalog Merchandise Distribution Center.

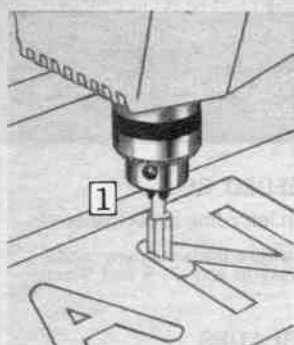

F9 GT 23393—Shipping weight 14 pounds\$47.50

Handle most every blade reconditioning job including resharping, retreating and jointing on your own table or radial saw (will not set blade teeth). Sharpen up to 12-in. diameter blades with 1/2, 3/8, 3/4, and 1-inch round arbor holes. Fits 3/4-inch slot on table or radial saws. Grinding wheel: 60 grit, 6 1/4 x 3/8-inches. Takes saw blades with 1/2 or 3/8-in. arbors. Sharpening assembly mounts, removes quickly. Includes safety guide and 2 index dials.

Shipping weight 5 pounds.
9 GT 3532\$28.95

For our complete selection of rugged stands for table saws and radial saws, see pages 76 and 77.

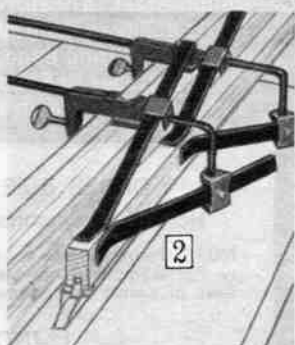

or radial saw with these Accessories

Key Chuck . . enables your saw to take routing or drilling bits

1 Convert your radial saw into an on-the-spot drill or router . . just screw on the chuck and insert bits. Takes bits with shanks from $\frac{3}{16}$ to $\frac{1}{2}$ -in. in diameter. Chuck fits $\frac{1}{2}$ -in. 20-thread accessory ends on radial saws. Also includes chuck key for locking and releasing drill and router bits.

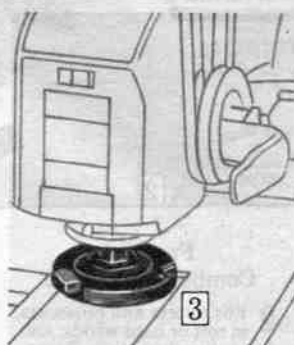

Shipping weight 1 pound.
9 GT 2980 \$6.99

Hold-down Attachment steadies work for dado and molding cuts

2 To do the job accurately, your workpieces have to be steady. This handy attachment will secure them when you use radial saws, table saws, shapers, jointers. Four holding fingers for firm support. Includes clamps, hardware, and set-up instructions.

Shpg. wt. 2 lbs. 11 oz.
9 GT 3230 Set \$8.50

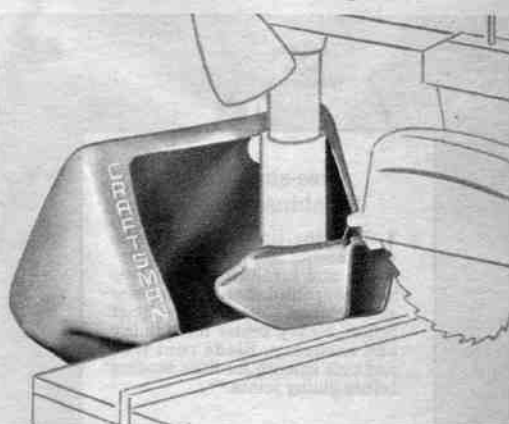

Rotary Surface Planer Attachment cuts a 4-inch path

3 Three carbide-tipped, alloy steel blades. Die-cast aluminum body with air-flow design. Fits radial saws with $\frac{3}{8}$ -in. arbor. Not for 9-2922. Lets you shape and smooth work surfaces fast, with little effort. Wide path makes even the big jobs easier to tackle.

Shipping weight 1 pound.
9 GT 29513 \$15.50

CRAFTSMAN® Sawdust Collector Attachment \$18.90

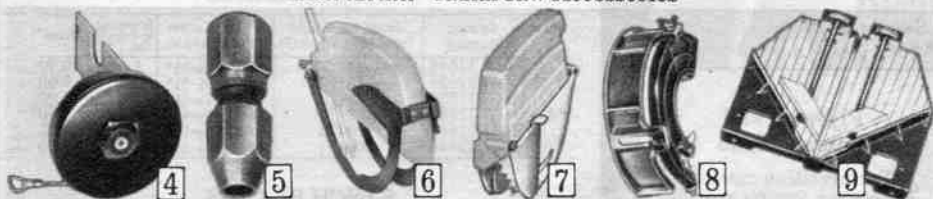

Fits on any radial saw we sell . . helps eliminate bothersome sawdust and cuts down on clean-up time

Sawdust and shavings from your radial saw can be both annoying and even dangerous to your eyes. Help keep the air and floor clean with this Sawdust Collector Attachment. The giant, high-impact plastic shroud catches sawdust and wood chips thrown off by the blade. The debris funnels down through the chute on the bottom of the shroud . . not out the back and into the air. Just place a bag or box under shroud to gather the sawdust. Or, for more complete clean-up, connect collector to any $2\frac{1}{2}$ -in. diam. vac hose. (See our wide selection of Home-N-Shop Vacs and accessories on pp. 86 and 87).

9 GT 29517C—Shipping weight 7 lbs. Kit \$18.90

CRAFTSMAN® radial saw Accessories

4 Automatic Carriage Return. Steel guide wire returns carriage to rear of support arm after each cutting stroke. Saves the effort of manual carriage returns. Use with either 10 or 12-in. radial saws.

Shpg. wt. 1 lb. 6 oz.
9 GT 2956 \$11.75

5 Adapter. Enables radial arm saws to accept routing or drilling bits having $\frac{1}{4}$ -inch shanks. Fits radial saws with $\frac{1}{2}$ -in. 20-thread accessory ends.

Shipping weight 5 oz.
9 GT 3239 \$2.20

6 Floating Ring Guard. Fits former Radial saws 9-2933, 9-2934, 9-2940, 9-2941, 9-2943, and 9-2944. Shpg. wt. 1 lb. 7 oz.

9 GT 29007 \$7.80
Floating Ring Guard. Fits former saws 9-2945 and 9-2946. Wt. 1 lb. 7 oz.

9 GT 29008 \$7.80

7 Retractable Lower Blade Guard. Clear-view plastic guard provides added protection. Aluminum frame. Fits 10-inch radial saws 9 GT 2310N and former 9-2311 only. Shpg. wt. 1 lb. 5 oz.

9 GT 29009 \$10.75

8 Molding Head/Dado Guards. Give added protection when radial saw is used with dado blades or molding cutters. Black molded plastic.

Fits over blades and heads up to 7-in. diameter. Not for saw 9-2922.

9 GT 29524—Wt. 1 lb. 1 oz. \$9.90

Fits over blades and heads up to 8-in. diameter. Not for saw 9-2922.

9 GT 29523—Wt. 1 lb. 8 oz. \$9.90

9 Miter Visor. Makes close-to-perfect 45° cuts for picture, door or window frames. Holds molding or frame sections up to 3 in. wide. Cast-aluminum base, jaws. Steel screws. Fits most radial saws. For wood or metal.

9 GT 3279—Shpg. wt. 2 lbs. \$11.50

For your protection, always wear safety goggles or shields when using power tools. See page 116 for a complete selection.

Blade Stabilizers cut vibration and wobble for more accurate cuts

11 CRAFTSMAN®. Use with carbide-tipped blades and most regular blades, from 7 to 10-inches in diameter. Helps them cut smoother. Made of quality tempered steel. One side taper ground, the other flat ground. Stabilizer measures 4 inches in diameter. Center hole knock-out bushed for $\frac{3}{4}$ to $\frac{1}{2}$ -inch arbors. Sold in packages of two.

9 GT 4952—Wt. 1 lb. 6 oz. Pkg. \$3.70

Sanding Wheels and Discs

10 CRAFTSMAN® 10-inch Sanding Wheel. Converts your table or radial saw for sanding operations. Flat disc made of rigid, tempered steel. Coarse abrasive on one side, medium abrasive on other. Fits on arbor like saw blade, made to fit arbors $\frac{3}{4}$ to $\frac{1}{2}$ -in. Wheel 10 inches in diameter. Replacement discs sold below.

Shipping weight 3 lbs. 14 oz.
9 GT 22723 \$5.90

CRAFTSMAN® 8-inch Sanding wheel. Attaches to table or radial arm saws to convert to power sanding. Strong Aluminum casting. Two sanding surfaces: one flat and one with 2" taper. Both sides have medium grit. Remove stock faster than conventional wheels with less clogging. Size $8\frac{1}{2}$ x $\frac{1}{2}$ -in. Fits arbors $\frac{3}{4}$ and $\frac{1}{2}$ -in. Replacement discs sold below.

Shipping weight 1 lb. 2 oz.
9 GT 22724 \$4.60

Replacement Sanding Discs. For wheels above. 3-in. center hole. 2 each: fine, med., coarse. Use disc cement. Six in pkg.

9 GT 22732—8-in. Wt. 9 oz. Pkg. 99c
9 GT 22731—10-in. Wt. 13 oz. Pkg. \$1.69

CRAFTSMAN® Kromedge® Specialty Blades

(12 thru 17) Chrome-nickel-molybdenum steel. Chrome-plated to resist rust and guard against gum or pitch buildup.

12 7-in. cabinetwork combination. Flat-ground fine teeth rip, cross-cut, miter in hard or soft wood . . even veneers . . cut stain smooth. For 7 to 10-in. table saws, electric hand saws. $\frac{5}{8}$ -in. hole. 52 teeth.

9 GT 32433—Wt. 12 oz. \$3.90

13 6-in. woodwork combination. "Free-Cut" design . . taper ground. For crosscuts, miters, ripping on furniture woods. 18-gauge. For $\frac{1}{2}$ to $\frac{3}{8}$ -in. arbors. Use at speeds between 5080 and 7640 rpm.

9 GT 32631—Wt. 9 oz. \$3.70

14 4-in. chisel-tooth Blade. Crosscut and rip with hand, radial and table saws. 30 teeth. Fits $\frac{1}{2}$ to $\frac{3}{8}$ -in. arbors.

9 GT 32401—Wt. 4 oz. \$1.90

15 4-in. fine-tooth cross-cut Blade for plywood. Fine finish work. Use with $\frac{1}{2}$ -in. saw or $\frac{1}{4}$ -in. drill attachment. 21-gauge. 100 teeth. $\frac{1}{2}$ -in. center hole.

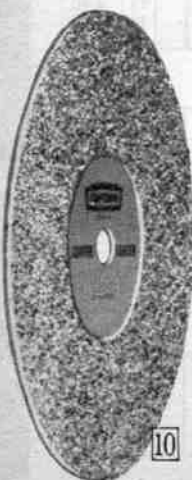

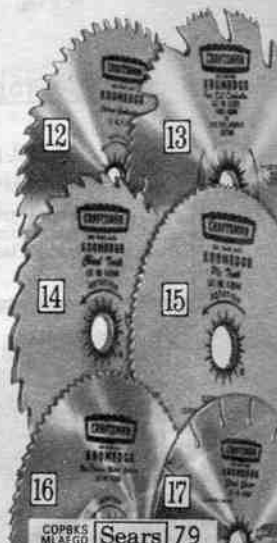

9 GT 32441—Wt. 5 oz. \$2.20

16 6½-in. non-ferrous metal cutting Blade. Cuts copper, brass, aluminum, iron. Taper-ground (no-set). Use with circular saws only. 80 teeth. $\frac{3}{8}$ to $\frac{1}{2}$ -in. center hole.

9 GT 32505—Wt. 10 oz. \$5.90

17 6½-in. steel slicer Blade. Cuts by friction. Cuts metal to $\frac{3}{32}$ -in. thick. Cut roofing, iron, pipe, bar stock . . will not cut wood, non-ferrous metals. To be used with circular saw only. Use safety goggles . . this blade generates sparks. $\frac{3}{8}$ to $\frac{1}{2}$ -in. center hole.

9 GT 32507—Wt. 10 oz. \$4.60

Kromedge® Blades

Blade bodies fortified with chrome-nickel-molybdenum steel... a heat-treated alloy specially selected for its ability to maintain not only strength but also a precise cutting edge.

These blades fit Sears, Black and Decker, Rockwell and most other brands of saws.

ORDER SIZE NEEDED BELOW

Not all blades described at left come in each size

NOTE: If arbor fits, you can use smaller blade than saw capacity. For example: 6-inch blade may fit your 7, 8 and 9-inch saws, plus most 10-inch saws.

Shipping weight each 15 ounces.
9 GT 32512—Each \$1.46... 5 for \$6.95 40 for \$54.80

Kromedge® Blades armed with tungsten-carbide tips

These blades last far longer, stay much sharper and cut more kinds of material than any other blades we sell. Why? Because every tooth on every blade is tipped with tungsten-carbide, one of the hardest cutting materials ever made by man. Each tip's cobalt bonded and diamond-ground to a keen edge. Kromedge blade bodies made of extra-tough chrome-nickel-molybdenum steel. They're hardened, tempered and precision ground to run true. Then they're chrome-plated to fight rust and guard against gum or pitch build-up. Each blade ends up tough and balanced for smooth cutting, easy feeding and long life.

Sears * Best

Alternately bevel-ground tips on these blades cut almost splinter-free . . . cut even smoother than blade on right. Expansion holes and slots help blade run freely *plus* guard against warping and heat distortion

With four carbide tips per inch of diameter, these blades cut almost splinter-free. Alternate beveling means each tip removes less material per bite than flat-ground tips (blade above, right). The result . . . fine-finish cuts in almost any material. Excellent for crosscuts, miters and bevels in all woods, laminates, plastics, Formica® plastic laminate, Masonite Presdwood®, Transite® and other materials. Also makes excellent rip cuts. *Not for use on metals or masonry.* Use 8-in. size for 9-in. saws.

Catalog Number	Diameter inches	Teeth	Max. RPM	Center Hole in.	Shpg. wt. lbs. oz.	Price
9 GT 3259	8	32	5200	5/8-1/2"	1 13	\$44.90

32 TOOTH

Alternately bevel-ground tips

Excellent for General Purpose Sawing of all Woods and Composition Materials

WARNING
DO NOT USE FOR FERROUS METALS

Sears * Best

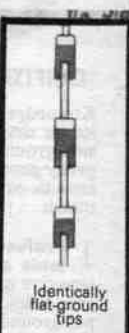

Identically flat-ground tips on these blades take small, equal bites for a more controlled cut than with non-tipped blades

Blades take small, equal bites because each tip projects only .020/.050 of an inch above the non-cutting edge. Ideally suited for general-purpose woodworking . . . rips, crosscuts, miters and bevels (both regular and finish cuts). Also good for regular cuts in Masonite Presdwood®, Formica® laminate, other laminated plastics, asbestos wallboard, even soft metals like aluminum, brass. *Not for cutting ferrous metals, masonry.*

Fits 5/8-inch round arbor. Includes four 1/16-in. paper washers for precise width adjustments. 1 3/16-in. maximum width of cut. 9 GT 32475—Shipping weight 5 pounds 8 ounces. . . . Set \$33.95

6-inch Set for radial and table saws (not shown). Four inside chippers 1/8 in. thick, one 1/16 in. thick. Two 1/8-in. thick outside cutters, four paper washers. Maximum width of cut is 1 3/16 inch. Order dado inserts separately from page 78. 9 GT 3248—Fits 1/2-in. round arbor. Wt. 3 lbs. 2 oz. . . . Set \$19.50 9 GT 3249—Fits 5/8-in. round arbor. Wt. 3 lbs. 4 oz. . . . Set 19.50

CRAFTSMAN® Dado Set for electric hand saws \$9.75

3/8-inch Set. For all of our circular saws except 9 GT 1187C, 9 GT 1188C. Kromedge blades. Two 1/8-in. chippers, one 1/16-in. chipper. Two 1/8-in. outside cutters. Width of cut 1/8 to 3/16 in. Max. depth of cut 1/16 in. Mounting hardware. Shpg. wt. 1 lb. 8 oz. 9 GT 3268 Set \$9.75

CRAFTSMAN® Molding Heads with Kromedge Bits

They let you make up to 20 decorative cuts with your radial-arm or table saw . . . or combine different bit sets to create even more designs

21-piece Set lets you cut 6 patterns (A thru F) . . . 4 1/4-inch cutting diameter

\$24.50

27-piece Set lets you cut 8 patterns (A thru H) . . . 7-inch cutting diameter

\$33.90

4 1/4-inch cutting diam. For 8, 9 and 10-in. non-motorized table saws. **21-piece Set.** With triple-cutter head. Copy designs or make your own. Includes 18 bits (six 3-piece sets). Also wrench, spacer-washer, bushings, instr., plastic case. (Fits 1/2, 5/8 or 3/4-in. round arbors.) Not for use on 7 1/2-in. table saw or former 8-in. radial saw 9-2922. 9 GT 3221—Shipping weight 2 pounds 4 ounces. . . . Set \$24.50

7-inch cutting diameter. For current 9, 10 and 12-inch radial and table saws. **27-piece Set.** With triple-cutter head. Includes 24 bits (eight 3-pc. sets). Also includes wrench, spacer-washer, bushing and plastic case. (Fits 5/8 and 3/4-inch round arbors.) 9 GT 3217—Shipping weight 4 lbs. 3 oz. . . . Set \$33.90

Cutter Head only. As above, but without bits (bits below). 9 GT 3214—Shipping weight 2 pounds 10 ounces. . . . \$9.75

Note: Be on the safe side . . . wear protective goggles or shields. See page 116 for a complete selection.

Kromedge Cutter-bit Sets. Tool steel. 3 in each set.

Single Cutter Head . . . 21-piece Set lets you cut all the patterns shown except (G) and (V) . . . 18 patterns in all

\$31.95

5 1/4-inch cutting diameter. For table or radial saws up to 10-inch (except former 8-in. radial 9-2922). Fits other saws with 1/2 or 5/8-inch round arbors. 18 single Kromedge bits let you make 18 different kinds of trim, molding and joints. Bits can't turn in cutter head . . . you get precision alignment at all times.

Set includes cutter head, 18 bits, wrench, spacer-washer, bushing, operating instructions. With sturdy plastic storage case. 9 GT 3215—Shpg. wt. 3 lbs. Set \$31.95

Compact Bench Tools

Your
choice

\$54.99
each

When used with motor sold separately below, you get big performance to handle most every woodworking job. Yet, these tools are small enough to fit in a workroom corner. If you have space for a 2x4-foot workbench, you have enough space to accommodate any one of these Compact Bench Tools.

Sears Has a Credit Plan to Suit Most Every Need

See Big Book or ask for details

8-inch Table Saw . . rip, miter, dado, cut wood up to 2 1/4 in. thick

1 Saw alone. Blade turns on sealed ball bearings . . cuts bevel angles up to 45°. Tilt scale gives you accurate settings. 10 1/2 x 13-in. cast-iron table lets you add two extensions (sold below). Right and left-hand miter slots with removable insert. Distance in front of blade at 1-in. cutting depth is 5 1/2 in. Kromedge blade with 5/8-in. hole. With blade guard, rip fence, miter gauge. Includes machine and motor pulleys, v-belt.
9 GT 2412C—Shipping weight 26 lbs. \$54.99

2 6-in. extensions for above. Pkg. of 2.
9 GT 24237—Shpg. wt. 2 lbs. 9 oz. \$9.99

3 Steel Stand for above. Top 21 1/2 x 16 1/4 in. Adjusts from 28 to 34 in. high. Unassembled.
9 GT 22219C—Shipping weight 23 lbs. \$18.90

4 Lathe alone. 3-speeds. Big 12-in. swing over bed handles pieces up to 36 in. long. Spindle turns on sealed ball bearings. Double-tube bed holds tool rest firmly in place for accurate work. Ball-thrust cup center and positive drive center help hold workpiece steady. Positive cam locks on tailstock and toolrest assemblies. Spin-quick tailstock ram adjustment and lock. Machine-milled v-way in headstock and tailstock. 49 1/2-in. long. With pulleys and v-belt.
9 GT 2387L—Shipping weight 28 pounds \$54.99

5 Workbench for Lathe above. Tough 2x4-ft. hard-board top with flakeboard core. Stands 32 1/2 in. high. Mount motor on top. Unassembled. See "N" suffix, p. 96.
9 GT 10278N—Shipping weight 67 pounds \$36.95

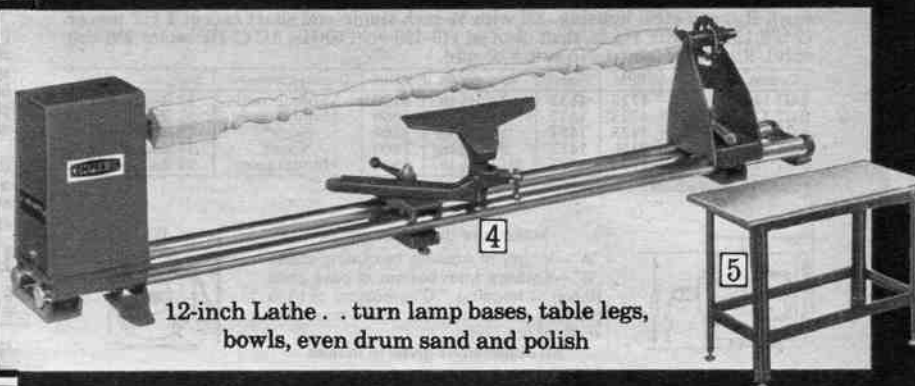

6 Belt-Disc Sander alone. Versatile enough to sand soft metals, plastics and composition materials. Handles large, flat surfaces, end-grain sanding, even inside or outside curves. Machine-ground cast-iron table adjusts from horizontal to vertical. Disc table tilts to 45° for bevel sanding. With 6-inch sanding disc and 4x36-inch sanding belt. Uses 1/4-in. shaft accessories. Also includes machine and motor pulleys plus v-belt and motor mount.
9 GT 2264C—Shipping weight 17 pounds \$54.99

7 Steel Stand for Sander above. Top 21 1/2 x 16 1/4 in. Adjusts from 28 to 34 in. high. Unassembled.
9 GT 22219C—Shipping weight 23 pounds \$18.90

Swivel motor mount for (7). Maintains belt tension.
9 GT 2730—Steel. Shipping weight 1 lb. 9 oz. \$2.90

8 Jointer-Planer alone. Three hardened steel knives plane boards up to 4 in. wide in one pass. Spindle turns on sealed ball bearings. Cast-iron table with adjustable depth control . . measures 21 3/4 x 4 1/4 in. wide Fence tilts 45° for bevels. Spring-return cutter guard. Recommended cutter speed 3800 rpm. Overall length 24 inches. With machine and motor pulleys, motor mount.
9 GT 2187C—Shpg. wt. 19 lbs. \$54.99

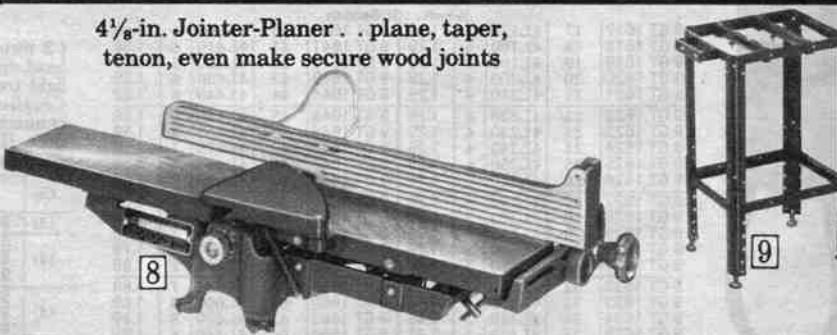

9 Steel Stand for Jointer-Planer above. Top 21 1/2 x 16 1/4 in. Adjust height from 28 to 34 in. Unassembled.
9 GT 22219C—Shipping weight 23 pounds \$18.90

12-inch Lathe . . turn lamp bases, table legs, bowls, even drum sand and polish

Belt-Disc Sander . . rough sand to shape, fine sand to finish all types of wood

4 1/8-in. Jointer-Planer . . plane, taper, tenon, even make secure wood joints

This high-torque, 1725-rpm Motor fits all Compact Bench Tools on this page

10 NEMA rated 1/2-HP. Rigid base with 3x4 7/8-inch mounting. Reversible rotation. Sleeve bearings. 4-ft., 3-wire cord. 110-120-v., 670 w., 60 Hz. AC. See complete description on page 85.
9 GT 1253C—Shipping weight 18 pounds \$38.90

Powerful CRAFTSMAN® heavy-duty Motors from 1/2 to 5 HP for running big farm and industrial equipment

Compact open-frame motors . . . lightweight for portability

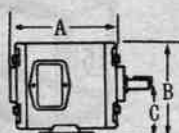

1-HP **\$79.90**

Capacitor-start motors with plenty of power for compressors, sprayers, augers or tools that need high starting torque. Permanently lubricated ball bearings for long service. Electrically reversible. Guaranteed above. Mount

in any position. Fan cooled. All with induction run (except 5-HP motor with capacitor run). Rugged steel housing. All with 3/8-inch single-end shaft except 5 HP motor (9 GT 1244N) with 1 1/2-inch shaft. Run on 110-120-volt, 60-Hz. AC (5-HP motor 230-volt only). Rigid base mount. No switch or cord.

MOTOR GUARANTEE

During the first year, we will replace CRAFTSMAN Motors, free of charge, if defective in materials or workmanship. This guarantee service is available simply by returning the motor to any Sears Store throughout the United States.

1/2-HP **\$64.50**

1-HP **\$89.90**

Compact Motors . . . totally enclosed against dust and dirt

(1 and 2) Capacitor-start motors for equipment needing high starting torque. Enclosed for applications where dust, dirt or splashing water could damage parts. Permanently lubricated ball bearings for long life. Electrically reversible. Mount in any position. Fan cooled. All with induction run (except 5-HP motor with capacitor run).

Single-end shaft. All but 2-HP models with overload protector. Provide in-line protection for 2-HP motors. Run on 110-120 or 230-volt 60-Hz. AC (5-HP motor on 230-volt only). Without switch or cord. Note: not spark-proof . . . don't use where possible sparks could ignite grain dust, gas, etc.

1 With steel housing and frame. 3/8-inch shaft.

Cat. No.	HP	RPM	Frame	Base mount	Watts	Shpg. wt.	Price

How to measure Belts

"A" Width: measure across the broader (outside) surface of belt being replaced (see "A" at left).

"B" Length: measure around outside edge of both pulleys, not in groove. Check manufacturer's number on old belt.

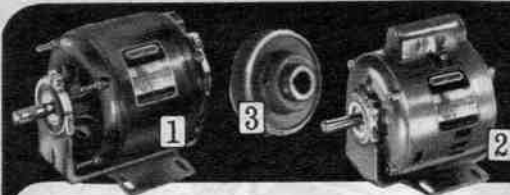

Line Shaft and Accessories

(3 thru 8) Mount line shaft, couplings and collar on bench or as overhead drive. Use with 1/2-HP or larger motor. Line Shaft—use 1/2-inch for light tools; 3/4 or 1-inch for heavier machines and larger motors. Rigid Coupling—use to connect shaft to couplings. Flexible Coupling—use to connect motor to line shaft. Line Shaft Collar—helps prevent endwise drift. Has 3/4-inch bore with bushings for 1/2 and 3/4-inch shafts. Pillow Block—supports shaft . . . permanently lubricated bronze bearings.

Key	Catalog Number	Size	Accessory	Shipping weight	Each
(3)	9 GT 2839A	1/2, 3/4 in.	Rigid Coupling	8 oz.	\$2.99
(4)	9 GT 2833	1/2 x 24 in.	Steel Line Shaft	1 lb. 15 oz.	1.89
	9 GT 2834C	1/2 x 48 in.	Steel Line Shaft	3 lbs.	2.99
	9 GT 2830C	3/4 x 48 in.	Steel Line Shaft	5 lbs.	3.99
(5)	9 GT 27501	1/2 in.	Pillow Block	11 oz.	2.90
	9 GT 27502	3/4 in.	Pillow Block	11 oz.	2.90
	9 GT 27503	1 in.	Pillow Block	11 oz.	2.90
(6)	9 GT 28255	1/2, 3/4, 1 in.	Line Shaft Collar	6 oz.	99c
(7)	9 GT 28404	1/2, 3/4 in.	Flexible Coupling	13 oz.	3.49
(8)	9 GT 2820	1/4 in.	Cup Oiler	2 oz.	29c

Note: NEMA frame sizes are given for all motors. The National Electrical Manufacturers Association (NEMA) is an organization that sets strict standards for motors, one of which governs motor dimensions. The advantage to you is that any motor of a certain NEMA frame size is interchangeable with another of the same frame size. Important dimensions like base mount and shaft height will be the same.

CRAFTSMAN® Medium-duty Motors up to 1½-HP.. mount at any angle

Fan and Blower Motors

1 Split-phase, ½-HP* Motors. Replaces ½, ⅓, ¼ and ⅛-HP furnace-blower and fan motors. Automatic reset overload protector. Sleeve bearings. Reversible. Single-end, ½-inch shaft with ¾-inch flat and ⅝-inch adapter sleeve. Resilient base—27/16x4¼ in. (48-frame) or 3x4⅞ in. (56 frame). Through bolts for direct-drive fans. 110-120-v., 60-Hz. AC. See guarantee, page 84.

Catalog No.	Speeds (rpm)	Mounting (in.)	Shpg. wt.	Watts	Price
9 GT 1980C	1725	27/16x4¼	17 lbs.	450	\$38.90
9 GT 1983C	1725	3x4⅞	20 lbs.	450	38.90
9 GT 1971C	1140, 1725	3x4⅞	22 lbs.	400-540	49.90

2 Capacitor-start, ½ and ¾-HP* Motors for hard-starting, belt-driven blowers on furnaces with central air conditioning. Automatic overload protector.

Sleeve bearings. Reversible. One speed, 1725 rpm. Single-end, ½-inch shaft with ¾-inch square keyway. Resilient base—3x4⅞-inch (56 frame). 110-120 or 208-230-v., 60-Hz. AC. Guaranteed one year. . . see page 84.

9 GT 1972C—½-HP. 650 watts. Shpg. wt. 22 lbs. \$62.90
9 GT 1975C—¾-HP. 925 watts. Shpg. wt. 28 lbs. 77.90

3 Adjustable Pulley. Cast iron. With 3.15-inch outside diameter. ½-inch bore. Use 3L or 4L belts. 1.7 to 2.5 or 1.9 to 2.9-inch pitch.

9 GT 28072—Shipping weight 1 lb. 4 oz. \$3.39

4 Floating Motor Rail for motors to 1 HP. Provides proper belt tension. Between centers—2¾ to 5 inches. Complete with fasteners and 2 clips.

9 GT 2265—Shipping weight 15 oz. Set \$2.29
9 GT 2268—Pkg. of 2 extra clips. Wt. 6 oz. Pkg. 75c

5 On-off Rocker Switch. For tools not fitted with switch. For motors up to 1 HP (universal motors to 1¼ HP). Two 3-prong receptacles. . . one controlled, one always on. With 8-ft., 3-wire cord. 110-120-v. AC. 15 amps.

9 GT 12085—Shipping weight 1 lb. 8 oz. \$8.49

6 Motor Mount. Swivel type; fits all size motors. Fastens to motor base, helps maintain proper V-belt tension. Mounts on top rail of bench or on cross slide, beneath top rail. Steel; punched for bolts. Bolts not included.

9 GT 2730—Shipping weight 1 lb. 9 oz. \$2.90

Capacitor-start Motors for hard-starting tools

7 Rugged continuous-duty motors for band saws, drill presses, metal lathes, 1725-rpm. Electrically reversible. The ball-bearing-type motors also good for pumps and compressors. Include manual reset overload protector (except 9 GT 1255C and 9 GT 1256C. . . customer should provide in-line protection for these two). Rigid base with 3x4⅞-inch mounting (NEMA 56-frame). Include 4-foot, 3-wire cord. Operate on 110-120 or 230-volt, 60-Hertz AC. (except 9 GT 1255C runs on 110-120-v. only). Guaranteed for 1 year. . . see page 84.

Catalog Number	HP	Bearings	Shaft end diameter	Shipping weight	Watts	Price
9 GT 1250C	½	Sleeve	Single ½ inch*	20 lbs.	490	\$44.90
9 GT 1255C	½	Sleeve	Double ½ * - ⅝ in.†	21 lbs.	660	48.90
9 GT 1254C	¾	Ball	Double ½ * - ⅝ in.†	21 lbs.	650	56.90
9 GT 1256C	¾	Sleeve	Single ⅝ inch†	24 lbs.	960	64.90
9 GT 1215C	1	Ball	Single ⅝ inch†	38 lbs.	1200	83.95

8 For high-speed tools like bench saws, jointer-planers, shapers. 3450-rpm. Reversible rotation. Quick-connect terminals. Rigid base with 3x4⅞-inch mounting (56-frame). Double-end shaft: ⅝-in. diameter with ⅝-in. square keyway; and ½-in. diameter with ⅝-in. deep flat. Include four-ft., 3-wire cord. Run on 60-Hertz AC (see voltage in chart). The sleeve-bearing motors have no overload protectors. . . customer should provide in-line protection. Guaranteed for one year. . . see page 84.

CRAFTSMAN® Precision-machined V-pulleys

(10 thru 12) Scientifically designed to give you top working performance. Grooves machined to maximum accuracy. . . helps eliminate belt slipping, power loss. All bores reamed to exact size.

To determine motor pulley diameter—multiply the diameter of the machine pulley by the machine rpm wanted. Divide this figure by the motor rpm. Answer will be motor pulley diameter needed.

To determine machine pulley diameter—multiply the motor pulley diameter by the motor's rpm rate. Divide this figure by the machine rpm you want.

10 Die-cast Single-groove V-pulleys. Zinc alloy, aluminum finish. Socket-head setscrew. Fit ¾ (3L) or ½-in. (4L) V-belts, except 9 GT 2800 which is for ¾-in. (3L) belt only. ⅝, ¾-in. bores have standard keyway.

Catalog Number	Outside diameter	Bore size	Shpg. wt.	Each
9 GT 2800	1½ in.	½ in.	4	89c
9 GT 28011	2 in.	½ in.	6	99c
9 GT 28012	2 in.	¾ in.	6	99c
9 GT 28021	2½ in.	½ in.	7	\$1.29

CRAFTSMAN® Variable-speed Motor with constant torque at any speed

\$194.90

Just turn dial to change speeds. torque stays constant

Can't overheat—constant speed of separate blower motor keeps drive motor cool through total rpm range

Variable speeds, constant torque and reversibility features make this ½-HP*, induction-type motor well-suited for conveyors, machine tools, belt driven fans and blowers. Also for agitators, mixers, piston or gear pumps, and process machinery. It is not designed for operations such as dumbwaiters and downhill conveyors, or where motor is expected to provide downhill braking.

Solid state circuitry gives infinite speed adjustments over a torque range of 300 to 1600 rpm by varying voltage to drive motor. . . so most speed adjustments require no pulley changes. Draw from AC power without converting to DC. Ball-bearing motor is protected against overloads.

Forward-on-reverse knob, speed control, and reset for thermal protection are located on control panel. All angle mounting. Drip-proof enclosure for horizontal mounting.

NEMA 56, 143, and 145 foot mounting holes with ⅝-in. diam. by 1⅞-in. long shaft. ¾x15 1/16 in. key. Machine dimensions are 9 1/8x7 1/8x15 1/16 in. Rigid base with 6 1/2x3, 4, or 5 in. mounting capabilities. 8-ft., 3 wire cord. Gray finish. 110-120-v. 670 watts. 9 GT 1260C—Shipping weight 37 pounds. . . \$194.90

*HP rated according to NEMA industry performance standard

These HOME-N-SHOP® Vacs gobble up

Clean car trunk and floor

Whisk away wood chips in the shop

Compact Wet/Dry Vac holds a bushel of solids or 4 gallons of liquid

- Use inside or outside
- Unit follows you on swiveling casters
- Uses 1 1/4-inch accessories (adapter included) or 2 1/2-inch accessories sold on facing page

Vac with hose, utility nozzle, casters **\$55⁰⁰**

Powerful 1 1/4-HP peak output motor delivers full-strength suction, even when the tank is nearly full. Fast-action latches make emptying of tank easy... just lift off cover and pour out contents. Tank portion alone weighs less than 7 pounds... easy to maneuver. Rugged high-impact polyurethane tank... permanently rustproof. Two-tone muted green color can't scratch off... it's molded in.

Snap-on roller assembly with 3 ball-bearing casters lets you wheel vac around easily. A 16-foot, 3-wire cord and 6-foot flexible hose let you move as far as 22 feet from power outlet, without using an extension cord. When you're finished with vac, it stores easily in a closet... stands only 25 inches high, 21 inches in diameter.

Unit converts easily to blower action for air drying damp items... just place hose in blower vent. Slide-action, on-off switch. Completely covered motor to muffle sound, seal out dust and moisture. Wrap-around cord-storage arm lets you uncoil only as much cord as you need... helps prevent annoying tangles. Automatic, float-type shut-off stops suction when liquid capacity is reached. Water can't get near the motor. Vac includes general purpose nozzle, 1 1/4-inch diameter hose. Uses 110-120-volt, 60 Hertz AC, 800 watts (regular household current). UL listed. See guarantee on facing page.

9 GT 17855C—Shpg. wt. 26 lbs.\$55.00

Vac above, plus wet nozzle (9), handle (5) below. Separate prices total \$63.68.

9 GT 17869—Shpg. wt. 3 lbs. 5 oz. Kit \$13.50

liquids and solids

Reach trapped dirt under appliances

Remove standing water from clogged drains

GUARANTEE

During the first year, upon return, we will repair any CRAFTSMAN® HOME-N-SHOP® Vac. free of charge, if defective in material or workmanship.

27-gallon Wet/Dry Vac holds 3 bushels of solids or 18 gallons of liquids

Vac with hose, dolly, triangular nozzle, filter bags

\$78⁰⁰

1 Mounds of sawdust or bent nails on the floor from your latest project? This hungry vac with powerful 1¼-HP (peak output) motor will handle them. How about those rain puddles on the garage or patio floor, or the bits of wire or metal filings from some workshop chore? This vac handles them all with ease.

Direct-line air flow means liquids and debris bypass the motor—so you get full-strength pickup, even if the tank's almost full. Vac delivers two-stage suction or blower action. Use it to blow dust and dirt from hard-to-reach cracks and crevices.

Air flow shuts off when liquid capacity is reached; drain plug simplifies emptying. Beige Permanex® polyethylene tank won't chip, peel, crack or rust—resists damage from acid, solvents, oil. Gray-enameled steel cover lifts off. With flexible 6-ft., 2½-in. diameter hose; dolly with casters—snaps on and off (requires assembly); triangular nozzle; filter bags (can be converted to washable filter system . . . order filter (10) below). Eight-foot, 3-wire cord. 22¾-in. diam., 31½ in. high with dolly. Uses 2½-in. accessories; accepts 1¼ in. accessories with adapter (5) sold separately below. 110-120-v., 60 Hz. AC. UL listed. 800-w. See guarantee above right. See "N" suffix, page 96.

9 GT 17821N—Shipping weight 35 lbs. \$78.00

45-gal. Vac holds 5 bushels of solids, 33 gal. of liquid

2 Industrial-size big brother of the Vac above. Handles even the toughest, biggest jobs. Cleans almost any mess you might leave on garage or workshop floors . . . sawdust, filings, metal chips. Great for patios, too . . . picks up garden soil, spilled charcoal bits. Same features as above Vac, but with two 1¼-HP (peak output) motors 26¼ in. diam., 40½ in. high on dolly. See guarantee above right. See "N" suffix, page 96.

9 GT 17831N—1500 watts. Shpg. wt. 54 lbs. \$99.00

Surface-mount Fluorescent Lights

Under-cabinet . . . **\$1399**
mounts on Cabinet 30-watt

1 Proper lighting is a must for close, precision work of any kind, and this fixture is ideal for adding that brilliant illumination to your work areas. White plastic diffuser cuts glare and helps flood your work bench with soft, white light. On-off switch and convenience outlet on fixture. White enamel finish over steel. One-light fixture. Fluorescent bulb included. Must be wired into outlet box.

30-watt size. 5 $\frac{3}{16}$ x1 $\frac{3}{4}$ x36 inches long.
Shipping weight 9 pounds.

34 GT 89321C \$13.99

40-watt size. 5 $\frac{3}{16}$ x1 $\frac{3}{4}$ x48 inches long.
Shipping weight 11 pounds.

34 GT 89331C \$15.99

Shelf-style . . . **\$2299**
mounts on wall

2 Flood a work or laundry area with clear white light and add additional shelf space at the same time. Two 48-inch long shelves provide plenty of storage room for laundry detergents, bleach bottles or small tools. Bottom shelf is 8 $\frac{1}{2}$ inches deep, top shelf is 4 $\frac{1}{2}$ inches deep . . . 12 inches between shelves. White-enamelled steel body has pushbutton switch and two convenience outlets for appliances or tools. Six-foot cord. Includes one 40-watt fluorescent bulb. Plugs into wall outlet, without any additional wiring.

34 GT 8912C—Shpg. wt. 24 lbs. \$22.99

Single-light **\$1299**
Fluorescent Fixture

3 If you're bothered by inadequate lighting in a garage, utility or work area, this fixture may solve your problems. Just plug it right in with 3-ft. cord included. Or wire directly into outlet box. Complete with chain, hooks for suspending fixture down to 27 $\frac{3}{4}$ in. below ceiling, or flush mount with screws (not incl.). White-enamelled steel body 48 in. long, 3 $\frac{3}{4}$ in. high. Also includes one 40-watt fluorescent bulb.

34 GT 8900C—Shpg. wt. 13 lbs. \$12.99

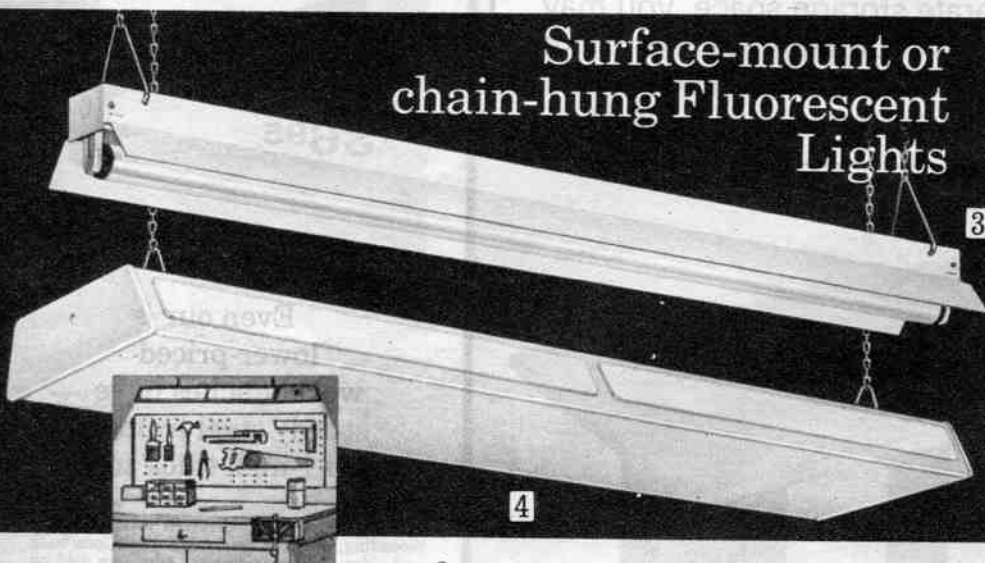

2-light Fluorescent **\$2199**
with diffuser panel

4 Diffuser panel reduces glare for a softer light that's easier on the eyes . . . great for extended work periods. Plug it right in with 40-inch cord included or wire directly into outlet box. Use chain included to suspend fixture down to 27 inches below ceiling or flush mount with screws (not incl.). White enameled steel body measures 11x48 inches long. Plastic side panels and bottom diffuser. Includes two 40-watt fluorescent bulbs.

34 GT 8903C—Shpg. wt. 17 lbs. \$21.99

Note: All light fixtures on this page are UL listed for 110-120-v. AC. Assembly and installation instructions included.

Surface-mount or chain-hung Fluorescent Lights

Trouble Lights

5 Trouble Light on Reel. Install overhead or on wall to operate in any position or direction. Enamelled metal reel with 20-feet of 18/2 wire. Thermoplastic-covered cord remains flexible in cold weather . . . resists oil and grease. Cord locks in place, releases with a light tug and reels back automatically. Durable white plastic reflector and easy-open cage. One ungrounded outlet on handle. Use up to 100-w. bulb (not incl.), 6-amp. rated.

Shipping weight 5 pounds 2 ounces.
34 GT 5889 \$9.95

Trouble Light on Reel. As light above but has 35 feet of 18/3 wire and is 10-amp. rated.

Shipping weight 11 pounds.
34 GT 5894 \$19.95

6 Trouble Light with handy convenience outlet. Hook it up and throw extra light where you need it. Two-wire ungrounded convenience outlets in handle. Sturdy steel reflector and cage are zinc-plated to resist rust and corrosion. Black vinyl 15-foot cord remains flexible . . . resists oil, acids and grease. Use up to 100-watt bulb (not included).

Shipping weight 1 pound 12 ounces.
34 GT 5818 \$2.59

Lamp
\$329

Use as work light.
Or use with sun,
heat lamp and
photo flood bulbs

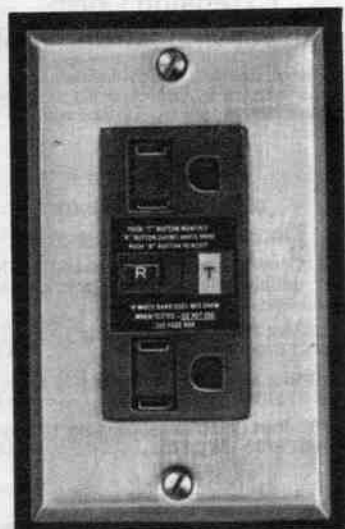

Buy several . . . they're great for use in your garage, attic, basement or workshop. Outfit consists of 10-inch diameter, polished aluminum reflector; spring clamp with rubber covered grips and ball-bearing swivel; and push-through socket. Six-foot cord with molded-on cap. Rated at 660-watts.

Shipping weight 1 pound 7 ounces.
34 GT 5876 \$3.29

Help protect against dangerous electrical shocks with Ground-fault Circuit Interrupters

1 Indoor plug-in type
\$52⁵⁰

2 Indoor wall-outlet type \$43⁵⁰

1 Indoor plug-in type. Helps guard against shock hazard at any 15-amp., U-ground outlet. Just plug it into outlet, then fasten captive screw to receptacle wall plate. Hand tools, extension cords or any tool or appliance can then be plugged into the circuit interrupter for increased protection. Built-in test circuit lets you test for reliability, then resets. Rugged beige plastic housing. See Note at right below.

34 GT 5325—Shpg. wt. 1 lb. 7 oz.\$52.50

2 Indoor wall-outlet type. Designed to provide ground-fault protection for tools and appliances at any 15-ampere outlet, group of outlets or an entire circuit. Replaces wall receptacle... fits into conventional outlet boxes with minimum depth of 2½ in. If outlet box has less depth, use adapter frame (included) to provide proper clearance. Comes complete with wall plate, mounting screws. Solid state circuitry features a built-in test circuit for periodic testing, resetting. See Note at right.

34 GT 5328—Shpg. wt. 1 lb.\$43.50

(1 thru 3) Ordinary fuses and circuit breakers provide protection against large electrical currents that damage tools, appliances, wiring and insulation. They aren't effective against those small but dangerous leakage currents that are too small to trip a 15 to 20 amp circuit breaker or fuse, but are still strong enough to kill or injure people and damage equipment. These dangerous small currents are called "ground faults" because the current travels to the ground through any path open to it, including the human body. Ground-fault circuit interrupters are designed to help protect against them. The portable plug-in and wall receptacle models shown at left and the portable model shown below are designed to cut off ground fault currents as low as 5/1000 of an ampere (5 milliamperes). When a ground fault occurs between the interrupter and a tool or appliance, the trouble is sensed and in as little as 1/40 of a second—faster than a heartbeat—the current is cut off. The National Electrical Code recommends this type of protection on all outdoor circuits. You should consider it for workroom and kitchen areas as well.

\$89⁹⁵

This lightweight portable model helps protect up to 4 tools at the same time... ideal for use by carpenters and other professionals

Provides protection... won't activate if plugged into a faulty circuit

3 If you're a farmer, carpenter or other professional who's working with older tools, tools that aren't double insulated or that may have been abused, you owe it to yourself to provide extra protection from electrical shock. This unit works automatically. Just plug it into any 15-amp circuit, then plug tools into its outlets. It's that simple. No extra installation or removal costs ever.

Unit has four 15-amp, 125-volt straight-blade outlets, so four separate tools may be operated simultaneously. Rugged Lexan® polycarbonate housing is UL listed for impact resistance. Heavy-duty, 6-foot cord with strain-relief fitting. Die-cast copper-free aluminum covers spring shut automatically to protect unused receptacles. See Note below.

34 GT 5339—Shipping weight 4 lbs.\$89.95

NOTE: All items on this page UL listed for 110-120-volt AC only.

Heavy-duty 110-120-volt Heater \$20⁹⁹

Rugged construction... ideal for workshop use

Just set the automatic thermostat control and a powerful fan forces warm air from floor to ceiling in chilly garages, drafty basements or other problem areas of your home. Two heat settings (1250 and 1500 watts) deliver 4500 to 5100 BTU's. Extra ceramic supports prevent the heavy-duty nickel-chrome heating coil from sagging. Safety features include positive "off" position and a "tip-over" switch that shuts heater off if it tips forward. Dark brown enameled steel. Carrying handle. Measures 14½ inches high, 10 inches wide and 6½ inches deep. 6-foot cord. See Note above.

34 GT 7241—Shipping weight 12 pounds 10 ounces\$20.99

Sears Has a Credit Plan to Suit Most Every Need

Extension Cord Reel

won't let your cord twist,
tangle or knot..lets you
take power right to the job

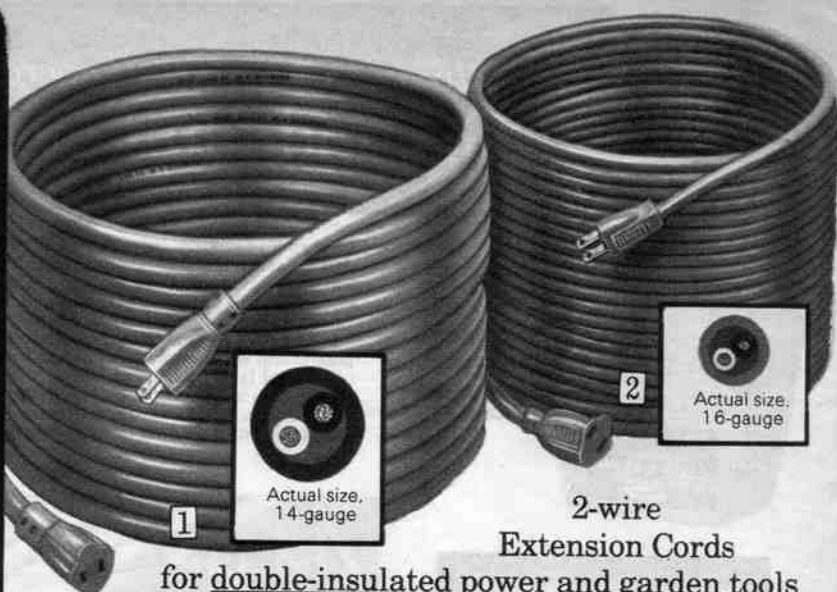

- Wind or unwind cord without unplugging
- Portable—mounts onto wall with brackets so you can remove it for storage

Wind or unwind up to 100-feet of electrical cord without ever unplugging it from the outlet while in use. All it takes is an easy tug and our portable Extension Cord Reel releases electric cord anywhere you want to use it—with your mower, hedge shears, snow blower, power tools. Then just turn the handle for a quick, neat wind-up.

Sturdy reel is made of heavy gauge steel and tough cast aluminum alloy with brilliant baked-on orange enamel finish. Chrome-plated tubular steel stand is rust-resistant. Two brackets are included for alternate locations and spacers to fit any wall or siding... house, trailer or near any power source. Extended legs with protective tips for convenient storage. Stands 27 1/2 inches high.
34 GT 5864C—Shipping weight 13 pounds.....\$19.95

ELECTRICAL NOTE: All electrical items on this page are UL listed for standard 110-120-volt AC.

2-wire Extension Cords

for double-insulated power and garden tools
(1 and 2) A heavy duty 2-wire type cord. UL listed. Insulation provides resistance to oils and water, so this cord can take the demands made by professionals at service stations and construction sites, too. Highly visible orange plastic. Do not connect to anything with 3-wire grounding type plug.

Extra heavy-duty Cord of 14-gauge wire for longer service life

- 1** 50% thicker insulation around each conductor and 150% thicker jacket than cord sets (2) at right.

25-foot Cord. Rated capacity 15 amps.
34 GT 5721—Shpg. wt. 4 lbs.\$6.95

50-foot Cord. Rated capacity 15 amps.
34 GT 5722—Shpg. wt. 7 lbs.\$12.50

100-foot Cord. Rated capacity 13 amps.
34 GT 5723—Shpg. wt. 14 lbs.\$22.95

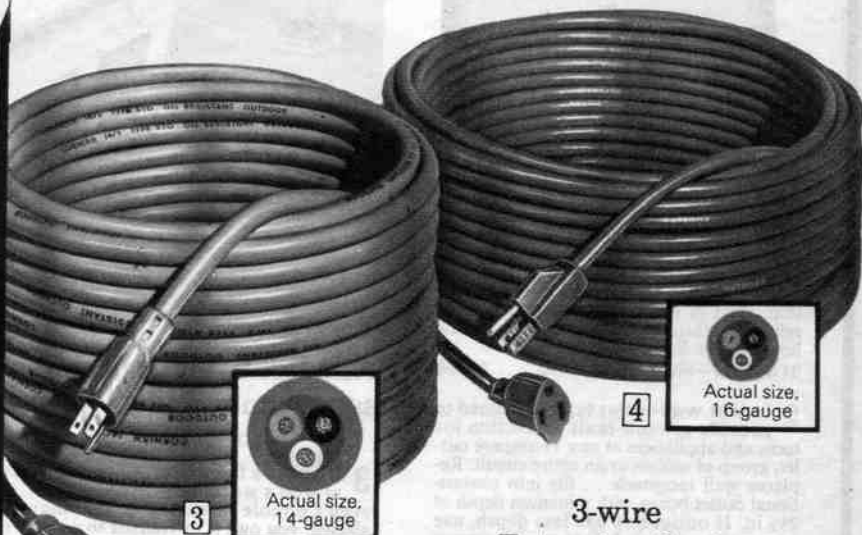

Heavy-duty Cord of 16-gauge wire for long, dependable service

- 2** Convenient both indoors and out for double-insulated tools, lawn mowers and hedge trimmers.

25-foot Cord. Rated capacity 13 amps.
34 GT 5700—Wt. 1 lb. 9 oz.\$3.99

50-foot Cord. Rated capacity 13 amps.
34 GT 5701—Wt. 3 lbs. 2 oz.\$6.99

100-foot Cord. Rated capacity 10 amps.
34 GT 5702—Wt. 6 lbs.\$12.95

3-wire Extension Cords

for tools and motors requiring grounding wire

(3 and 4) Both of these grounded 3-wire Extension Cord Sets are UL listed. Rugged construction features flexibility and toughness to provide resistance to cold, ozone, oils and water. Perfect for use at service stations and construction sites. Thermoplastic jackets of high-visibility orange.

Extra heavy-duty Cord made of 14-gauge wire for power tools and large motors

- 3** 50% thicker insulation around each conductor. 150% thicker jacket than sets (4) at right.

25-foot Cord. Rated capacity 15 amps.
34 GT 5834—Wt. 4 lbs. 7 oz.\$9.75

50-foot Cord. Rated capacity 15 amps.
34 GT 5835—Wt. 10 lbs.\$15.95

100-foot Cord. Rated capacity 13 amps.
34 GT 5836C—Wt. 16 lbs.\$26.95

Heavy-duty Cord made of 16-gauge wire for power and garden tools

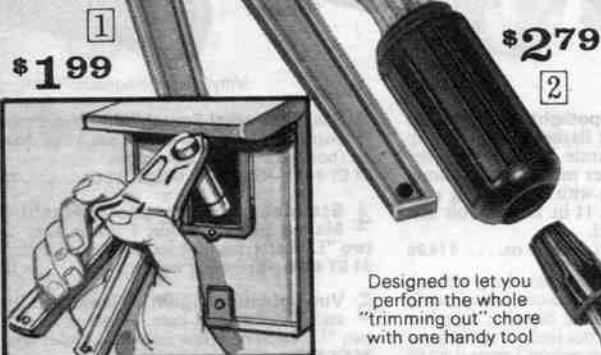

- 4** Ideal indoor and outdoor uses include power tools, lawn mowers and hedge trimmers.

25-foot Cord. Rated capacity 13 amps.
34 GT 7797—Wt. 2 lbs. 10 oz.\$5.95

50-foot Cord. Rated capacity 13 amps.
34 GT 7798—Wt. 4 lbs. 12 oz.\$10.50

100-foot Cord. Rated capacity 10 amps.
34 GT 7799—Wt. 7 lbs. 4 oz.\$17.95

Professional-style Electricians' Tools

\$199

\$279

Designed to let you perform the whole "trimming out" chore with one handy tool

Cartridge Fuse Puller

1 Why take chances when installing or removing cartridge-type fuses? This handy pocket-sized tool is specifically designed to handle these tasks as safely as possible. Looks and works like a pair of pliers with grooved jaws that grip the fuse firmly. Made of high-dielectric plastic.

Designed for use on fuses up to 100 amperes, 250 volts, or on fuses up to 60 amperes, 600 volts. Measures 8 inches long.

Shipping weight 4 ounces.
34 GT 5192 \$1.99

Screwdriver Wrench

2 Built-in handle insert lets you tighten wire nut connectors, install switches, receptacles and mount cover plates. Works on 74B and 76B nut connectors. Chrome-vanadium steel shank, precision cross ground blade. No-slip cushion grip handle.

Mechanic's. $\frac{1}{4} \times 4$ in.
34 GT 5008—Wt. 4 oz. \$2.79
Electrician's. $\frac{3}{16} \times 6$ in.
34 GT 5009—Wt. 4 oz. \$2.79

Repair Kits with terminals and connectors

(5 and 6) Here are kits so handy, you'll find yourself using them again and again. Small and compact, yet you can perform an amazing number of chores like cutting and stripping wire, applying terminals and connectors, cutting bolts and screws. Handy plastic case may be mounted to your workbench.

5 Standard Repair Kit. Contains everything you need to cut bolts and screws from size 4-40 to 10-24; and wire up to 10-gauge. Rust resistant, multi-purpose electrician's tool has plastic insulated handles. Includes 24 assorted terminals and conductors. Shipping weight 11 ounces.
34 GT 6084 \$7.95

6 Repair Kit with Wire Stripper. Performs all the operations possible with kit at left and more. Ideal for all ignition and electrical repairs. You get one multi-purpose electrician's tool, plus one wire stripper and 47 assorted terminals and connectors. Shipping weight 1 pound.
34 GT 6085 \$9.95

Fish Tape Reel

3 For pulling wire through conduit. Lightweight $8\frac{1}{2}$ -in. diam. reel of tough, high-impact plastic won't rust or dent. Big grips, grained surface for non-slip handling. Built-in winder rewinds tape smoothly. 40 ft. of tape.

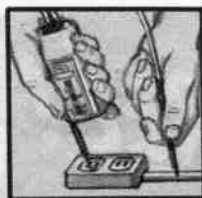

34 GT 5139—Wt. 1 lb. 8 oz. \$7.19

Conduit Bender

4 Rugged steel tool bends 3 sizes: $\frac{1}{2}$ -in. and $\frac{3}{4}$ -in. thinwall; $\frac{1}{2}$ -in. rigid. Built-in degree scale makes it easy to bend conduit to the desired curve. Extended foot for leverage.

34 GT 5005—Wt. 5 lbs. \$11.50
38-inch steel handle for above.
34 GT 5006C—Wt. 3 lbs. 5 oz. \$4.50

Voltage Tester . . spring-loaded shields help protect fingers from contact with prods

\$1195

Two separate voltage indicators instead of the usual one help you make extra sure if a circuit is hot. One solenoid indicator with calibrated scale plus neon test lamp. Independent circuitry provides built-in back-up safety system. Checks for 110-550 volt AC and

110 to 600-v. DC; 25 to 60 HZ frequency. Identifies AC or DC; checks circuit continuity; determines DC polarity; finds blown fuses, grounding and leakage. 30-in. vinyl leads. ABS plastic case. $5\frac{1}{4}$ in. long with $5\frac{3}{4}$ -in. prods.
34 GT 5193—Shpg. wt. 14 oz. \$11.95

Automatic Timer adds security, convenience

Permanent in-wall timer controls appliances and air conditioners up to 1875 watts, 15 amps. Replaces light switch to control ceiling lights. Two receptacles, one timed and one service. One to twenty-three-hour cycle . . . needs no daily resetting. Wood-grained plastic case measures $3\frac{1}{2} \times 5$ in. long. UL listed for 110-120-v.

Shipping weight 1 pound 11 ounces.
34 GT 6449 \$10.95

Plug-in Power Outlet Strip with 6 grounded outlets

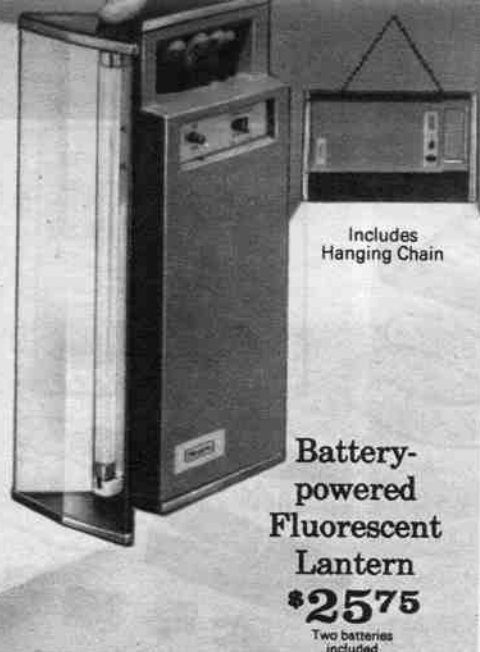

\$1895

Just plug this 3-foot electrical power strip into any other 110-120-volt outlet, then plug tools and appliances into the strip. So easy to install . . . just mount brackets onto wall and snap strip into place. Gray enameled metal strip is completely wired and assembled.

Heavy-duty 12-gauge cord may be disconnected as safety measure. Grounded cord set type ST with molded attachment cap. Rated capacity is 15 amperes. UL listed.

Shipping weight 4 pounds.
34 GT 5706C \$18.95

Includes
Hanging Chain

Battery-powered Fluorescent Lantern

\$25.75

Two batteries
included

Just plug this handy lantern into any 120-volt outlet, or run it on batteries. Either way, you'll get 5 times as much light as an incandescent bulb of the same wattage. An ideal lantern for hunting, camping, or around your home and patio because it instantly lights up your tent, trailer, cabin or patio with white diffused light. High and low beam. No fuel or flame hazard. Runs much more coolly than other forms of lighting so it's nice to have in stuffy tents.

Red and black polystyrene and stainless steel case. Six-foot cord, 8-watt fluorescent bulb, two 69-volt batteries and hanger chain included. 12 $\frac{3}{4}$ x 7 $\frac{3}{4}$ x 4 in. wide. 34 GT 4840—Shpg. wt. 11 lbs.\$25.75

Replacement Batteries. 69-volt. Package of two. 34 GT 4672—Shipping weight 6 lbs. 2 oz.Pkg. \$8.95
34 GT 3912—Extra 8-w. Bulb. Shpg. wt. 1 oz. 2.50

1 Sealed Beam Spotlight. Big headlight and red warning flasher in back tilt up or down 180°. Separate head, battery design. Shock absorber mounting. Chrome-plated head. Switch with ball bearing contact. Sealed in steel. 11 in. long. 6-volt battery (34GT4705) incl. 34 GT4837—Shpg. wt. 5 lbs. 8 oz.\$14.98

2 Floating Lantern. Floats long enough to be retrieved. Luminous rim glows in dark. 8-in. green plastic housing. Use 6-v. battery (34GT4634) not incl. . . see below. 34 GT 4804—Shipping weight 1 pound \$3.69

3 Stainless steel Searchlight. Won't rust or corrode. 9 $\frac{1}{2}$ inches long. Uses 3 "D" batteries (not included), order below. 34 GT 4431—Shipping weight 11 oz.\$3.98

4 Stainless steel magnetic Flashlight. Magnet built into side. 7 inches long. Uses two "D" batteries (not included), order below. 34 GT 4429—Shipping weight 8 oz.\$2.98

5 Vinyl-plastic magnetic Flashlight. Black and yellow vinyl case. 7 inches long. Use two "D" batteries (not included), order below. 34 GT 4460—Shipping weight 8 oz.\$1.49

FREE! Sears big Suburban, Farm and Ranch Catalog

Over 2,000 items for farm, home and yard care. Everything from fencing to poultry... from tractors to saddles. Here are just 3 examples of the wide variety of merchandise you'll find:

POWER PLANTS

We're offering a selection of many different units . . . with a wide range of capacities. One of them is sure to be right for producing the electricity you need, when and where you need a portable source of power.

PORTABLE HEATERS

Choose from 3 powerful heaters to provide warmth in your garage or workshop . . . even in recreation areas or construction sites. Capacities range from 50,000 to 140,000 BTU . . . heat areas from about 5000 to 14,000 cubic feet.

CHAIN SAWS

You'll find a whole range of saws . . . some gasoline-powered and some electric. They're packed with plenty of power to slice through logs in seconds . . . prune trees, clear shrubbery, cut firewood and take care of many other backwoods and backyard jobs with ease.

SUBURBAN, FARM AND RANCH CATALOG is available for pick up at your nearest Sears Catalog Selling Unit . . . or, ask for a copy when you place or pick up your next merchandise order.

Allstate's famous low-cost Homeowners policy can give you big protection against loss, these 4 ways:

1. Protects you against loss or damage to your home from:

fire	windstorm
smoke	hail
explosion	vandalism
lightning	

2. Protects you against loss by fire and many other hazards to your belongings, including:

clothing	jewelry
furniture	—and most other
appliances	personal family property

3. Protects against loss by theft, including:

burglary	—even damage by thieves.
holdup	Protects most family
pickpockets	property at home and away.

4. Includes Family Liability (Comprehensive Personal Liability) Coverage.

Protection against loss for accidental injury to visitors in your home . . . and from many other (non-auto) accidents resulting in injury to others.

Plus this feature for the house: If your house is insured for at least 80% of its Replacement Cost at the time of a loss, there's no deduction for depreciation.

Try an experiment that could save you some money on your Homeowners Insurance.

Call an Allstate Agent. Ask him to compare the price and coverage of your present Homeowners policy with Allstate's.

Maybe we can save you some money.

Call us soon, won't you?

Another form of policy available in Mississippi. Allstate Insurance Company • Northbrook, Ill.

Allstate®

You're in good hands.

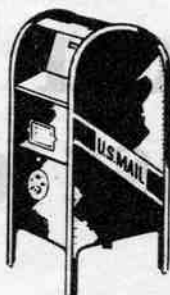

Last year nearly half a million new policyholders came to Allstate for Homeowners Insurance.

How to Order from this Catalog

By Phone

By Mail

YOU CAN ORDER ANY ONE OF FOUR WAYS

1. **Shop By Phone**—You'll be pleased at the ease and convenience of ordering from Sears Catalog by telephone. So call today—it's the easiest way to shop. Phone your Easy Payment and Sears Revolving Charge Account orders, too.

Arrange to have your order delivered directly to your home. Or, if you prefer, you can pick it up at the Catalog Selling Unit or Retail Store Catalog Sales Department nearest you.

2. **Catalog Sales Office or Sears Authorized Catalog Sales Merchant**—It's easy to order through your nearest Sears Catalog selling unit. A copy of this catalog and all current Sears catalogs are available in each office for reference. In addition, a complete supply of FREE Specialized Catalogs are also available for the asking.

3. **Retail Store Catalog Sales Department**—Each Sears Retail Store has a Catalog Sales Department where trained sales people will help you make a selection and write your order.

4. **Shop at Home by Mail**—List all the items on a Sears order blank or any plain piece of paper. Print plainly your full name and mailing address. Be sure to include all catalog numbers and descriptions of wanted items. Mail order to the Sears Distribution Center nearest you (see list at bottom of page).

CREDIT TERMS—See Sears Big Book or any Sears Retail Store or Catalog Selling Unit for information on Sears Credit Plans

In Person

HELPFUL INFORMATION ABOUT YOUR SEARS CATALOG ORDER

WE CANNOT ACCEPT C.O.D. PARCEL POST ORDERS

When ordering by mail, we ask that you send a money order, check or use your Sears Charge Account. Of course, convenient direct-to-home delivery is available in most areas, or you may pick up your order at the Sears unit nearest you. See Sears Big Book for details on extra charges involved on freight-express C.O.D. shipments.

We do not ship C.O.D. orders for merchandise cut, engraved, printed or made to order; for merchandise shipped direct from factory or shipped to foreign countries or to anyone other than the person sending the order.

YOU ALWAYS GET OUR LOWEST PRICES

Prices in this catalog are in effect until August 31, 1975. Whenever any Sears catalog item is reduced in price in a Sears sale book or value supplement which is current with the catalog you are using, your order will be filled at that reduced price. Prices in this catalog apply only to orders placed by mail, telephone, telegraph or placed in person at a Sears Catalog Sales Office, Authorized Catalog Sales Merchant or at a Catalog Sales Department in a Retail Store, Retail Catalog and Appliance Store or in a Sears Affiliated Store.

Except where stated otherwise on specific items, prices quoted in this catalog do not include charges for transporting goods from our distribution centers to a Sears selling unit for pick-up, or for delivery to your home.

SHIPPING INFORMATION

"N" suffix. Catalog numbers ending with a "N", "N2" or "NH" suffix (as 9 GT 65039N) means that this merchandise, if shipped directly to your home, must be sent by motor carrier or express. Pick up at your nearest Sears Catalog Selling Unit if you prefer. Inquire if home delivery is available through your Sears Selling Unit. Motor carrier and express charges are based on distance, weight and classification. See rate tables in Big Book or write to your Sears Catalog Merchandise Distribution Center to determine approximate charges.

Parts of your order may be shipped from points other than your Distribution Center and may therefore arrive separately at different times.

PARCEL POST INFORMATION

Packages weighing up to 70 pounds and measuring not more than 100 inches in length and girth can be sent by parcel post in all parcel post zones, except catalog numbers followed by "L".

"L" items (as 9 GT 65228L) cannot be mailed from a first class post office to a first class post office for city delivery in any parcel post zone. (This does not apply to rural route addresses.) Your Catalog Merchandise Distribution Center is served by a first class post office. Your Postmaster or carrier can tell you if you are served by a first class post office.

Catalog numbers ending in "N", "N2", "NH", etc. are unavailable.

SEARS GUARANTEE

Satisfaction Guaranteed or Your Money Back: Whatever you buy at Sears, you have the right to use it for a reasonable time before you determine it is satisfactory and decide to keep it. If you decide it is not satisfactory, return it to us at our expense. We will do whatever is necessary to correct the cause of your dissatisfaction. If we can't satisfactorily provide a remedy, or if you request a refund, we will refund your full purchase price including any delivery and finance charges.

SEARS PLEDGE OF FAIRNESS

If, after you have decided to keep your purchase, it doesn't give you the service or performance you reasonably expect of it and there isn't a specific guarantee on the item that will satisfactorily correct the problem, please let us know. We want to make an adjustment that you will consider fair.

Our most popular Tilting Transit Level

Level
with stiff-legged
tripod

\$159⁹⁵

Level alone
\$139⁹⁵

With stiff-legged tripod. For work up to 125 feet. Location of precision vernier scale on the horizontal circle makes leveling of instrument easy—even with telescope in transit position. Just match two lines to get accurate readings in minutes and degrees. Sensitive scope vial eliminates re-leveling of instrument when making repeated readings. Sharp, 18-power, 11-inch telescope focuses from 4 feet to infinity. With 26mm objective lens. Expanded vernier on 3/4-inch horizontal circle reads to 15 minutes; 2 1/16-inch scope vial ... 8 minutes per 2mm division. Protective metal sleeve. Plate level vial, 1 3/8 inches ... with sensitivity of 14 minutes per 2mm division. With 1 1/16-inch radius vertical arc graduated 40° to 0° to 40° in single degrees. Removable sunshade, 4-screw leveling head, positive lock, plumb bob, case, manual, stiff-legged tripod (9 GT 46091C).

See Surveying Instrument Guarantee below.

9 GT 46218C2—Shipping weight 19 pounds \$159.95

9 GT 46212C—Level alone, without tripod. Shipping weight 9 lbs. 139.95

9 GT 46213C2—Level with extension-leg tripod (9 GT 46092C). Wt. 17 lbs. ... 172.95

Level with stiff-legged tripod and 8-ft. leveling rod. Without clip-on target.

9 GT 46219C2—Shipping weight 21 pounds \$176.95

Surveyor's Jeweled Compass (not shown). Marked in degrees. Adjustable variation ring with gear and pinion movement. Constructed of metal. For 9GT46218C2, 9GT46212C, 9GT46213C2, 9GT46219C2 levels above.

9 GT 4613—Shipping weight 1 pound \$18.89

Sears Has a Credit Plan to Suit Most Every Need

**Tilting
Level**

\$127⁹⁵

Level alone

**Non-tilting
Level**

\$87⁹⁵

Level alone

For work up to 125 feet. Multi-purpose instrument designed to check and set off horizontal angles, determine grades, plumb vertical surfaces, run straight lines. Telescope tilts from 40° below to 40° above horizontal ... locks into position for level. A 12-power, 11 1/2-inch telescope focuses 4 1/2 feet to infinity. Big focusing knob. Detailed 3/4-inch horizontal circle reads to single degree ... in 90° quadrants. Extra-sturdy 1-piece "U" type yoke frame; low friction axis bearings. A 2 3/4-inch level vial with sensitivity of 8 minutes per 2 mm division. Includes plumb bob, 4-screw leveling head, fitted case, instruction manual.

See Surveying Instrument Guarantee below.

Level alone, without tripod.

9 GT 46171C—Shipping wt. 9 lbs. \$127.95

Level with stiff-leg tripod (9 GT 46091C).

9 GT 46173C2—Shipping wt. 19 lbs. \$146.95

Level with extension-leg tripod (9 GT 46092C).

9 GT 46172C2—Shipping wt. 17 lbs. \$159.95

For light duty work up to 100 feet. Ruggedly constructed, yet economically priced. Great for general use around the farm. An 18-power, 11-inch telescope with standards cast in one piece for remarkable strength and stability.

Sights in horizontal plane. Easy-to-read level vial, 2 1/16 inches long, sleeve protected. Sensitivity 8 minutes per 2 mm division. A 3/4-inch diameter horizontal circle with vernier reads directly to 15 minutes (1/4 degree). Focuses 4 1/2 feet to infinity. Includes 4-screw leveling head, plumb bob, sunshade, fitted case, instruction manual.

See Surveying Instrument Guarantee below.

Level alone, without tripod.

9 GT 46101C—Shipping weight 8 lbs. \$87.95

Level with stiff-leg tripod (9 GT 46091C).

9 GT 46103C2—Shipping wt. 18 lbs. \$107.95

Level with stiff-leg tripod and an 8-ft. leveling rod. Without clip-on target.

9 GT 46104C2—Shipping wt. 20 lbs. \$124.95

SERVICE INFORMATION

If your CRAFTSMAN Surveying Instrument needs adjustment or repairs after guarantee expires, contact nearest Sears Store or Catalog Sales Store for fast, efficient service at the factory at reasonable charges.

GUARANTEE

During the first 90 days, we will repair your CRAFTSMAN Surveying Instrument, free of charge, if defective in material or workmanship. All you do is simply return surveying instrument to any Sears Store throughout the United States.

Contractors' Transit Levels

Increase power as
much as 80% by
turning eyepiece
... no refocusing
necessary

(1 and 2) Use for shots over 125 feet and for extra accuracy at short distances. Designed for quick change of lens power... zoom from 18 to 34 power. This compensates for changing atmospheric conditions, dim light or type of work without need of refocusing... you get measurements fast—and accurately. The 4 1/8-inch level on cast-aluminum scope (reads to 90 seconds per 2 mm division) and the 1 23/32-inch vial on the plate provide constant level control and great accuracy. A 360-degree horizontal circle reads to single degrees in 90° quadrants. Both horizontal and vertical vernier readings go to 5 minutes (1/12 degree). Includes sunshade, pin wrench, fitted carrying case and instruction manual. See bottom of page for other tools and accessories. See *Surveying Instrument Guarantee* on facing page.

1 With built-in optical plummet. You sight your point directly through telescope plummet... no wind-blown plumb bob. Center point located, locked in. Vertical arc +20°, -20°. Level alone, no tripod.
9 GT 46022C—Shipping weight 23 lbs. \$394.95

Level with stiff-leg tripod (9 GT 46094C).
Shipping weight 33 pounds.
9 GT 46023C2 \$443.95

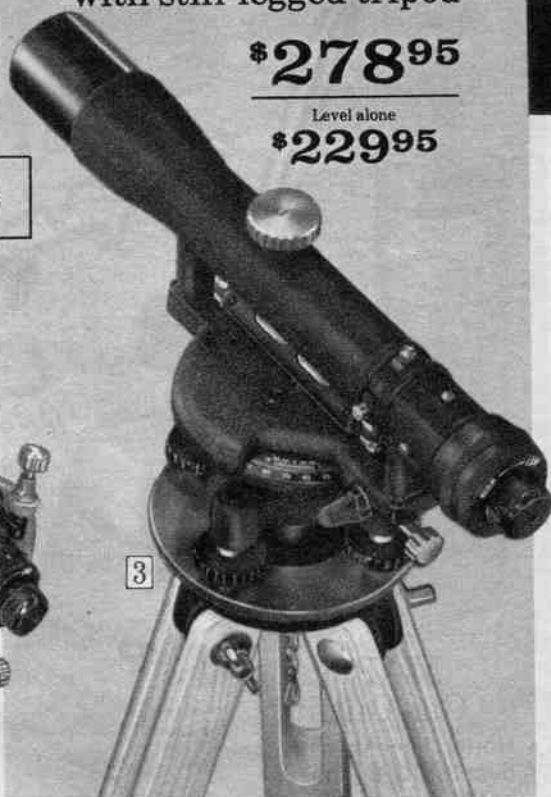

2 Without optical plummet. Vertical arc reads plus or minus 40°. Includes plumb bob. Level alone, without tripod.
Shipping weight 18 pounds.
9 GT 46192C \$284.95

Level with stiff-leg tripod (9 GT 46094C).
Shipping weight 28 pounds.
9 GT 46193C2 \$333.95

Builders' Dumpy Level with stiff-legged tripod

\$278⁹⁵

Level alone
\$229⁹⁵

3 With stiff-legged tripod. For shots over 125 feet. With variable power zoom lens. Just turn the eyepiece ring to change from 20 to 36 power. Makes it simple to compensate for lack of light, bad atmospheric conditions and type of work without having to refocus. The 12-inch, cast-aluminum alloy telescope focuses from 4 1/2 feet to infinity. Double vernier on a 360° horizontal circle reads to 5 minutes (1/12°).

Precision ground 4 1/8-inch vial with a 100-second per 2mm division. Fine motion leveling and clamp screws for accuracy in sighting and holding an accurate setting.

Four leveling screws with shifting center for setting over reference point. Includes plumb bob, sunshade, fitted case, instruction manual, stiff-legged tripod (9 GT 46094C).

See *Guarantee* on facing page.
9 GT 46033C2—Shipping weight 26 lbs. \$278.95

Level alone, without tripod. Order 9 GT 46094C or 9 GT 46095C tripods below.
9 GT 46032C—Shipping weight 16 lbs. \$229.95

9 GT 4624—Shipping weight 13 ounces \$8.39

These **CRAFTSMAN®** Outfits provide flames hot enough for heating, soldering or brazing metals

MAPP® Gas Outfit

- Hotter flame than propane, over 3200° F. . . that's hot enough for brazing up to 12-gauge metal
- Also a wider flame than propane torches . . . heats surfaces faster for quicker results

Propane flame

MAPP® flame

\$19.50
Outfit

This high-energy fuel is rapidly gaining popularity among homeowners, hobbyists and industry as well . . . does everything propane can, plus much more. Multi-pointed flame generates more BTU's of heat than acetylene! Saves time thawing pipes, removing paint, doing home repairs . . . ideal for leading pipes, sweating nuts, other plumbing uses. Will even braze copper and steel . . . a task propane does slowly, if at all.

With all the time you save on chores, why not do some *creating* with your Mapp® Gas torch . . . it's a great tool for customizing cars, making and repairing jewelry . . . ideal for doing metal sculpture, too. Outfit includes torch, two 16.0-oz. MAPP® Gas cylinders, spark lighter with 6 extra flints, plastic case and instructions.

9 GT 54321N—Shipping weight 7 pounds Outfit \$19.50

Replacement MAPP® Gas Cylinder. Holds 16.0-oz. by weight.

9 GT 54921N—Shipping weight 3 pounds \$2.69

*Note to Alaska and Hawaii customers: Propane and MAPP® Gas cylinders must, by law, be shipped via surface transportation. Please check parcel post information, page 96, before ordering. Allow extra time for delivery.

Solid-ox Welder Outfit

- Oxygen-propane flame up to 5,000° F. . . hot enough for brazing, light welding
- Portable . . . uses oxygen pellets instead of heavy, expensive cylinders

\$35.00
Outfit

A great way to do home or shop repairs, and metal sculpture. Easy to carry to the job . . . tank assembly weighs only 7 lbs. Single-valve control (no regulators) . . . no need for complicated adjustments. Outfit includes torch; standard 14.1-oz. propane* cylinder (order replacement cylinders (9 GT 5491N) on page 46); assorted oxygen pellets; two tips (.060 and .080-in. orifice sizes); rods; goggles; spark lighter; extra filter; tip cleaner; and instructions.

9 GT 5450N—Shipping weight 12 pounds Outfit \$35.00

Extra Assorted Oxygen Pellets. Variety of sizes and uses.

9 GT 5451N—Total burn time approx. 90 min. Shpg. wt. 3 lbs. \$4.49

Extra General-purpose Oxygen Pellets. For soldering, brazing, and cutting.

9 GT 5452N—Total burn time approx. 65 min. Shpg. wt. 3 lbs. \$3.99

Extra Light-duty Oxygen Pellets. Fine flame for detailed work.

9 GT 5453N—Total burn time approx. 90 min. Shpg. wt. 3 lbs. \$3.99

CRAFTSMAN® Oxy-Acetylene Outfits deliver the high temperatures you need for fusion welding

Mini Oxy-Acetylene Torch Outfit

- Flame reaches 6,000°F. . . hot enough to fusion-weld 1/8-in. steel
- Valves and hoses are color-matched for safety and convenience

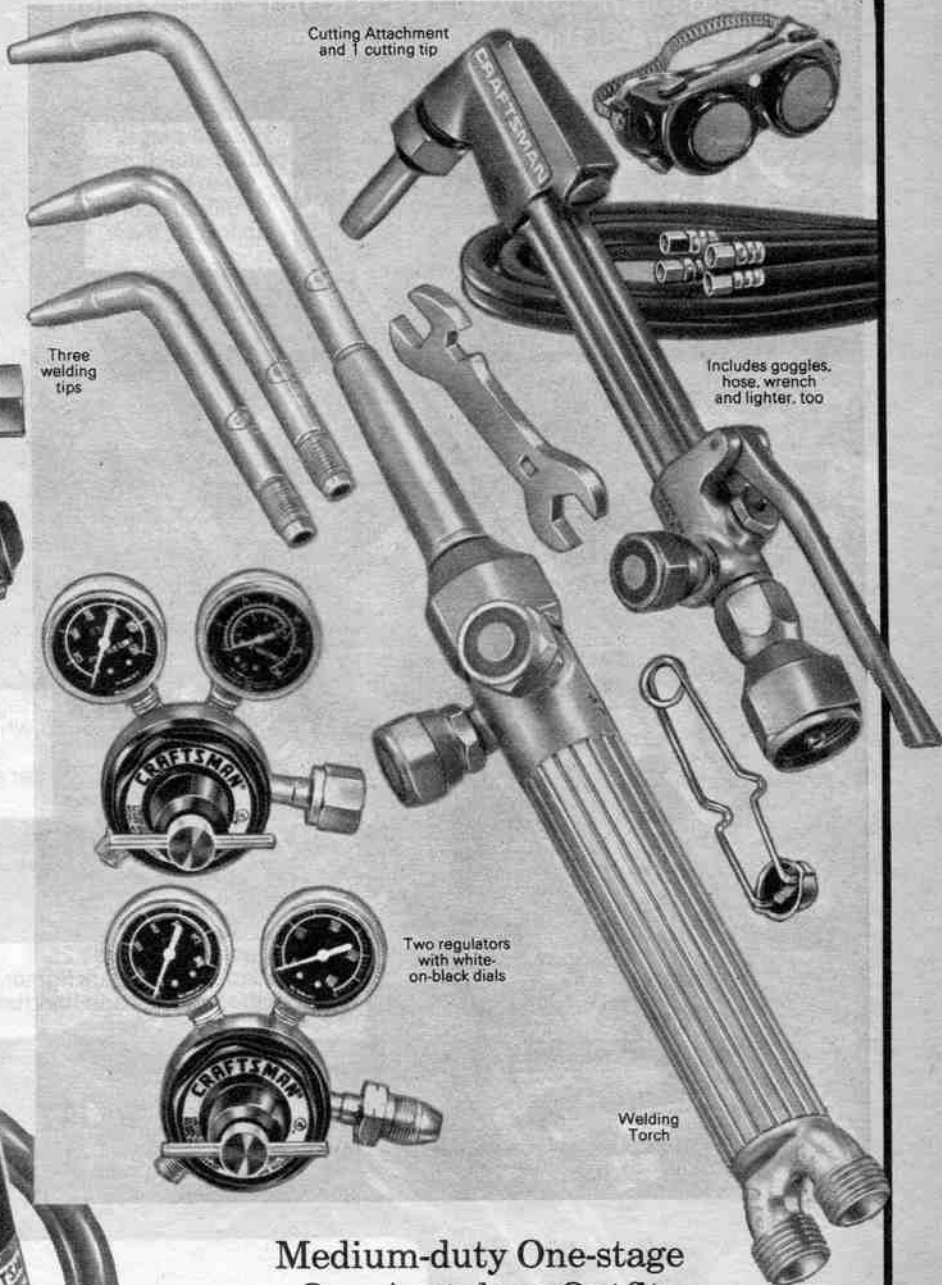

\$69⁵⁰
Outfit

Great for metal sculpture, electronic work, home repairs and maintenance . . . ideal for hobby work with ceramics, jewelry and model-making, too. Torch body of light-weight aluminum . . . hi-impact Cycloc® molded plastic handle. Anodized aluminum control valves. Flexible 8 1/2-ft. hose with fittings. Control valves and hose assembly are color-coded to guard against mix-ups (red for acetylene, green for oxygen).

Chrome-plated brass torch nozzle and welding tips. Hose connections, nozzle and welding tips are handtight design . . . you need no wrench. Two regulators are pre-set at a pressure of 6.5 p.s.i. . . outfit is easy to work with, since you have no tricky adjustments to make.

Set includes three welding tips: Nos. A (.011-in. orifice); B (.020-in.) and C (.029-in.). Also includes spark lighter, all-purpose wrench (for use with tanks and cylinders), goggles and instruction booklet.

9 GT 5405—Shpg. wt. 4 lbs. 10 oz. Outfit \$69.50

Medium-duty One-stage Oxy-Acetylene Outfit

- Flame adjusts up to 6,400°F. . . hot enough to fusion-weld 1/4-in. steel
- Cuts steel up to 1-in. thick

\$116⁵⁰
Outfit

Brass-forged torch body. Stainless steel valve stems for delicate flame settings. Needle shut-off valve seals tight. Valve wheels mounted on front for quick, easy adjustments. Regulators have large 2-inch diameter gauges.

Includes three welding tips (Nos. 3, 5 and 7), and cutting tip (No. 1). Outfit will cut up to 2-in. steel with tips sold at right. Also includes 12 feet of 3/16-in. diam. Siam-eez hose, face mask, lighter, wrench, and instructions.

9 GT 5443—Shpg. wt. 14 lbs. Outfit \$116.50

Welding Torch only, from outfit above.

9 GT 54401—Shpg. wt. 14 oz. \$29.99

Cutting Attachment only, from outfit above.

9 GT 54402—Shpg. wt. 14 oz. \$29.99

Oxygen Regulator only, from outfit above.

9 GT 54403—Shpg. wt. 4 lbs. 4 oz. \$34.99

Acetylene Regulator only, from outfit above.

9 GT 54404—Shpg. wt. 4 lbs. 4 oz. \$34.99

Welding Tips. For welding torch 9 GT 54401 sold at left, and in outfit 9 GT 5443.

Catalog Number	Tip size	Welding capacity
9 GT 54431	No. 1	up to 1/32 in.
9 GT 54432	No. 3	1/32 to 1/16 in.
9 GT 54433	No. 5	1/16 to 1/8 in.
9 GT 54434	No. 7	1/8 to 1/4 in.

Shipping weight 4 oz. Each \$4.59

Cutting Tips. For cutting attachment 9 GT 54402 sold at left, and in outfit 9 GT 5443.

Catalog Number	Tip size	Cutting capacity
9 GT 54435	No. 0	1/4 to 1/2 in.
9 GT 54436	No. 1	1/2 to 1 in.
9 GT 54437	No. 2	1 to 2 in.

Shipping weight 3 oz. Each \$5.49

Heat, braze, weld and cut metal with our best Oxy-acetylene Welding Outfit

Our Best because two-stage regulation maintains a constant pressure to torch... you won't have to make adjustments as the pressure in the cylinder changes.

Solid brass cutting attachment with tip for cutting steel up to 1-in. thick

Solid brass welding torch with comfortable balanced handle for steady operation

Regulators have white-on-black dial faces for easy reading

Accessories include 25-ft. hose, face mask, spark lighter, combination wrench and handbook

Includes 3 different welding tips to weld steel ranging from 3/64 to 1/4-in. thick

CRAFTSMAN
COMMERCIAL

Complete
Outfit

\$168⁰⁰

Solid brass torch and cutting attachment for rugged use. Solid forged cutting head to eliminate distortion. Double "O" rings for leak-free, hand-tight connections. Balanced handle lets you weld for long periods of time without arm fatigue or unsteadiness.

Outfit includes 3 welding tips (Nos. 3, 5 and 7), one cutting tip (No. 1) at right... set can cut steel up to 6 inches thick with tips sold separately at right. Cutting tip has 6 pre-heat holes... quicker heating of work surface for faster cutting. Two forged-brass regulators pressure-tested for reliability... large knobs for easy operation, even with gloves. Large 2 1/2-inch diameter gauges with durable Lexan® plastic covers. Also includes 25-foot Siam-eez hose with solid brass fittings; vinyl facemask; spark lighter; wrench; instruction manual.

Outfit is ideal for home, workshop, farm, service stations... handles auto and cycle repairs, machinery and heavy equipment servicing. The perfect tool for metal sculpting, too.

Gas Welding Rods and Accessories

Welding and Brazing Rods, Tank Adapter, Handbook

1 Gas Rod Assortment. Contains 52 copper-coated welding rods: 20 each $\frac{1}{16}$ and $\frac{3}{32}$ -in.; 12 each $\frac{1}{8}$ -in. Also 15 flux-coated brazing rods: 9 each $\frac{3}{32}$ -in. and 6 each $\frac{1}{8}$ -in. Pkg. \$7.75
9 GT 20061—Pkg. of 67 rods. Wt. 3 lbs. 4 oz.

Copper-coated Gas Welding Rods. (Not shown.) Measure 18 in. long. Approximately 140 in package.
9 GT 20404— $\frac{3}{32}$ -in. diam. Wt. 5 lbs. 2 oz. Pkg. \$3.95
9 GT 20406— $\frac{1}{8}$ -in. diam. Wt. 5 lbs. 2 oz. Pkg. 3.95

2 Flux-coated Gas Brazing Rods. Measure 18-in. long.
Shipping weight each package 1 lb. 4 oz.
9 GT 20464—Pkg. of 25. $\frac{3}{32}$ -in. diam. Pkg. \$3.95
9 GT 20466—Pkg. of 14. $\frac{1}{8}$ -in. diam. Pkg. 3.95

3 Adapters. For "B" Acetylene Tanks. Adapts CGA510 to CGA520.
9 GT 5408—Wt. 11 ounces. \$4.75
For "MC" Acetylene Tanks. Adapts CGA 510 to CGA 200.
9 GT 5409—Wt. 10 ounces. \$4.95

4 The Oxy-acetylene Welder's Handbook. Instr., hints.
9 GT 5411—278 pages illus. Shpg. wt. 10 oz. \$4.95

Truck for Gas Cylinders \$2950

Holds 2 medium-sized cylinders (not included)—one oxygen (122-cu. ft.), one acetylene (145-cu. ft.). Use as handy utility cart in basement, shop or garage, too. Platform base is 20x10 $\frac{1}{2}$ -in. deep. Overall height 38 $\frac{1}{2}$ in. All steel; painted tubular frame. Tool tray. Ten-inch semi-pneumatic tires. Shipped assembled. See "N" suffix, page 96.
Shipping weight 27 pounds.

9 GT 5429N \$29.50

9 GT 54163—Size E3. Cuts a steel from 1 to 3 in. thick.

CRAFTSMAN® Arc Welding Rods and Accessories

All-purpose Mild Steel Rods

Packed in handy plastic tubes or money-saving 25-pound packages

Easy-to-use Contact Type . . .
just touch rod-tip to metal
for a smooth, surge-free arc

These general-purpose electrodes start on contact—hold a steady arc as long as they touch metal—and restrike on contact. Metal core melts faster than powdered metal coating, so there's always a flux coat to keep rod from sticking to workpiece. Deposit a smooth, low contour weld . . . ideal for fixture welding where appearance is important. For sheet metal fabricating, production welding and tacking. Slag coverage peels off when weld cools. Use AC or DC.

Check quantities and prices in chart below . . . see how much you save with 25-pound bulk packages.

Size Inches	Catalog Number	Tube pkg. of	Wt. lbs. oz.	Tube pkg.	25-lb. pkg. Catalog No.	Pkg. of	Wt. lbs.	25-lb. pkg.
$\frac{3}{32}$ x9	9GT20286	44*	1 10	\$2.89	9GT20284C	325*	26	\$13.50
$\frac{1}{8}$ x14	9GT20287	23*	1 15	2.89	9GT20285C	162*	26	13.50
$\frac{3}{16}$ x14	9GT20288	17*	1 14	2.89				

Weld from any position, even over dirty,
rusty metal with these deep-penetrating rods

These general purpose electrodes weld in any position—horizontal, vertical or overhead. No need to waste time cleaning metal . . . arc penetrates rust and dirt to deposit a strong, dependable weld. Ideal for repair of autos, farm equipment, structural steel or pipe tanks. Leaves little slag on all types of ferrous metals. Use AC or DC.

Check quantities and prices in chart below . . . see how much you save with 25-pound bulk packages.

Size Inches	Catalog Number	Tube pkg. of	Wt. lbs. oz.	Tube pkg.	25-lb. pkg. Catalog No.	Pkg. of	Wt. lbs.	25-lb. pkg.

*Quantities figured by weight (may vary by 1 or 2 rods)

Specialty Rods . . . a selection for almost any arc-welding job

5 Electrode Assortment. Gives you a full range of arc-welding operations. Includes 3 sizes, 6 types: contact, deep-penetrating, cast-iron, hard-surfacing, cutting, sheet-metal. About 180 rods in package.

9 GT 20471—Shipping weight 10 lbs. 12 oz. Pkg. \$16.75

Machineable Cast-iron Rod. Uses nickel core wire to weld cast irons to steel, nickel alloys, copper . . . no pre-heating needed. Great for auto repair. $\frac{1}{8}$ x13 $\frac{1}{2}$ in.

9 GT 20271—Pkg. of 6. Shpg. wt. 8 oz. Pkg. \$4.39

Cutting Rod. For piercing, gouging, cutting, scarfing of any alloy. Removes old welds. Bevels cracks. Measures $\frac{3}{32}$ x13 $\frac{1}{2}$ inches. About 27 rods in package.

9 GT 20281—Shipping weight 1 lb. 2 oz. Pkg. \$2.89

Hard-surfacing Rod. Tough alloy resists abrasion. For strong welds on equipment subject to heavy wear. Measures $\frac{1}{8}$ x14 inches. About 23 rods in package.

9 GT 20045—Shipping weight 1 lb. 15 oz. Pkg. \$2.89

Sheet-metal Rod. Tipped for quick starts. For home repair, metal sculpturing. About 64 rods in package.

9 GT 20293—Size: $\frac{3}{16}$ x9 in. Wt. 1 lb. 2 oz. Pkg. \$3.39

6 Twin Carbon Torch. Use with any arc welder. Flame similar to gas welding torch. Braze, solder or heat metals for bending, hardening and tempering. Two cored carbons and 5-foot cables included. Large insulated fiber-grip handle. Measures 15 $\frac{3}{4}$ inches long.

9 GT 20073—Shipping weight 4 lbs. 2 oz. \$19.50

Cored Carbons for Twin Carbon Torch (6) above.

9 GT 2020—Size: $\frac{1}{4}$ x6 in. Pkg. of 10. Wt. 7 oz. Pkg. \$2.95

9 GT 20221—Size: $\frac{3}{16}$ x6 in. Pkg. of 10. Wt. 11 oz. Pkg. 3.49

7 Weld Chipper Wire Brush. Forged steel head.

9 GT 2074—Shipping weight 1 lb. 4 oz. \$5.89

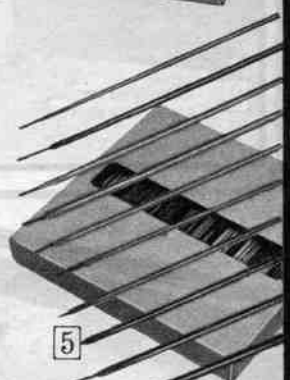

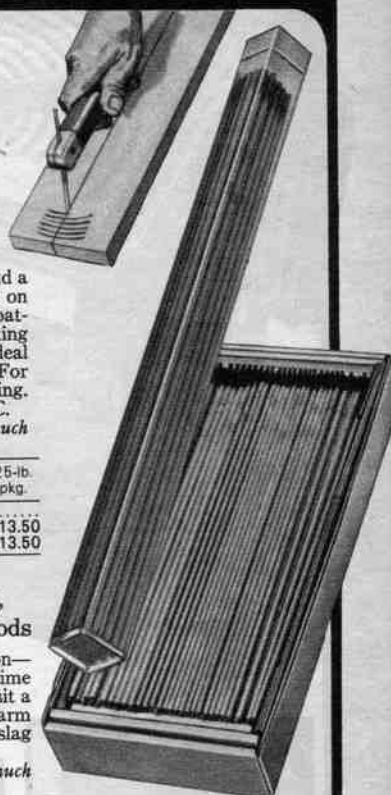

9 GT 2081—Extra Brush for (7). Shipping weight 6 oz. 95c

8 Electrode Rod Holder. Capacity—200 amps. Asbestos jaw covers. Holds rods up to $\frac{1}{4}$ -in. diam.

9 GT 2071—Copper alloy. Wt. 1 lb. \$9.95

9 Ground Clamp. Copper alloy. Capacity—500 amps.

9 GT 2075—Shipping weight 1 lb. 6 oz. \$3.95

Versatile CRAFTSMAN® AC Arc Welder in 180 or 230-ampere models

Both have infinite heat selection within their ranges... simple operation to help you weld almost like a pro

30 to 180
ampere
Outfit

\$154⁰⁰

40 to 230
ampere
Outfit

\$168⁰⁰

- No guesswork... just pick the right rod for the job (manual tells how), then match number on rod to number on selector panel for exact heat
- No other welder we sell offers more heat settings at pause-free 100% duty cycle*

1 All technical calculations converted into an easy-to-understand system... lets you weld, cut, braze, solder, heat and bend metal, without prolonged training. Cam locking selector holds desired heat setting. Aluminum-wound transformer with fiber glass insulation teams up with a permanently-lubricated cooling fan to guard against overload and to increase the duty cycle at intermediate heats. Extended duty cycle means fewer pauses for cooling. Steel cabinet measures 16x16x22½ inches high.

Includes 18-ft. electrode and 12-ft. ground cable, cable hanger, input cable with plug, wall receptacle, electrode holder, ground clamp, full-faced welder's helmet. UL listed and NEMA rated. See important welder specifications and arc welder guarantee below.

30 to 180-amp Welder. Maximum current draw 37 amperes. Operates on primary voltage of 230 volts. 7000 watts.
9 GT 20233N—Wt. 112 lbs. \$154.00

40 to 230-amp Welder. Max. current draw 55 amps; operates on 230 volts, 9,300-w. Higher heat, faster welding with large rods than 180-amp unit.
9 GT 20133N—Wt. 118 lbs. \$168.00

2 Dolly Kit. Two 3-in. rubber tires with axle kit. Fits all Sears welders except 9 GT 20791N and former 9-20997 and 9-20996.
9 GT 20481—Includes hardware. Shpg. wt. 1 lb. 4 oz. Kit \$5.49

3 "Arc Weld It Yourself" Manual. Illustrated book explains arc welding process, AC electric arc welding techniques. 36 pages.
9 GT 20256—Shipping weight 2 ounces .78c

4 Cable Extension for ground or electrode cable. Long 25-ft. coil with copper connectors. Number 2 gauge copper wire, rubber covered, insulated.
9 GT 20696—For all CRAFTSMAN Arc Welders. Wt. 8 lbs. 2 oz. Coil \$26.50

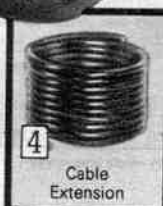

GUARANTEE: CRAFTSMAN Welders on these 2 pages are unconditionally guaranteed for one year to give complete satisfaction or tool will be repaired, free of charge. This service is available through any Sears store or service center in the U.S. or Canada.

Dolly kit for Arc Welder above

Arc-welding Manual

Cable Extension

CRAFTSMAN® 225-ampere AC Arc Welder with a selection of 12 heats to handle almost any repair job

Outfit **\$133⁰⁰**

Repair farm machinery, construction equipment. Weld small pieces in your home workshop. Cut metal, solder, braze... all with one low-cost welder. Does almost all the jobs welder above does, but for shorter periods (20% duty-cycle). Handy, bi-directional switch swings around to change from high to low heat ranges... gives you a wide selection of heats with an easy-to-read selector dial. Push switch down to select proper welding heat from 40 to 225 amps. Release switch and positive indexing locks it in position... won't turn until pushed down again... guards against accidental change of setting. Good arc stability at all settings... harsh arc and spatter kept at a minimum.

Sturdy, 2-piece cabinet measures 17x15x15½ in. high. Base conforms to uneven floor. Directional air inlet moves air past slope-mounted transformer for maximum cooling. Aluminum-wound transformer. Fan-cooled. With 15-foot electrode cable, 10-foot ground cable, 6-foot input cable with plug and wall receptacle, on-off switch, electrode holder, ground clamp, helmet and manual. Cables permanently attached. 7600-watts. UL listed, NEMA rated.

See CRAFTSMAN Arc Welder guarantee above. Also see power requirements and specifications in table below.

9 GT 20791N—Shipping weight 91 pounds. \$133.00

*Duty cycle means ratio of welding time to cooling time per 10-min. cycle.

BEFORE ORDERING, READ THESE SPECIFICATIONS CAREFULLY

Specification Note: Before ordering, first check voltage, cycle, phase and capacity of your power line with your electric utility company or local REA office.

Catalog Number	Prim. Volts	AC (single phase) cy.	Ampere max. input	Prim. max. short circuit	Fuses amps.	Rod sizes (inches)	Max. KVA	Max. KW	Max. open circ. secondary	Duty cycle	Power factor

†From 20% to 100% depending on heat.

CRAFTSMAN® 295-ampere AC Arc Welder

Best for use on thicker steels. Infinite heats (45 thru 295 amps) give higher temperatures needed for tough jobs. weld, braze, solder, cut, pierce, bend, harden, temper

\$235⁰⁰ Outfit

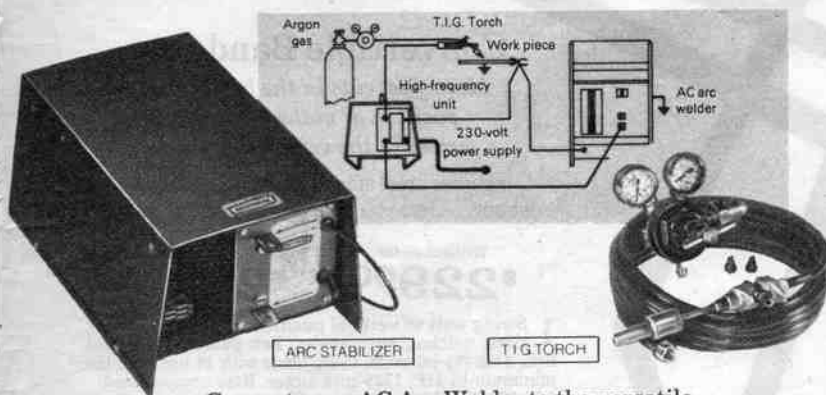

Designed for heavy-duty service requiring high heats such as in maintenance shops and on the farm; also for welding cast-iron. Built-in reactance increases open circuit voltage on all heats for easier arc maintenance. Down-draft fan exhausts through cabinet bottom . . . cools double-insulated coils to keep welder operating at high efficiency. Continuous control also built-in . . . maintains heat level you select; guards against variations. Big dial on top, easy to get to in a hurry. Fan motor permanently lubricated. Recessed panel protects controls.

Many other applications such as: *building* tailor-made items like boats, wagons, racks, bench and table frames; *rebuilding* farm equipment such as worn cutting edges on plow shares, sweeps, teeth on spike harrows; *repairing* items around the house such as garden tools, appliances, lawn equipment, as well as gears, sprockets, wheel rims, cars, trucks, trailers, etc.

Cabinet measures 16 inches wide x 16 inches deep, 22½ inches high. Base can be mounted on wheels (see kit 9 GT 20481 on facing page) so welder can be moved easily to any point.

Operates on 30-arc volts. NEMA rated. Includes 18-ft. electrode cable, 12-ft. ground cable, electrode holder, heavy-duty ground clamp, industrial flip-front helmet and two cable hangers. See specifications and guarantee on facing page.

9 GT 20153N—Shipping weight 155 pounds. Outfit \$235.00

Convert your AC Arc Welder to the versatile T.I.G. (Tungsten Inert Gas) process with this outfit

\$166⁵⁰ Outfit: Arc Stabilizer plus T.I.G. Torch

Add this combination to your arc welder . . . it will enable you to weld metals such as aluminum, bronze, nickel, stainless steel . . . also metals of very light gauge and up to ¼-in. thick. Process floods molten steel with a non-combining inert gas (usually argon)—prevents oxidation and embrittlement of weld. No preheating. 3 collets (⅛, ⅜, ½-in.) included. Use both units to connect AC or AC-DC arc welders.

Outfit including Arc Stabilizer and T.I.G. Torch. Combine for extremely fast welding on light gauge metals. Operates continuously to maintain arc. Rated for 30% duty cycle.

Arc stabilizer provides long arc for AC units—tip need not touch metal during welding. T.I.G. Torch (not sold separately) uses ⅛-inch tungsten electrode—won't pass impurities on to weld. Air cooled. 200-amp. Shutoff valve, regulator hose. Inert gas not included (see local supplier for argon and other inert gases). Shipping weight 22 pounds.

9 GT 20118C2 Outfit \$166.50

Arc Stabilizer alone. For easier starts with AC or AC-DC welders in stick electrode process. Measures 13¼x8½x9½ inches wide. Use 230-volt outlet or wire into welder circuit.

9 GT 20993C—Shpg. wt. 17 lbs. . . . \$89.50

Tungsten-tip Electrodes. Shpg. wt. 4 oz.
9 GT 20161—⅛ in. \$1.29

2 Dolly Kit* for (1) above. Lightweight tubular steel.

F9 GT 20195—Shipping weight 25 pounds Kit \$69.00

3 Accessory Kit for (1) above.** Includes helmet, 18-foot electrode cable, 12-foot ground cable, holder and clamp.

F9 GT 20196—Shpg. wt. 12 lbs. Kit \$47.50

*From factory in Minneapolis, Minn.
**From factory in Paris, Tenn. Allow time . . . no C.O.D.'s. For mailable items (2 and 3), pay shpg. and handling charges from Catalog Merchandise Distribution Center.

Sears Has a Credit Plan to Suit Most Every Need
See Big Book or ask for details

These **CRAFTSMAN**® Band Saws can cut through a 2-inch bar of cold-rolled steel in just 2¾ minutes

Tired of those tedious metal-cutting chores? With either of these labor-saving power saws, you simply set the cut and watch it work. Sensitive hydraulic control feeds blade at proper rate for smooth, fast cutting. They even shut off by themselves. Jaw vise adjusts from 90° to 45°, so they cut any shape up to 3 in. thick x 6 in. wide... rounds, flats, tubes, even angles. Either saw excellent for home or shop use.

Both saws cut up to 10 times faster than the reciprocating power hack saw sold in our Big Book. Blade reaches 135 feet per minute... plenty of speed for cutting steel, cast-iron, brass, aluminum and more. Nylon drive-pinion helps hold noise to a minimum. Knob quickly adjusts blade tension... roller guides also adjust. Bronze and sleeve bearings provide smooth, accurate operation. Sturdy, cast-iron frame. Guaranteed for one year.

You can swivel this unit to vertical position, then attach the 4½x4½-inch work table for freehand metal cutting

Convertible Band Saw

Make fast cuts in the horizontal position or make freehand curves in the vertical position

Includes steel stand with 6-inch diameter wheels... lets you take saw where it's needed

Without motor	With motor
\$229⁰⁰	\$284⁹⁵

1 Swing unit to vertical position for cutting curves, slots, notches, even angles. Belt guard, V-belt, pulleys, 4½x4½-in. table, ½-in. blade with 14 teeth/in. Use minimum ½-HP, 1725-rpm motor. Base unassembled. 9 GT 2295N—Without motor. Shpg. wt. 120 lbs. . . \$229.00

Saw above with ½-HP Motor. See motor (9GT1254C) on page 84. Operates on 110-120 or 230-volt, 650 watts, 60-Hertz, AC. Complete with 4-foot 3-wire cord. 9 GT 22954N2—Shipping weight 141 pounds . . . \$284.95

Extra Blades for (1 and 2). Shipping weight ea. 6 oz.

GUARANTEE
CRAFTSMAN Bench or Floor Power Tools (and Welders) are unconditionally guaranteed for 1 year to give complete satisfaction or tool will be repaired, free of charge (90 days for Sears non-CRAFTSMAN tools). This service is available through any of our stores or service centers throughout the United States or Canada.

*Need a Band Saw that
will cut metal 2 inches
thick, or wood 12
inches thick?*

**This 18-inch, 3-speed
CRAFTSMAN® Band Saw**
can handle both —
even while cutting
curves and bevels

Saw without motor	Saw with built-in motor, magnetic switch
\$895.00	\$1095.00

Ruggedly-built for industrial loads. Dependable, ball-bearing gear reduction means you can saw big sections of aluminum, brass or iron castings, galvanized pipe or mild steel girders. Blade speeds of 118, 167, and 221 feet per minute handle most cutting needs. Cuts to the center of a 36-inch circle in wood up to 12 inches thick; cuts plywood without splintering. With 1/2-inch blade below, it even cuts 2-inch thick metal.

All operating parts enclosed (except cutting portion of blade) for your protection. Blade guard assembly moves up and down, can be locked in any position. Saw table tilts and locks at any angle up to 45°. Conveniently-located on-off controls. Foot-brake pedal stops blade when pedal is pushed down, after power is turned off. Blade-belt tension guide for tension control.

With two 11-foot blades; 1/4-inch wide for metal cutting; 3/8-inch wide for wood. Includes two rubber-tires, ball-bearing wheels, miter gauge, 2 miter gauge slots, 2 pulleys, V-belt. Specs. below. *Guaranteed one year... see facing page.*

Order 1-HP, 1725-rpm motor (9 GT 1240C) separately from page 85. Or buy the combination (saw plus heavy-duty motor) below.
F9 GT 2360N*—Without motor. Shpg. wt. 415 lbs. \$895.00

SAW SPECIFICATIONS

- Depth of throat with shroud—17-in.; without shroud—18 in.
- Table size—20x17 in. wide
- Wheel size—each 18 inches
- 7-in., 4-step machine pulley
- 3-in., 4-step motor pulley
- Overall size—75 in. high, 22 1/2 in. wide, 31 in. deep

Rip Fence* for saw (F9 GT 2360N) above. Sent unassembled.

F9 GT 23586—Shipping weight 13 lbs. \$29.95

Saw above with heavy-duty 1-HP motor*. Motor built in. Capacitor-start, 1725-rpm motor pre-wired to magnetic switch. If voltage drops, switch automatically shuts motor off—won't start again until you reset switch. Induction run; fan cooled. Permanently-lubricated ball bearings for long service. Operates on 110-120-volt or 230-volt, 1190 watts, 60-Hertz AC.

F9 GT 2361N—Shipping weight 515 lbs. \$1095.00

*SHIPPING NOTE: Sent from factory in Cincinnati, O. No C.O.D.'s. Allow extra time. For saws, pay motor carrier or express charges from factory. For fence, allow for shipping and handling charges from your Catalog Merchandise Distribution Center.

Extra 11-foot Blades for saw above. Sent from Boone, North Carolina fcty. No C.O.D.'s. Allow extra delivery time. *Postpaid.*

Sears Has a Credit Plan to Suit Most Every Need
See Big Book or ask for details

Need a machine that'll turn metal, wood or plastic?

This 6-in. Lathe gives you 8 speeds and 4 feeds... enough to make all these products and more with proper attachments

\$369⁰⁰ without motor, bit, attachments

Accuracy-tested to cut steel stock to a tolerance of 1/1000 inch

Complete Manual of Lathe Operations

2 Both beginners and experienced machinists will find this book helpful. Valuable hints on lathe care, operations, attachments. Includes machinists' tables, drawings, diagrams. Paperbound with index tabs. 258 information-packed pages. 9 GT 2925—Shipping wt. 1 lb. 4 oz.\$4.99

Sears Has a Credit Plan to Suit Most Every Need
See Big Book or ask for details

1 Turn blueprints into products with this CRAFTSMAN® back-gear lathe. Expand your skills to new, wider fields of interest. Turn, mill, drill, grind and bore iron or steel. Shape wood, plastics, alloys and soft metals into form. Wind springs and electrical coils. Cut precision threads. You can even repair or replace parts for machinery.

Be as creative as you feel—design wood or metal spindles for railings, furniture, room dividers or lamp bases. Porous-bronze back gears reduce spindle speeds for heavy or large diameter work. Compare features and specs, at right with other lathes in this price range.

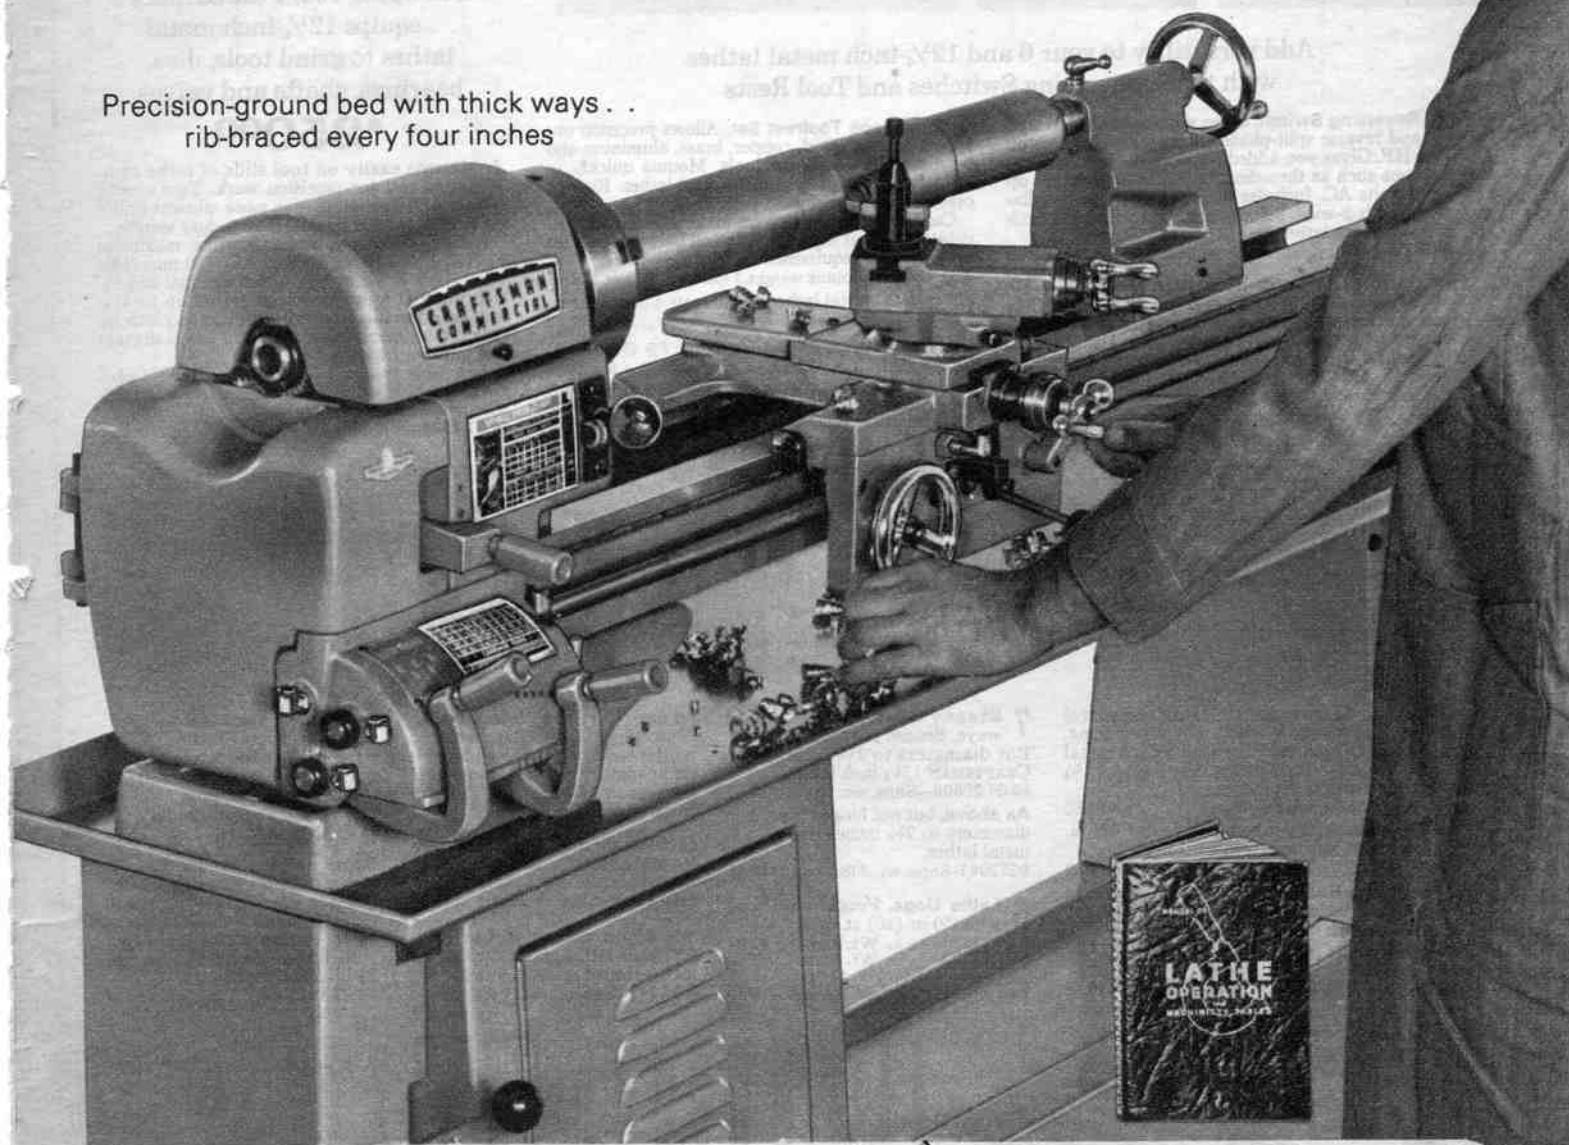

Includes 2-step motor pulley; 4-step machine pulley; two 60° centers; 9 threading gears; V-belt; 4 wrenches. Use minimum 1/3-HP, 1725-rpm motor (not included), see motors on page 84. Guaranteed 1 year... see page 106. Table top, metal work piece, bit not included. 9 GT 2120N—Shpg. wt. 90 lbs. \$369.00

MORE FEATURES AND SPECIFICATIONS

- Permanently lubricated ball bearings absorb the load... help keep friction at minimum level for long, accurate service
- Thread dial simplifies thread cutting... shows you the exact time to engage half-nuts for each successive cut
- Cuts 8 to 96 standard threads per inch... right or left hand
- Micrometer-graduated feed screw collars with locks for quick dialing
- Base of compound rest swivels 180°... locks in any position
- Semi-steel bed cast in 1 piece... ways align to 1/1000 inch
- **Capacity:** 6-inch swing over bed; 6-inch swing over saddle wings; 3 1/8-inch swing over cross slide; 19 1/4 inches between centers
- **Carriage:** manual cross feed plus power assist for reversible, longitudinal feeds; 4 3/4-inch cross slide travel; 3/8-inch diameter feed screw with Acme thread; 1 3/4-inch compound rest travel; 1 5/8 x 3/4-inch slot in tool post takes 3/8-in. bits or holder for 3/16-in. bits
- **Headstock:** 1 7/32-inch spindle hole; 5/32-inch collet capacity; 1-inch diameter spindle nose with 10 pitch NS thread; No. 2 Morse Taper
- **Tailstock:** 3/4-inch diameter spindle bored for Number 1 Morse Taper; 1 1/4-inch spindle travel; 5/16-inch tailstock setover for taper turning
- **Feeds:** .0024-inch, .0039-inch, .0048-inch, .0078-inch
- **Speeds:** 55, 120, 190 and 300 rpm in back-gear drive; 430, 900, 1450 and 2300 rpm in direct drive
- Overall dimensions measure 11 in. high x 17 1/2 in. deep x 34 in. long
- Mounting dimensions measure 4 3/4 inches wide x 27 1/16 inches long

Precision 12¼-inch Metal Turning Lathe gives you 16 speeds, 54 feeds CUTTING ACCURACY TESTED TO 1/1000 OF AN INCH

Precision-ground bed with thick ways . . .
rib-braced every four inches

MORE FEATURES AND SPECIFICATIONS

- Timken tapered roller bearings absorb both radial and thrust loads . . . help keep friction at a minimum for long, accurate service
- Threading dial shows time to engage half-nuts for successive cuts
- Micrometer graduated feed-screw collars with locks for quick dialing
- Sixty-hole indexing mechanism for dividing operations like fluting
- Semi-steel bed cast in 1 piece; ways align to within 1/1000 of an in.
- 12 pitch back gears at 6 to 1 ratio, oil-impregnated bearings
- **Capacity:** 12¼-in. swing over bed; 12-in. swing over saddle wings; 7¾-in. swing over cross slide; 36 inches between centers
- **Carriage:** reversible power cross, longitudinal feeds; 6½-in. cross, slide travel; ½-inch diam. feed screw with 8 Acme threads per inch; 2¼-in. compound rest travel; ⅝x⅞-inch slot in tool post takes ⅝-inch bits or holder for ¼-inch bits
- **Headstock:** 2⅝-in. spindle bore; ½-in. collet capacity; 1½-in. spindle nose with 8 threads; No. 3 Morse Taper with No. 2 reducing sleeve
- **Tailstock:** 1½-inch diam. spindle bored for Number 2 Morse Taper; 2¾-inch spindle travel; spindle graduated in ⅛ths of an inch from 0 to 3 inches; ¾-inch tailstock setover for taper turning
- **Feeds:** gear box quickly selects 54 feeds from .0042 to .250 inch
- **Speeds:** 28, 45, 70, 83, 112, 134, 211, 345 rpm in back gear drive; 164, 266, 418, 500, 685, 805, 1270, 2072 rpm in direct drive
- Cuts 4 to 240 Standard threads per inch, right or left hand
- Base of compound rest swivels 180° . . . locks in any position

\$1099⁰⁰ Complete with floor model cabinet, without chuck, bit

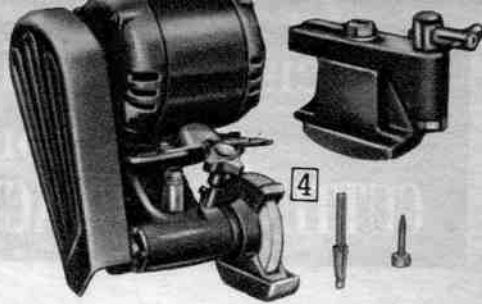

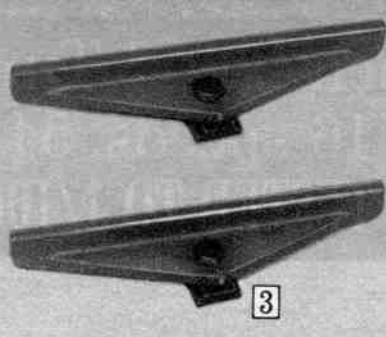

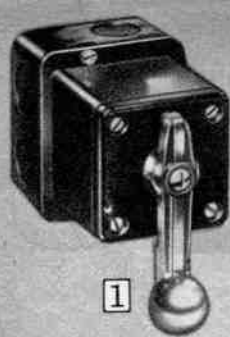

This back-geared screw-cutting lathe could be the "heart" of your machine shop . . . could help turn engineers' plans into new tools for modern industry. Gives you the capacity to turn metals, plastics, wood. Wind coils, cut threads, repair machine parts. With proper attachments you could turn out a whole range of lathe operations—even at a production pace. Shift instantly to one of 54 feeds or threads. By varying gear train with extra change gears, you get hundreds of additional feeds, including all standard metric threads from .25 to 7mm.

Includes 4-step machine pulley, 2-step motor pulley, "V" belt, two 60° centers, tool post, reducing sleeve for headstock centers, wrenches and instruction/operating manual. (Chuck and bit are not included). Use at least ½-HP, 1725 rpm motor (not included). See motors on page 84.

Floor-model cabinet measures 62½ inches long, has rigid pedestal of ⅝-inch plate steel. Built-in chip pan with drain outlet. Underneath drive. Column encloses motor and countershaft (motor not included). Both countershaft and belt handles extend outside of cabinet. Lever release for quick speed changes. Pay motor carrier or express charges from factory in Kalamazoo, Michigan. Allow extra time for delivery. No C.O.D. orders. Lathe guaranteed one year . . . Guarantee page 106.

F9 GT 2899N—Shipping weight 505 pounds . . . \$1099.00

PLAY IT SAFE—PROTECT YOUR EYESIGHT
See page 116 for protective glasses and eye shields

Add versatility to your 6 and 12 $\frac{1}{4}$ -inch metal lathes with these Reversing Switches and Tool Rests

1 Reversing Switch. Gives you the control to stop and reverse split-phase and capacitor motors up to 1-HP. Gives you added control over precision operations such as threading. Operates on voltages up to 55-volts AC. Includes diagram for quick installation. With 2-wire, 8-foot cord. Use with 12 $\frac{1}{4}$ -inch metal-turning lathe.

9 GT 2982—Shpg. wt. 1 lb. 9 oz.\$22.50

2 Reversing Switch. This is designed to fit CRAFTSMAN® 6 and 12 $\frac{1}{4}$ -in. metal lathes. Lets you quickly stop, start and reverse lathe for added control over threading and other jobs. Use with AC single and three phase motors developing a maximum 1 $\frac{1}{2}$ -HP. For up to 550-volts. Includes installation diagram, 2-wire, 8-foot cord.

F9 GT 2018—Shipping weight 5 pounds\$39.50

3 Two-piece Toolrest Set. Allows precision operations in wood, copper, brass, aluminum and plastic using hand-held tools. Mounts quickly in compound rest of 12 $\frac{1}{4}$ -inch metal lathes. Rugged cast-iron construction.

Calibrated top helps you make consistently accurate cuts. Set includes four and twelve inch sizes to match job requirements.

9 GT 2045—Shipping weight 2 lbs. 8 oz.Set \$17.95

For 6-inch metal lathes. Tool rests 4 and 8-in.

9 GT 2044—Shipping weight 1 lb. 6 oz.Set \$12.50

SHIPPING NOTE: "F" items (as F9 GT 2018) from Kalamazoo. Michigan factory. Allow for shipping and handling charges from catalog order plant for items except those marked *postpaid*. Allow extra time. No C.O.D.'s, please.

Universal Tool Post Grinder
... equips 12 $\frac{1}{4}$ -inch metal lathes to grind tools, dies, bearings, shafts and valves

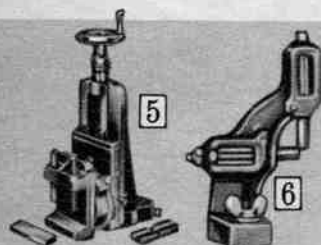

\$250⁰⁰

4 Mounts easily on tool slide of lathe compound rest for precision work. Two speeds, 4900 and 9100-rpm, to give more efficient grinding in soft or hard metals. Heavy-duty spindle.

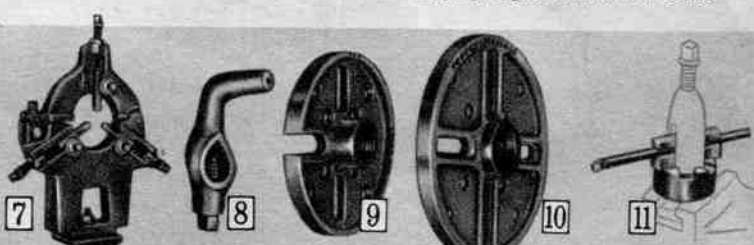

Reliable 3450-rpm motor develops maximum 1 $\frac{1}{4}$ -HP, 110-120-v., 60 Hz., AC. 150 max. idle watts. Unit includes belt, 4-inch external and 1 $\frac{1}{2}$ -inch internal grinding wheels (grind up to 4 $\frac{1}{4}$ -inch external diameters; from 1 $\frac{1}{4}$ to 9 $\frac{1}{4}$ -inch internal diameter). With diamond wheel dresser and quill for internal work.

Always wear protective goggles or a face shield when working with wood or metal lathes. See our complete selection on page 116.

F9 GT 2998—Shipping weight 37 lbs.\$250.00

Accessories for Metal-turning Lathes

5 Milling Attachment. Graduated swivel vise, flat block, V-block. For face-milling, cutting keyways, etc. Use with 6-inch metal lathes. Vise capacity 2 inches. Vertical feed 1 $\frac{3}{4}$ inches. Cross feed 3 $\frac{3}{8}$ inches.

9 GT 2057—Shpg. wt. 8 lbs. 6 oz.\$69.50

For CRAFTSMAN 12 $\frac{1}{4}$ -in. lathe. Vise cap. 2 $\frac{3}{4}$ in. Vert. feed 3 $\frac{3}{4}$ in. Cross feed 5 in.

F9 GT 2987—Shpg. wt. 17 lbs.\$79.50

6 Follower Rest. Mounts back of carriage dovetail slide. For work on long slender rods. For 6-inch metal lathes.

9 GT 2042—Shpg. wt. 3 lbs. 2 oz.\$14.50

For CRAFTSMAN 12 $\frac{1}{4}$ -in. lathe.

9 GT 2988—Shpg. wt. 3 lbs. 4 oz.\$16.75

7 Steady Rest. Clamps to bed ways. Bronze jaws, hinged type. For diameters to 2 $\frac{1}{2}$ inches. For CRAFTSMAN 12 $\frac{1}{4}$ -inch lathe.

F9 GT 20506—Shpg. wt. 10 lbs.\$33.50

As above, but not hinged type. For diameters to 2 $\frac{3}{8}$ inches. For 6-inch metal lathes.

9 GT 2041—Shpg. wt. 3 lbs. 2 oz.\$18.95

8 Lathe Dogs. Forged steel. Use with (9) or (10) at right.

9 GT 21831—1 $\frac{1}{2}$ -in. Wt. 8 oz.\$2.99

9 GT 21832—1 $\frac{1}{4}$ -in. Wt. 10 oz.3.59

9 GT 21833—1-in. Wt. 12 oz.4.35

9 GT 21834—1 $\frac{1}{2}$ -in. Wt. 14 oz.5.19

(9 and 10) **Face Plates.** Use for work which cannot be machined on the center or in the chuck. Fit on headstock spindle. Machined gray-iron casting; slots clamp work or drive lathe dog.

9 5 $\frac{1}{4}$ -inch diameter. For 6-inch metal lathes with 1-inch 10 thread spindle. With 4 slots.

F9GT21405—Shpg. wt. 2 lbs.\$10.95

10 8 $\frac{1}{2}$ -in. diameter. For 12 $\frac{1}{4}$ -inch lathes, lathes with 1 $\frac{1}{2}$ -inch 8-thread spindle. 8 slots.

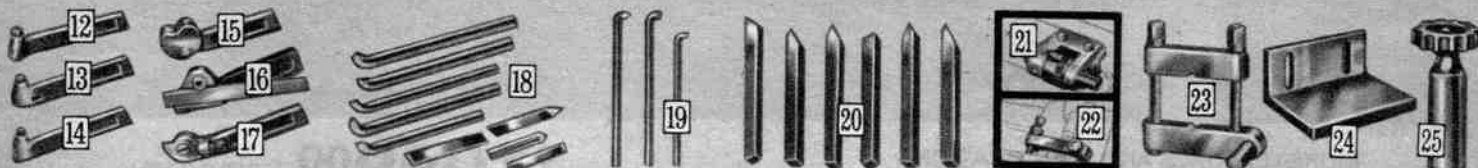

9 GT 24755—Shpg. wt. 7 lbs.\$19.50

11 Boring Tool Holder. For 6-in. metal lathes. With clamp ring, V-block, plain block and 1 $\frac{1}{4}$ -in. high-speed boring tool. Slots hold boring tools of 3 $\frac{1}{8}$, 1 $\frac{1}{2}$, 1 $\frac{3}{8}$, 1 $\frac{1}{4}$, 3 $\frac{1}{4}$ -in. diameter.

F9 GT 1515—Wt. 1 lb.\$11.49

Same as (11) but for 12 $\frac{1}{4}$ -in. lathes. Clamp ring has 1 $\frac{3}{4}$ -in. outside diam., 1 $\frac{1}{8}$ in. inside diam.; V-block and plain block; 1 $\frac{1}{4}$ -in. boring tool. Clamp ring with 3 slots—holds 3 $\frac{1}{8}$, 1 $\frac{1}{2}$, 1 $\frac{3}{8}$, 1 $\frac{1}{4}$, 3 $\frac{1}{4}$ -in. diam. tools.

F9 GT 1511—Wt. 1 lb.\$11.49

Lathe Tool Holders. Forged steel, without bit.

Type	Catalog No.	Bit size	Fits Metal Lathe	Wt.	Each

9 GT 2238—For 9 GT 2200. Shipping weight 4 ouncesEach 3.49

18 Tool Post Sets. 4 boring bars; internal, external threading; external turning tools; spacer, V-block. For 6-in. lathe.

9 GT 2038—Shipping weight 1 poundSet \$25.79

For CRAFTSMAN 12 $\frac{1}{4}$ -in. metal lathe.

9 GT 2189—Shpg. wt. 2 lbs. 2 oz.Set \$29.99

19 Boring Tool Set. Includes 1 $\frac{1}{4}$, 1 $\frac{1}{8}$ -inch boring, and 1 $\frac{1}{2}$ -inch threading tools. Also includes V-block. For 6-inch metal lathes.

9 GT 2008—Shipping wt. 4 oz.Set \$11.95

20 6-piece Formed Tool Bit Sets. Threading bit; left-hand and right-hand facing bits; left-hand, right-hand, round-nose turning bits. Made of high-speed steel for lasting strength. All bits 1 $\frac{1}{4}$ -inch size.

9 GT 2205—Shipping weight 5 oz.Set \$5.50

21 Carriage Stop. Clamps to bed way of 6-inch or 12 $\frac{1}{4}$ -inch metal lathes.

Shipping weight 2 pounds.

F9 GT 2185—Shipping weight 5 oz.\$15.90

22 Cross Slide Stop. Designed to show depth at which to stop cross feed. Slide stop is not intended to stop the cross feed automatically. To install, clamp the cross slide stop to dovetail. Fits 12 $\frac{1}{4}$ -inch metal-turning lathes. *Sent postpaid.* See Shipping Note above.

F9 GT 1510—(Shpg. wt. 8 oz.)\$10.95

23 Clamp-type Dog. Handles square, round, rectangular and hexagonal work. Clamp bars carefully machined and hardened—screws heat treated for long wear. For 12 $\frac{1}{4}$ -inch and 6-inch metal lathes. Jaws open to 2 inches.

F9 GT 1512—Shpg. wt. 1 lb.\$15.49

24 Angle Plate. For 12 $\frac{1}{4}$ and 10-inch metal lathes. Simplifies off-center work and the machining of odd-shaped pieces. Bolt to face plate. Horizontal face measures 6x4 $\frac{1}{4}$ x $\frac{1}{2}$ inches. Vertical face measures 6x2 $\frac{1}{4}$ x $\frac{1}{4}$ inches.

F9 GT 1509—Shipping wt. 10 lbs.\$16.95

25 Woodruff Keyway Cutters. With 1 $\frac{1}{2}$ -inch shank. *Sent postpaid.* (Shipping weight each 9 ounces.)

Chucks, Arbors, Lathe and Milling Accessories

CRAFTSMAN®

Independent 4-jaw Chucks

Low as **\$49⁰⁰**

Precision-made for high performance and accuracy. Chuck body semi-steel cast with deep jaw slots for great strength and bearing surface. All four reversible jaws work independently. Especially useful for holding irregularly shaped pieces. Large jaw screw. T-handle wrench. Will fit lathe spindles as indicated below. Made in England.

Catalog Number	Will fit spindle	Diam.	Shipping weight	Each
9 GT 2155	3/4-inch by 16-thread	4 in.	4 lbs.	\$49.50
9 GT 2159	1-inch by 10-thread	4 in.	3 lbs. 14 oz.	49.00
9 GT 2150	1 1/2-inch by 8-thread	6 in.	10 lbs.	72.50
9 GT 21581	1 1/2-inch by 8-thread	8 in.	14 lbs.	89.00

Replacement Electric Drill Chucks

Low as **\$5²⁹**

- 1 Three jaw keyed chuck for Sears and other electric drills. Key is included. Heavy-duty steel.

Catalog Number	Fit Threads	Capacity	Shipping weight	Price
9 GT 2975	1/4 or 3/8-in. x 24	1/8 to 3/8 in.	15 oz.	\$5.29
9 GT 2980	1/2-in. x 20	3/8 to 1/2 in.	1 lb.	6.99

Chuck Keys for electric drills

Low as **\$5^{9c}**

- 2 Fits geared chucks on Jacobs, Supreme or Sears electric drills listed below. Heavy-duty steel.

Catalog Number	Fits Jacobs Chuck	Supreme Chuck	Sears Chuck	Shpg. wt.	Each
9GT2051	1.1A, 1BS	1A, 1T1	9-2972	4 oz.	59c

you get high performance with low maintenance because the aluminum housings seal out dust... permanently lubricated ball bearings help cut friction to prolong motor life

Use your CRAFTSMAN® Grinder to perform the jobs at right and many more:

- Rough grind
- Finish grind
- Sharpen tools
- Remove rust
- Remove paint
- Buff and polish

Heavy-duty Grinder with two 7x1-inch wheels and capacitor-start motor

\$92⁰⁰

1 Powerful 3450-rpm induction motor with direct drive for the performance you need to handle most every job in your workshop. Motor has no power robbing belts or brushes, to replace so you get long, dependable service. Includes one medium-coarse and one medium-fine aluminum-oxide grinding wheel. Flexible 16-in. gooseneck lamp pinpoints light for precision work. Dual exhausts help vent grinding dust away from you. Adjustable polycarbonate eye shields. Multi-position tool rests for best work angles.

Rubber housing mounts help cut vibration. Removable wheel guards, spark arrestors, and quench tray. On-off switch conveniently on front of unit. Big 12-in. clearance between wheels. Measures 8³/₄x11 in. high. Shaft 1/2-in. x 20-thread. 8-ft. cord. 110-120 and 230-v., 60 Hz. AC. Maximum idle watts: 235. UL listed. See Free-Replacement Guarantee below. Play it safe... wear protective goggles or shields; see complete selection on page 116.

9 GT 1944C—Shipping weight 37 pounds\$92.00

Grinder with two 6x3/4-in. wheels and split-phase motor

\$78⁵⁰

2 Direct-drive, 3450-rpm motor for steady power and a minimum of maintenance. With one medium-coarse and one medium-fine aluminum-oxide grinding wheel. Big 15-in. gooseneck lamp provides direct lighting where you need it. Polycarbonate eye shields adjust to help protect eyes against dust, debris.

Housing rubber-mounted for low vibration. Removable wheel guards for cleaning or wheel change. Spark arrestors, quench tray. Front-mounted on-off switch. Wide 11¹/₈-inch clearance between wheels. Grinder measures 16¹/₄x11 in. high. Shaft: 1/2-in. x 20-thread. 6-ft. cord. 110-120-v., 60 Hz. AC. Maximum idle watts: 150. UL listed. See Free-Replacement Guarantee below.

9 GT 1958C—Shipping weight 28 pounds\$78.50

Grinder with two 6x1/2-in. wheels and split-phase motor

\$54⁵⁰

3 Direct drive, 3450-rpm motor uses no power robbing belts or brushes that often need replacing. You get more than enough power to handle most workshop jobs. Complete with two aluminum-oxide grinding wheels: one fine, one medium. Adjustable polycarbonate eye shields help protect you from flying chips and dust. Multi-position tool rests adjust to most convenient working angles.

Side guards remove to change wheels. Spark arrestors for burn protection. On-off switch located on front of grinder. Big 11¹/₈-inch clearance between wheels. Measures 15¹/₂x10-inches high. Shaft 1/2-inch x 20-thread. 6-ft. cord. 110-120-v., 60 Hz. AC. Maximum idle watts 150. UL listed. See Guarantee below.

9 GT 1940C—Shipping weight 26 pounds\$54.50

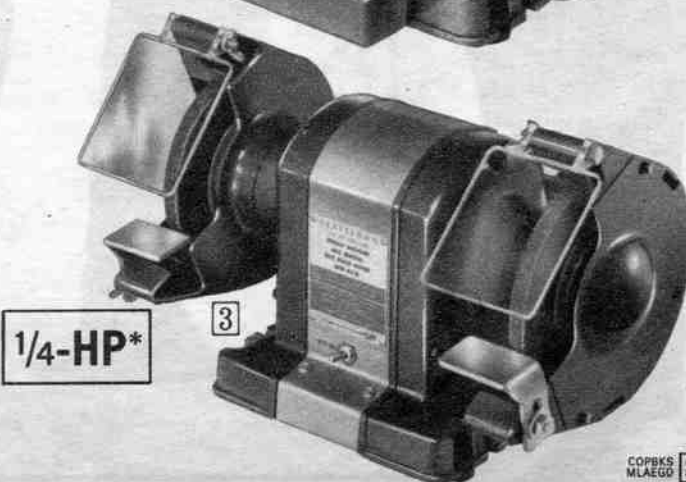

*HP rated according to NEMA Industry Performance Standards

GUARANTEE: We will replace grinders free of charge, if defective in material or workmanship, within the time period specified (1 year for CRAFTSMAN grinders, 90 days for non-craftsman grinders).

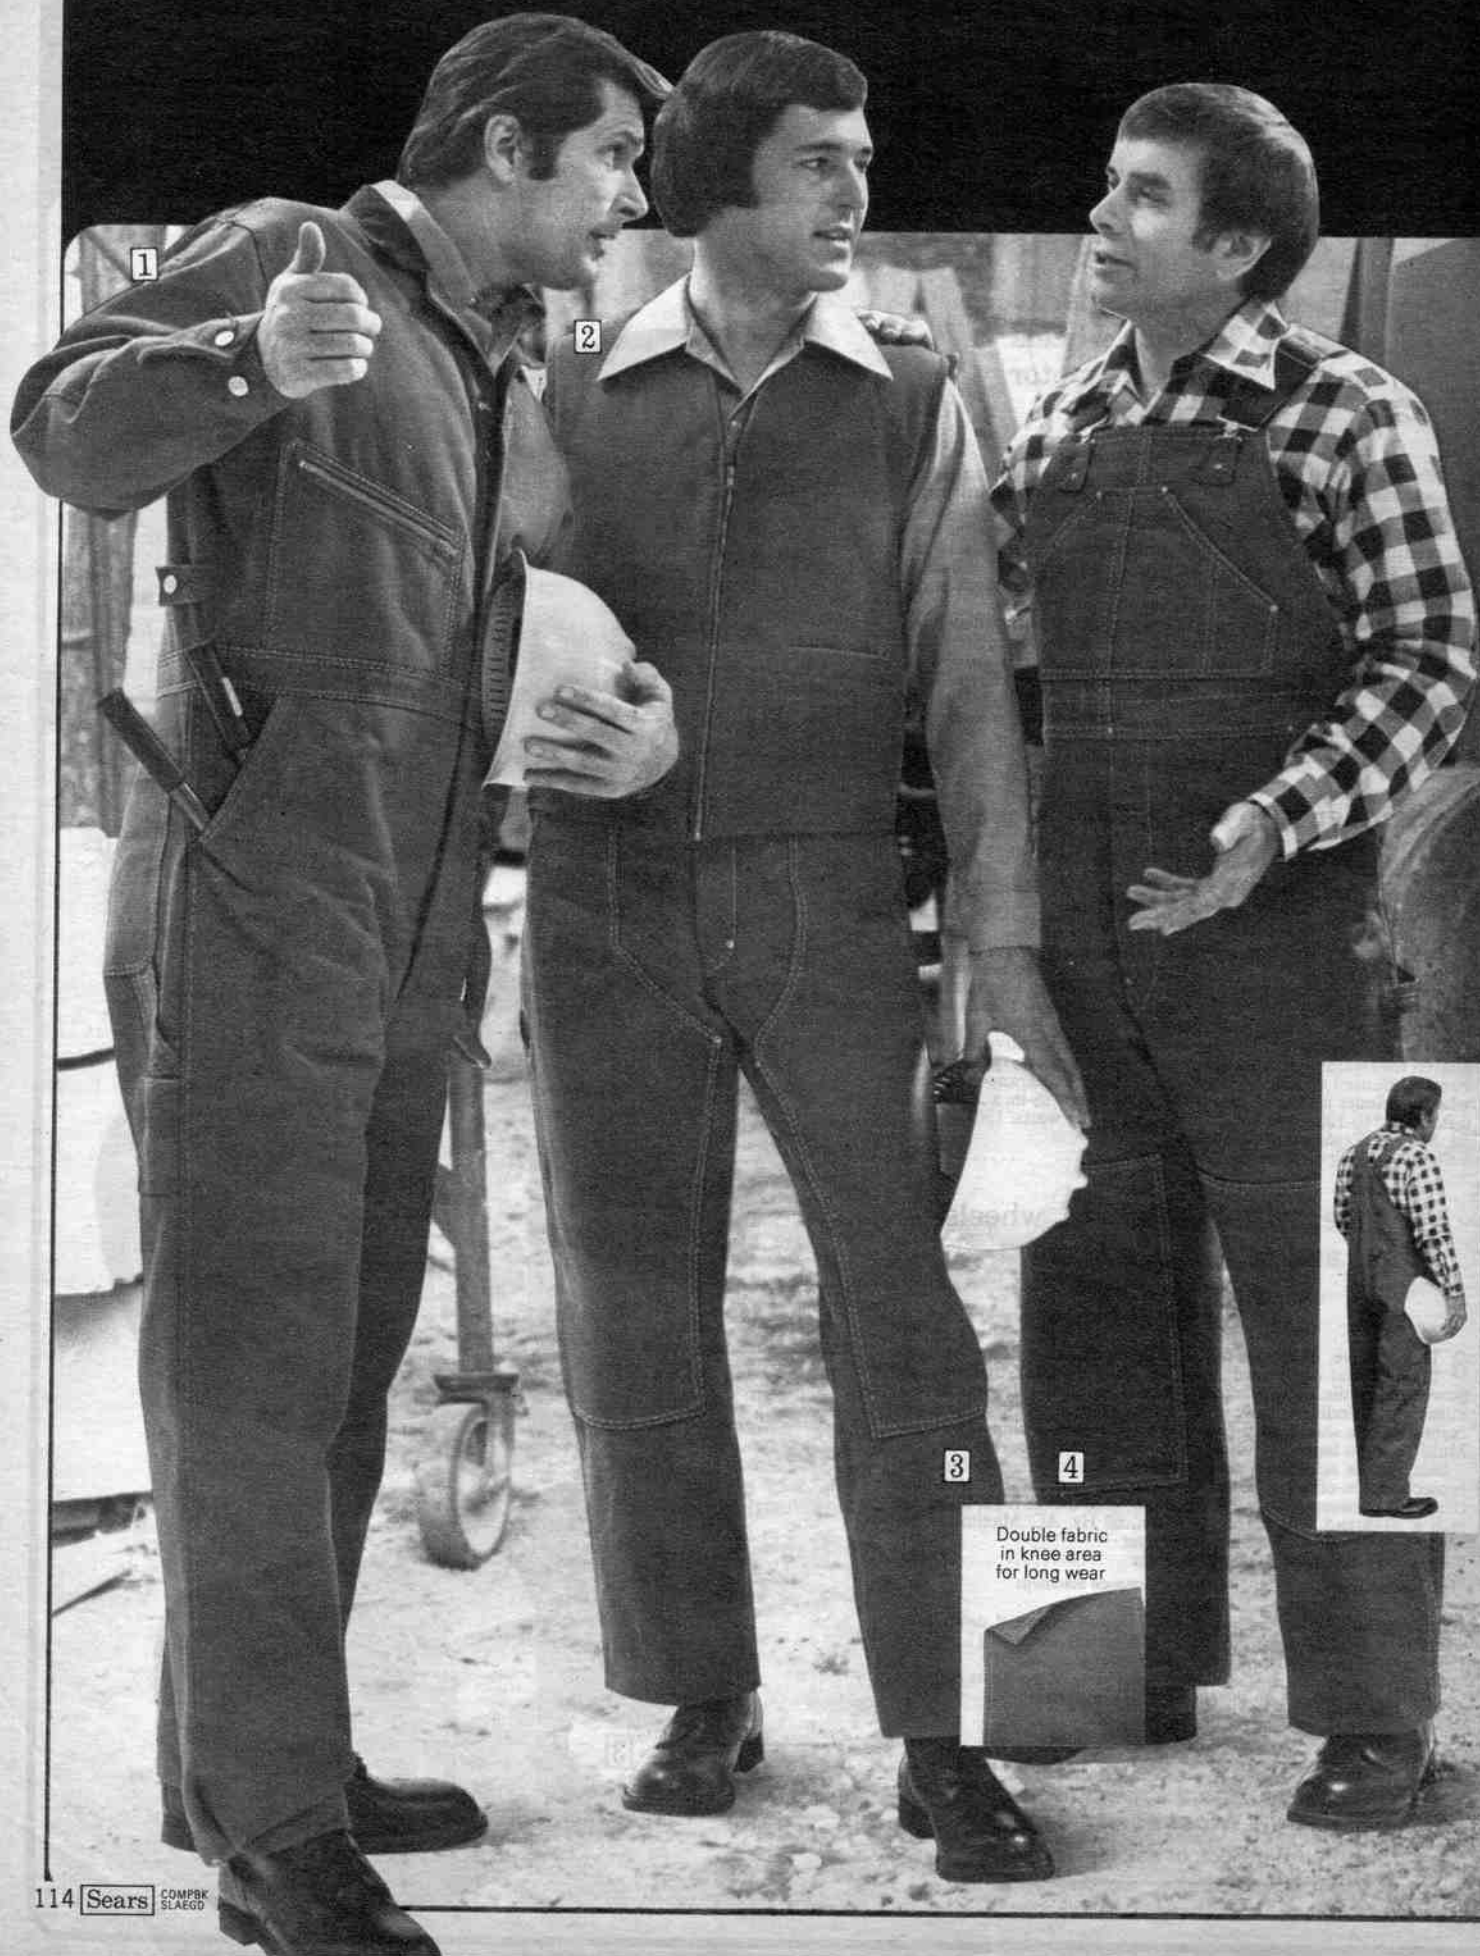

This guarantee service is available through any of our Sears stores or service centers throughout the United States or Canada.

How creative can you be with just one tool? With this versatile Scroll Saw-Sander, you can cut intricate scrollwork on the tiniest work pieces

And there are more creative applications:

- Turn the blade to cut in any of 3 directions for greater capacity on large pieces
- Mount a disc on its own power take-off for fine-finish sanding
- Or add the flexible shaft accessory kit sold below to perform dozens of power-shop operations

\$52.95

Without accessory kit

CRAFTSMAN. An ideal tool for hobbyists. Easily handles intricate scrollwork on small pieces yet puts out enough power to cut standard 2x4's. Light enough to be carried from room to room. Quiet enough to be used in your home without disturbing TV reception. Ball-bearing motor delivers 3450 rpm... transfers power without use of v-belt.

Locking table tilts to 45° right or left for bevel cuts. Lower it to cut wood up to 2-in. thick, raise it to cut thin plywood. Self-adjusting blade guard also holds work on table. Cam-action lever lets you change blades fast with no tension spring to fiddle with. Cuts wood, plastic, even non-ferrous metal. Steel, with 15-in. throat. Table is 8x9 1/2-in. with 1/2-in. grid. Measures 9 1/2 x 20-in. long overall. Rubber feet. With 4-in. disc sander, four 3-in. pin-end blades, 6-ft. 3-wire cord. 110-120 v., 60 Hz., AC. UL listed. *Guaranteed one full year... see page 65.*

9 GT 2470C—Shipping weight 16 pounds \$52.95

23 Flexible-shaft Accessory Kit. Couple neoprene-covered shaft with power take-off for fingertip control of drilling, grinding, routing, engraving and more. Kit includes 5 blades, 2 sanding discs, drum sander, 3 extra bands, regular, pointed grinding wheels, drill bit, high speed cutter, paste, wire cup brushes, polishing compound, buffing wheel, 3 collets, wrench. Takes accessories (1 thru 22) at left.

9 GT 2471—Shipping weight 2 pounds 2 ounces Kit \$19.50

Flexible-shaft Kit attaches to power take-off

CRAFTSMAN® Alloy steel Jig Saw Blades

Heat-treated and hardened for fast, smooth cuts and long life. Six-inch plain-end blades can be snapped off to fit saws taking shorter plain-end blades. Use only designated blades for metal cutting and lubricate blade with beeswax. Sabre-saw blades can be used on jig saws for heavy work. Package of 5.

Electric Engraver permanently marks your possessions

CRAFTSMAN®. Inscribe your name on tools, bicycles, and other valuables. Your markings cannot be erased or rubbed off, discouraging theft. Works in wood, metal, plastic or glass. Simply plug in, switch on and press, much like using a marking pen. Replaceable tungsten carbide tip engraves with a sharp line, (extra tips sold below). Speed: 7200 strokes per minute, with adjustable length of stroke. 6-ft. 2-wire cord. 110-120v., 60 Hz., 0.1 amp. 20-watts. AC. UL listed.

9 GT 4297—Shpg. wt. 1 lb. 1 oz. \$11.87
9 GT 52839—Replacement tip. Wt. 3 oz. 1.95

ABRASIVES

Sanding Belts

Aluminum oxide abrasive on all belts. Long lasting; fast cutting. Cloth back. 1-piece. For portable and bench-type sanders. For wood, metal or plastic surfaces.

3x21 inches. Fits 9 GT 1172, 9 GT 1175 and former 9-2242, 9-2258, 9-2259.
9GT22304-X-Fine. Wt. 3 oz.
9GT22301-Fine. Wt. 3 oz.
9GT22302-Med. Wt. 4 oz.
9GT22303-Coarse. Wt. 4 oz.
9GT22305-X-Coarse. Wt. 6 oz.
Each 69c

4x24 inches. Fits 9 GT 1178C, 9 GT 1176C, 9-2269 and 9-2267C.
9GT22332-X-Fine. Wt. 4 oz.
9GT22333-Fine. Wt. 4 oz.
9GT22334-Medium. Wt. 5 oz.
9GT22335-Coarse. Wt. 6 oz.
9GT22336-X-Coarse. Wt. 7 oz.
Each 89c

4x24-in. Belt. Fits 9 GT 1176, 9 GT 1178, former 9-2267C, 9-2269. Best for metal.
9GT22337-Fine. Wt. 4 oz.
9GT22338-Medium. Wt. 5 oz.
9GT22339-Coarse. Wt. 5 oz.
Each 89c

4x36-inch Belt. Fits 9-2264, 9GT22151-Fine. Wt. 5 oz.
9GT22152-Medium. Wt. 6 oz.
9GT22153-Coarse. Wt. 7 oz.
Each 99c

6x48-inch Belt. Fits bench sander 9-2254L, 9-2252.
9GT21671-Fine. Wt. 8 oz.
9GT21672-Medium. Wt. 9 oz.
9GT21673-Coarse. Wt. 12 oz.
Each \$1.75

3x27-in. For other sanders.
9GT22151-Fine. Wt. 5 oz.
9GT22152-Medium. Wt. 6 oz.
9GT22153-Coarse. Wt. 7 oz.
Each 79c

Smooth, fast-cutting Sanding Sheets

With a **CRAFTSMAN®** Drill Stand and proper accessories, you can do all the operations shown below . . . and do them with more control and greater accuracy

Rout with a rasp

Drum sand

Drill small or odd shapes

Drill metal with accuracy

Mixing paint or plaster

Buffing and polishing

Accessories to do these jobs, and more, on pages 119-121

Heavy-duty one-position Drill Stand

\$39⁹⁹ without drill

1 Fits most $\frac{1}{4}$, $\frac{3}{8}$, and $\frac{1}{2}$ -inch drills with either "D" grip or pistol grip. Adjustable rack and pinion depth control determines amount of drill travel from 0 to 3 inches. Throat measures 6 inches. Vertical steel column measures 20 inches; is firmly attached to base. Cast aluminum $7\frac{1}{2} \times 7\frac{1}{2}$ -inch square base provides stable platform for all operations, is pre-drilled for mounting to workbench (bolts not included). Drill table tilts for angle drilling. Sent unassembled.
9 GT 25987C—Shipping weight 17 pounds.....\$39.99

FOR SAFETY'S SAKE—PROTECT YOUR EYES
See page 116 for safety goggles

Two-position Drill Stand

\$24⁹⁹

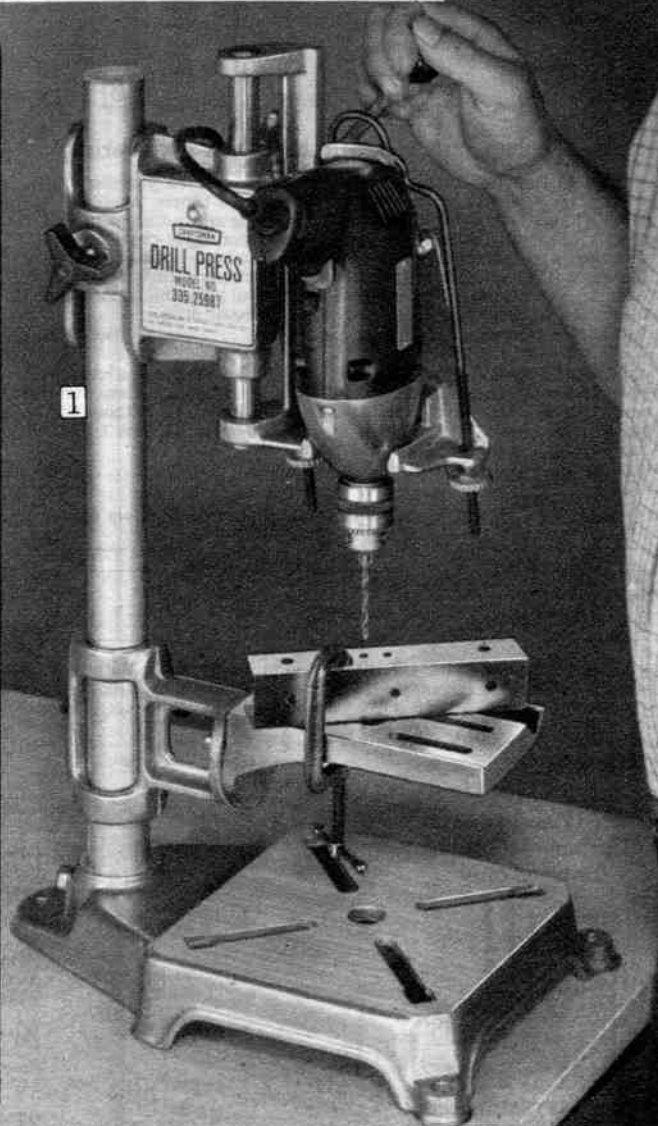

2 Mounting bracket fits most pistol grip $\frac{1}{4}$ and $\frac{3}{8}$ -inch electric drills, except 9 GT 1148, former 9-1138. Use vertically or horizontally. Locking depth gauge controls 0 to $2\frac{1}{2}$ -inch depth range. With $4\frac{1}{2}$ -inch throat. Tilt table for angle drilling. Eighteen-inch long, one-inch diameter steel vertical column firmly fixed to 6x6-inch base.

Cast-aluminum base provides dependable platform for all operations. With grinding guard. Sent unassembled.

Shipping weight 9 lbs. 2 oz.
9 GT 25926.....\$24.99

As (2) but vertical only; no tilt-table or guard. Sent unassembled.

Shipping weight 8 lbs. 2 oz.
9 GT 2592.....\$16.99

Cord Lock

Prevents cord from disconnecting from extension cords. For use with electrical tools and appliances. Plastic.

Shipping wt. 4 oz.
9 GT 2595.....49c

CRAFTSMAN® Permanex® Drill Cases

(3 and 4) Provide dependable protection for your valuable portable tools. Double-wall molded polyethylene . . . won't rust, crack, dent. Resist acids, oils, alkalis, impact. With stainless steel locking clasp. Handle rests flat in recessed top . . . stays out of the way. Specially-designed hinges permit top to be removed.

3 For $\frac{1}{4}$ and $\frac{3}{8}$ -inch drills. Measures $15\frac{1}{4} \times 8\frac{1}{4} \times 8\frac{1}{4}$ inches high. Wt. 2 lbs. 4 oz.
9 GT 1451.....\$8.99

4 For $\frac{1}{2}$ -inch drills. Measures $17\frac{3}{4} \times 9\frac{3}{4} \times 10\frac{1}{4}$ inches high. Wt. 3 lbs. 6 oz.
9 GT 1454.....\$10.99

Bench Stand

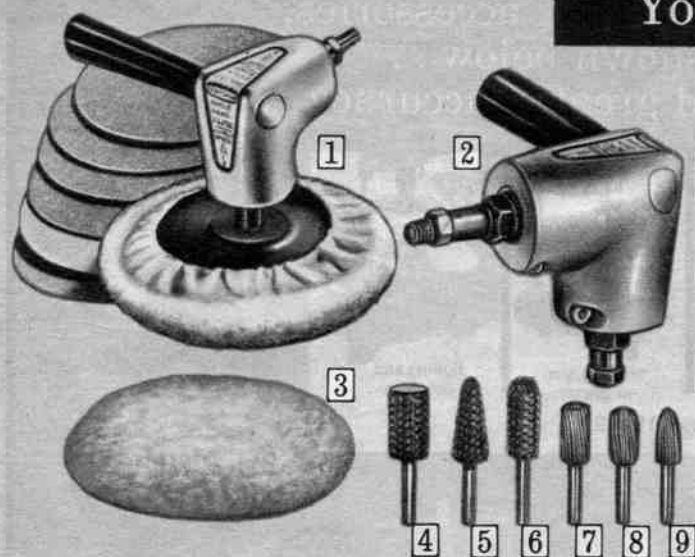

\$299

Adds versatility to your $\frac{1}{4}$ or $\frac{3}{8}$ -in. drill. Bolts to workbench, frees both hands for positive control of workpiece. Lets you wirebrush, sand, sharpen. Of rugged molded polyethylene. Wheel not included.
9 GT 25911—Wt. 1 lb. 4 oz.\$2.99

Sears Has a Credit Plan to Suit Most Every Need See Big Book or ask for details

Your Electric Drill can be a portable

Sand, polish, buff, cut with these Drill Accessories

1 Sander-Polisher-Buffer. This handy 10-piece set lets you use your drill for a variety of workshop and household chores. Angle drive gives 2:1 gear ratio (half drill speed) for polishing and buffing; 1:1 (high speed) for sanding. Works at 90° angle. Threads on 3/4x24-chuck spindle or attaches to drill chuck. Lightweight cast-aluminum housing for easy handling. Two-position side handle for convenience. Includes chuck adapter, 5-inch rubber back-up disc, lamb's wool polishing bonnet, and 6 assorted sanding discs. Fits 1/4 and 3/8-inch electric drills.
9 GT 26292—Shipping weight 2 pounds 2 ouncesSet \$7.99

2 CRAFTSMAN Angle Drill Head. Excellent for use in those hard-to-get-at areas. Includes auxiliary handle for convenience. Cast-aluminum housing... lightweight design adds to drill capability without adding a lot of weight. For 1/4 and 3/8-inch electric drills. Delivers 1:1 gear ratio for high-power drilling and sanding.
9 GT 26291—Shipping weight 1 pound 10 ounces\$5.99

3 CRAFTSMAN Lamb's Wool Polishing Bonnets. Fits over rubber back-up discs (not included).

and on the next 13 pages are covered by this famous
UNCONDITIONAL GUARANTEE

Guarantee: CRAFTSMAN Portable Electric Tools are unconditionally guaranteed for one year to give complete satisfaction, or return for free replacement. This service is available by returning tool to any Sears store throughout the United States.

DOUBLE INSULATED

**Here's what we mean by
DOUBLE INSULATED
TOOLS... and why they
use 2-prong plugs**

The common 3-wire system of grounding a tool, with the 3rd wire in the power cord, usually requires an adapter to connect the 3-prong plug to most household outlets. But there's no adapter needed with CRAFTSMAN DOUBLE-INSULATED tools... they have a 2-prong plug that connects to regular household outlets.

That's because CRAFTSMAN DOUBLE-INSULATED tools have two separate systems of insulation built in, to shield electrical conducting parts. Primary insulation protects component parts of a tool as in any well designed electrical product... the secondary, or DOUBLE insulation, isolates the outer casing and backs up primary insulation. Throughout the system—especially at high current stress points—DOUBLE insulation reinforces the primary system.

So—even if the primary insulation should break down for any reason—there's always the secondary system ready to take over and provide dependable protection. That's why Sears needs no 3rd wire on DOUBLE-INSULATED portable electric tools (note, however, that only tools described as "DOUBLE-INSULATED" offer this great modern feature).

**Rugged
Permanex® Case**

Dependable protection for your power planer or sander. Blow-molded double walls of tough polyethylene. Won't chip, peel or crack... even at 20° below zero. Will not rust. Resists denting, acids, alkalis and oil. Withstands the roughest wear you can give it. Fits power planer 9 GT 1732 at right and sanders 9 GT 1166, 9 GT 1168. Measures 17 3/4 x 9 3/4 x 10 1/4 inches high. Shipping weight 3 pounds 6 ounces. 9 GT 1454 \$10.99

CRAFTSMAN® Power Planer
with fine adjustment knob
shaves off wood
thinner than this paper...
or cuts as deep as 1/16 in.

- Motor develops maximum 3/8 HP
- Tungsten steel blades cut smoothly
- Double insulated... plugs into standard 2-prong outlet without grounding (see full story at left)

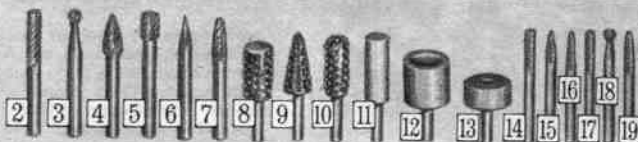

\$74.50

1 Plane wood to a satin-smooth finish without strenuous, tedious work. Precise depth adjustment gives you professional-looking results. Just turn the knob to set cutting depth exactly where you want it. Easy-to-read precision scale eliminates guesswork and over-planing. Plane and size quickly—without losing desk-top smooth results. Twin tungsten steel blades on a super-wide, 3 3/8-inch rotary cutter. Powered by a hefty 15,000 rpm (no-load speed, 540-w.), maximum 3/8-HP motor. Ball bearings throughout for maximum life. Double insulation means you don't have to bother with ground wires or adapters... just plug into 2-prong outlet.

Easy-access brushes save you service time and expense. Non-slip timing belt. Clog-free chip chute deflects shavings away from you. Non-marring aluminum base is die-cast and then satin-finished to eliminate glare. Makes planer surprisingly light in weight for its heavy-duty capacity. Motor housing and handles are made of high-impact polymer. Man-size front handle allows comfortable, 2-hand operation... gives maximum control.

Trigger switch in handle. Blades remove quickly for sharpening or replacement (order extra blades below). Handy 90° guide lets you do accurate sizing. With wrench and blade setting guide; 6-ft., 2-wire neoprene cord. Operates on 110-120-v., 60-Hz., AC. UL listed. *Guaranteed for one full year... see complete Guarantee above, left.* **SAFETY NOTE:** Be sure to wear goggles when operating planer... for complete selection of safety equipment see page 116.

For fast, clean router cuts, you need plenty of horsepower plus high shaft speed...you get both with these **CRAFTSMAN®** Routers

Heavy-duty Power Router

\$74⁵⁰
without edge guide

- Motor develops maximum 1 HP
- Shaft speed of 25,000 rpm
- Micrometer-type depth gauge

1 Lets you perform dozens of woodworking jobs with ease. Make 33 kinds of joints with correct bits and templates. Double-insulated... never needs grounding. With 100% ball bearings. Trigger switch in contoured handle. Built-in spindle lock for quick bit changes. Collet chuck. Depth gauge with zero re-set adjusts in 64ths of an inch up to 1 1/2 in. deep. Aluminum base and motor housing. Chip deflector eye shield.

With combination wrench, screwdriver, 6-ft., 2-wire neoprene cord, strain relief; (bit not incl.). 110-120-v., 780-w., 60-Hz., AC. UL listed. *Guaranteed one year... see page 122.*

9 GT 1738—Shipping weight 8 pounds 2 ounces \$74.50

Router above without zero re-set. Order bits and accessories below and on facing page. *See Safety Note below, right.*

9 GT 1737—Shipping weight 8 pounds 7 ounces \$69.50

2 Adjustable Edge Guide. For straight cutting with routers 9 GT 1738, 9 GT 1737, 9 GT 1736, former 9-2506, 9-2507.

9 GT 25172—Shipping weight 1 pound 11 ounces \$4.99

As above. Except with contour finger to follow curves.

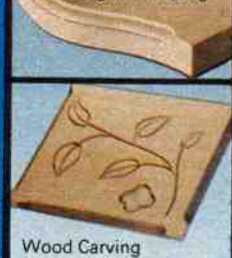

9 GT 25173—Shipping weight 2 pounds \$6.99

3 Light Attachment. For both routers on this page. Provides light directly on cut... works even when router isn't running. Uses 2 "C" batteries, not included.

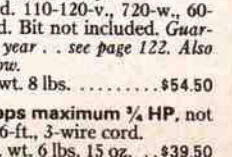

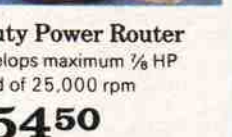

9 GT 25176—Shipping weight 6 ounces \$4.99

4 Permanex® Polyethylene Router Case. Tough polyethylene won't crack, peel or chip. Double-wall construction.

9 GT 1455—Shipping weight 3 pounds \$9.99

Both routers let you do over 50 operations with correct accessories

These Accessories

Dovetail Fixture makes flush and rabbeted dovetail joints

\$29⁹⁹

Makes 1/2-in. cuts. Use on stock up to 12 in. wide, 5/16 to 1 1/2 in. thick. Channel plate, plastic comb, clamps. Bit and bushings not included. Order from facing page. *See Note at bottom of page.*

9 GT 2571—Wt. 6 lbs. 5 oz. \$29.99

As above except for stock 8-in. wide, 1/4 or 1/2-in. With bushings. Bit not incl.

9 GT 2576—Wt. 2 lbs. 10 oz. \$21.99

1/4-in. Finger Template. Adapts fixture 9 GT 2571 to make 1/4-in. dovetails.

9 GT 2574—Wt. 2 lbs. 2 oz. \$8.99

Steel Router Table stabilizes work **\$12⁹⁹**

Makes edging operations easy. Fits all routers on this page, former 9-2506, 9-2507. Router not incl. Measures 14 7/8 x 16 3/8 x 11 inches. Unassembled.

See safety note at bottom of page.

9 GT 25168—Wt. 8 lbs. 8 oz. \$12.99

Rout-A-Form Pantograph **\$10⁴⁹**

Convert pictures, designs and drawings into 1/2-size wood engravings. Simply trace lines of original with stylus. Use any router (not included).

See safety note below left.

9 GT 25183C—Shpg. wt. 4 lbs. \$10.49

Lettering Template Set **\$9⁹⁹**

Mortise 2 1/2-in. high letters and numbers. With all letters of the alphabet, 9 numbers, 5 punctuation marks (40 plates in all). Includes clamp. Use bushings 9 GT 25069 facing page.

See safety note at left.

9 GT 25182—Wt. 4 lbs. 9 oz. Set \$9.99

Medium-duty Power Router

- Motor develops maximum 3/4 HP
- Shaft speed of 25,000 rpm

\$54⁵⁰

5 Double insulated router plugs into any standard 2-prong outlet, grounding not required. 100% ball bearings. Collet-type chuck grips 1/4-in. shank bits. Spindle lock lets you change bits quickly. Switch up front. Visual depth adjustment graduated in 32nds up to 1 1/2 inches deep.

6-ft., 2-wire cord. 110-120-v., 720-w., 60-Hz., AC. UL listed. Bit not included. *Guaranteed for one full year... see page 122. Also see Safety Note below.*

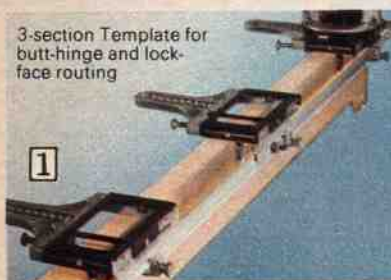

9 GT 1736—Shpg. wt. 8 lbs. \$54.50

As (5) but develops maximum 1/2 HP, not double-insulated. 6-ft., 3-wire cord.

9 GT 25066—Shpg. wt. 6 lbs. 15 oz. \$39.50

NOTE: Be sure to wear safety goggles when operating routers... see page 116.

make your router one of the most versatile of all portable power tools

1 Three-section Template.* Guides router when mortising both doors and door jamb. Use with bushings (3) below. For square or round-cornered hinges up to 5-inches long. Mortises 2 or 3 hinge doors up to 7 feet high and 3/4 to 2 1/2 inches thick. Router not included.
9 GT 2563C—Shpg. wt. 10 lbs.\$39.99

2 Butt-Hinge Template.* Set of 2 for 3 1/2 and 4-inch hinges. Use with bushings (3) below. Shipping weight 1 pound.

The **CRAFTSMAN®**
Panel-Cutting Specialist!
Compact, lightweight
4-in. Saw designed to cut
wall paneling and trim

- Motor develops maximum $\frac{3}{8}$ HP
- Extra fast 7000-rpm no-load speed
- Micrometer type depth adjustment for precise cutting control

\$54⁵⁰

CRAFTSMAN® COMMERCIAL. Compact panel saw weighs less than 5 pounds so you can slice through wall paneling and rip through framing material using only one hand. . . leaves your other hand free to control material. Micrometer-type depth adjustment lets you set the 4-inch blade to accurately cut depths up to $\frac{3}{4}$ inch. Cuts at angles from 0° to 45°.

Double-insulated. . . plugs into any standard 2-prong outlet. 100% ball-bearing construction protects against friction and wear. Helical gears deliver smooth power and torque transmission. Externally accessible motor brushes for easy maintenance. High-impact polymer motor housing, aluminum gear case, steel base. With edge-guide, Kromedge® blade, wrench and 6-ft., 2-wire cord. 110-120-v., 720-w., 60-Hz. AC. UL listed. *Guaranteed for one full year. . . see page 122. Also see note below.*

9 GT 1189—Shipping weight 10 lbs. 2 oz. \$54.50

NOTE: Be sure to wear Safety Goggles when operating any circular saw on this page. . . see safety equipment on page 116.

**Sears Has a Credit Plan
to Suit Most Every Need**

3

**CRAFTSMAN®
COMMERCIAL**

7 1/2-in. Saw develops max.
2 HP, no-load speed 5500 rpm

- Riving knife keeps wood separated
- Arbor lock for fast blade changes
- Detachable base... cut close to wall

\$84.50

Double insulated... never needs grounding. Vertical type depth of cut adjustment from 0 to 2 3/16-in. at 90°, 0 to 2 3/16-in. at 45°. Helical gears for smooth power transmission. Dependable 100% ball and roller bearings. Non-glare aluminum gear and motor housing. High-impact polymer handles.

Blade guard covers 85% of blade... up-front discharge guards against clogging. External anti-kickback clutch. Brushes conveniently located for easy checking. Spring-loaded double-pole switch. Two-piece wrap-around base gives full support... outboard detaches so you can cut close to vertical surfaces. Easy-view bladeport.

Built-in sawdust blower. Includes combination Kromedge® blade, wrench, rip fence with 4-in. face and 6-ft., 2-wire neoprene cord. 110-120-v., 1440-w., 60-Hz., AC. UL listed. *Guaranteed for one full year.*... see page 122. Also see safety note below.

9 GT 1187C—Shpg. wt. 18 lbs. \$84.50

NOTE: Be sure to wear safety goggles when operating saws on this page, see p. 116.

**CRAFTSMAN®
Permanex® Cases**

Quality tools deserve quality protection

(4 and 5) Tough polyethylene cases won't rust, peel, crack or chip, even at 20° below zero. Strong, molded design fits around tools... no need for extra packing or reinforcement. Double wall construction traps a cushion of air to help absorb shock.

4 Saw case. For all current Sears electric hand saws except 9 GT 1187C and 9 GT 1188C. Measures 15x12 1/2x10 1/2 in. high. 9 GT 1453—Shpg. wt. 4 lbs. \$10.99

5 Extra-large Case. Holds any saw on these two pages plus any Sears sabre saw plus any Sears 1/4 or 3/8-in. drill. Measures 21 1/2x12 1/2x12 3/4 inches high. 9 GT 1457C—Shpg. wt. 11 lbs. \$16.99

This 7 1/2-inch Saw gives you the most complete cutting control of any circular saw we sell!

INSTANTANEOUS BLADE CONTROL

Electronic brake brings spinning blade to a split-second halt the instant you release the trigger. Imagine a blade spinning at 5500 rpm (over 120-mph), yet you can stop that blade in .125 of a second. So, when you finish the cut and release trigger, the saw can be put down immediately.

BALANCED CONTROL HANDLING

One-piece handle with auxiliary grip is located in exact balance with saw's center of gravity. This location helps keep you cutting straight... ends twisting, turning or tipping of saw, especially when full base isn't in use... like cutting through the center of a 2x4. The result... 2-hand balanced control.

*Sears * Best*

**CRAFTSMAN®
COMMERCIAL**

- Motor develops maximum 2 1/8 HP
- No-load speed of 5500 rpm
- Arbor lock for fast blade changes

\$99.50

Double insulated... needs no grounding. Just plug saw into any conventional two-prong outlet. Heavy-duty, 2 1/8-HP motor powers blade through the toughest materials. Release the trigger and electronic brake stops blade in a split second. Cuts from 0 to 2 3/16-inches deep at 90°, 0 to 2 3/16-inches deep at 45°.

Select cutting depth by moving saw up or down, not by tilting... so you never have to crook your arm to reach the grip. Precision helical gears for smooth power transmission. Ball and roller bearings for long, dependable service. Sectional non-glare aluminum housings with high-impact polymer handles.

Special guard covers 85% of blade. Air flow sweeps sawdust through side-ejection chute located toward front of blade guard... so there's less distance for dust to travel and that means less chance for clogging.

External clutch protects motor if blade jams... helps protect user by preventing kickback. Detachable 2-pc. base wraps around entire saw for support. Easy-view bladeport. Sawdust blower clears the cutting line. Spring-loaded motor brushes pop out for easy checking.

Comes with combination Kromedge® blade, wrench, 6-ft., 2-wire neoprene cord with 3-in. strain relief and rotating rip guide with 4-in. face. Runs on 110-120-v., 1440-w., 60-Hz., AC. UL listed. *Guaranteed for one full year.*... see page 122. See safety note above, left.

9 GT 1188C—Shpg. wt. 20 lbs. \$99.50

MORE COMPLETE-CONTROL FEATURES

Riving knife trails blade, keeps cut wood separated to guard against blade binding or jamming

Easy-to-read vertical scales show cutting depth in 1/16ths of an inch and bevel angle in degrees

Base tilts up to 45°—quadrant is calibrated in well-separated 5° increments

Part of 2-piece base detaches... so you can cut close to walls

CRAFTSMAN® Reciprocating Saw

It gives plumbers and carpenters enough power to cut through steel pipe, walls and floors

Make pocket cuts, inside cutouts and grooves

Blade clamp rotates for flush-cutting blades

Develops maximum 1/2 HP

\$59.99

Double-insulated . . . plugs into standard 2-prong outlet, needs no grounding. Long 1 1/4-inch stroke saws through 2x4's in seconds. With proper blades, you can even cut ferrous metals up to 1-inch thick. Just squeeze the trigger for variable speeds from 0 to 2400 strokes per minute (spm). 100% ball-bearing drive. Precision steel helical gears. Ring of silicone rubber protects motor leads . . . helps prevent motor burnout.

Non-glare aluminum gear housing and high-impact polymer motor housing with built-in auxiliary handle. Assist handle mounts on either side. Two-position base shoe lets you pivot saw. Holds blades with 1/2-inch shank, up to 12 inches long. Cuts flush to wall or floor. Brushes accessible for easy maintenance.

Includes wood-cutting blade, wrench, 6-foot, 2-wire cord. Runs on 110-120 volts, 456-watts, 60-Hertz AC. UL listed. *Guaranteed for 1 year . . . see page 122.*

9 GT 1706—Shipping weight 9 pounds 12 ounces . . . \$59.99

Saw as above except develops maximum 3/8 HP, single speed (2400 spm), 1-inch stroke.

9 GT 1703—Shipping weight 5 pounds 15 ounces . . . \$47.50

Permanex® polyethylene Case for both saws above.

CRAFTSMAN® Reciprocating Saw Blades

(1 thru 5) For CRAFTSMAN®, Black and Decker, Milwaukee, Penncraft, Powr-Kraft, Skil, Shopmate and Stanley reciprocating saws. Blade (4) for CRAFTSMAN only.

1 6 inches long; 7 teeth per inch. For smooth cuts in wood, plastic, composition board; all plunge cutting. Keyhole tip for various scroll cuts. High-carbon steel.

Shipping weight each 3 ounces. . . . Each 69¢; 5 for \$2.85

2 9 inches long; 3 teeth per inch. For fast, rough cuts in green or fibrous woods over 1 in. thick. Good for rough-in work and notching timbers and joists. High-carbon steel.

9 GT 28682—Shpg. wt. ea. 4 oz. . . . Each \$1.19; 5 for \$5.25

3 6 inches long; 24 teeth per inch. For cutting steel, other metals up to 1/4 inch thick. Especially suited for cutting pipes, tubing, angle iron. High-speed steel.

9 GT 28683—Shpg. wt. ea. 3 oz. . . . Each 99¢; 5 for \$4.35

4 6 inches long; 7 teeth per inch. For cutting flush to wall or floor through wood, plastic, nails. High-speed steel. Fits 9 GT 1706, 9 GT 1703, former saws 9-2787, 9-2784.

9 GT 28684—Shpg. wt. ea. 3 oz. . . . Each 99¢; 5 for \$4.35

5 12 inches long; 7 teeth per inch. For smooth, deep cuts through thick wood, plastic, composition board, hardboard. High-carbon steel.

9 GT 28685—Shpg. wt. ea. 4 oz. . . . Each \$1.49; 5 for \$6.50

Package of 5 Blades. One each of (1) thru (5).

9 GT 28688—Shipping weight 11 ounces . . . Pkg. \$4.88

3/8-HP Manual Scroller

Just turn the knob and blade rotates to follow cutting line

- Variable-speed control lets you cut fast or slow . . . whatever the job requires
- Develops maximum 3/8 HP
- Long 1-inch stroke spreads work out for fast cutting and longer blade life

\$59.50

Double insulated . . . needs no grounding. Precise scrolling mechanism cuts almost any design . . . just twist the knob to follow the line. Trigger-controlled speeds ranging from 0 to 2700 strokes per minute . . . with safety release. Saw bar swivels a full 360°. Starts its own cut . . . no drilling necessary. Cuts leather, wood or metal with proper blade. Counter-balance design smooths out vibration and reduces operator fatigue. Top handle adds extra control for those intricate jobs. Wide heavy-duty base tilts up to 45° to either side for bevel cuts, 1-inch bevel quadrant.

Saw bar quadrant lock. Built-in sawdust blower clears the cutting line. Blade chuck even holds broken blades. Brushes conveniently located for easy checking or replacement. Ball and sleeve bearing motor. Polished aluminum gear housing, high-impact polymer motor housing and handles. Includes blade, circle-cutting edge-guide attachment, chip-shield and 6-foot, 2-wire cord. Runs on 110-120-volt, 60-Hertz AC. 360 watts. UL listed. *Guaranteed for one year . . . see page 122.*

Includes 6-ft., 2-wire cord, woodcutting blade. Runs on 110-120-v., 240-w. 60 Hz. AC. UL listed. *Guaranteed for 1 year . . . see page 122.*

9 GT 1717—Shpg. wt. 3 lbs. 15 oz. . . . \$9.99

With these Automatic Scrollers there's no need to turn the saw or knob

Just apply slight hand pressure and sensitive offset blade pivots freely in any direction to follow cutting line
...no other sabre saws you can buy are easier to guide

\$49⁵⁰

TYPE I

- Trigger-controlled variable speeds
- Develops maximum $\frac{3}{8}$ HP
- $\frac{3}{4}$ -inch stroke

Double-insulated ... needs no grounding. Scrolling mechanism permits accurate cuts in almost any design. Saw bar swivels a full 360°. Counterbalance design smooths out vibration and reduces operator fatigue. Cuts leather, wood or metal with proper blades ... just pull the trigger to match variable speeds with the job (0 to 3000 strokes per minute). Top handle adds extra control. Base tilts up to 45° right or left for bevel cuts, 1-inch bevel quadrant. Built-in sawdust blower clears the cutting line. Blade chuck even holds broken blades. Polished aluminum gear housing, high-impact polymer motor housing and handles. Ball and sleeve bearings. Motor brushes located for easy checking or replacement. Includes blade, circle-cutting edge-guide attachment and 6-foot, 2-wire cord. Runs on 110-120 volts, 360-watts. 60-Hertz AC. UL listed. *Guaranteed for 1 year, see p. 122.*
9 GT 17251—Shipping weight 6 pounds 10 ounces\$49.50

Sears * Best

\$69⁵⁰

- Rear-mounted control dial for 12 pre-set blade speeds ... 1300 to 2700 strokes per minute
- Develops maximum $\frac{1}{2}$ HP
- Automatic regulator to hold speed under heavy loads
- Long 1-inch stroke speeds work for fast cutting

Double-insulated ... needs no grounding. Engineered for rugged professional use, yet accurate enough to follow the most intricate cutting line. Variable-speed range lets you match the speed to the job ... also makes blades last up to 4 times longer. Trigger locks for speed consistency. 100% ball-bearing motor for years of service.

Base tilts up to 45° right or left, 1-inch bevel quadrant. Top knob locks in all 90° positions for 2-hand control on straight cuts. Counter-balance drive design reduces vibration and fatigue. Sectional non-glare aluminum gear housing, high-impact polymer motor housing and handles. Built-in sawdust blower clears the cutting line. Brushes conveniently located for easy checking or replacement. Includes edge-guide and circle-cutting attachment, chip shield, blade, 6-foot, 2-wire neoprene cord. Runs on 110-120-volts, 420-watts. 60-Hertz AC. UL listed. *Guaranteed for 1 year, see page 122.*

rough sanding

Straight-line
is best for
fine sanding

CRAFTSMAN® Dual-action Sanders
give you the truest available
orbital and straight-line motions,
with the flip of a lever!

*Sears * Best*

- Double-insulated motor develops max. 1/2 HP
- Big, oversized 4 1/2 x 9-inch sanding pad

With built-in dust pickup

\$6950

Without built-in dust pickup

\$5950

1 With dust pickup system. Powerful, heavy-duty sander gives you true and efficient straight-line or orbital motions. Sands wood, metal, plastic; use it to remove paint or varnish. Motor with 100% ball and roller bearings for smooth, long-lasting performance. High-impact polymer handles and motor housing withstand rough handling. Aluminum base with non-glare satin finish. No-load speed of 4000 orbits or strokes per minute. Long 3/16-in. stroke. Built-in dust collection system whisks up most sawdust, helps keep work area clean for fast sanding. Steel frame supports bag.

Built-in front handle gives you firm 2-hand control. Handy trigger-type switch with push-button lock. Motor smoothly transmits power through helical gears. Easily accessible motor brushes for quick replacement. Lever-operated clamp holds sandpaper tight. Sander includes one sanding sheet and 6-ft., 2-wire neoprene cord with strain relief. 110-120-v., 540-w., 60-Hz. AC. UL listed. See note below. *Guaranteed for one full year* . . . see page 122.

9 GT 1168—Shipping weight 10 pounds 8 ounces . . . \$69.50

2 Sander above without dust pickup system.

9 GT 1166—Shipping weight 9 pounds 9 ounces . . . \$59.50

Lamb's Wool Polishing Pad (not shown). Measures 4 1/2 x 11 inches. For use with sanders 9 GT 1168 and 9 GT 1166 above. 9 GT 2537—Shipping weight 3 ounces . . . \$1.19

- Motor develops maximum 1/2 HP
- Sanding pad measures 3 5/8 x 7-in.

\$4250

3 Sander gives you efficient straight-line or orbital sanding on wood, metal or plastic. Shifts quickly from orbital to straight-line sanding with the flip of a lever. Double-insulated . . . lets you use standard 2-prong outlet without grounding adapter. No-load speed of 4000 orbits or strokes per minute. Ball and sleeve bearings. Precision helical gears for long life and smooth power transmission. Double-pole slide switch conveniently located in top of handle. Polished aluminum base housing; high-impact polymer motor housing and handle. Sands flush on three sides.

Built-in auxiliary handle for firm two-hand control. Spring clamp sandpaper holder for easy changing. Sanding surface measures 3 5/8 x 7-in. Includes one aluminum-oxide sanding sheet and 6-ft., 2-wire cord. Operates on 110-120-v., 300-w., 60-Hz. AC. UL listed. See note below.

Guaranteed for one full year . . . see guarantee page 122.

NOTE: Be sure to wear safety goggles when operating any sander on this page . . . see safety equipment on page 116

Double-insulated **\$1999**
Orbital Sander

Orbital action sander removes old paint and varnish fast . . . develops maximum 1/2-HP. No-load speed 4000 orbits per minute. Double-pole slide switch. High-impact polymer housing and handle.

Auxiliary handle. One aluminum oxide sanding sheet. 6-ft., 2-wire cord. 110-120-v., 240-w., 60-Hz. AC. UL listed. See safety note above right. *Guaranteed for one full year* . . . see page 122.

9 GT 1160—Shpg. wt. 5 lbs. 4 oz. . . \$19.99

Sander above with dual-action and 1/2-HP. Changes sanding motions with flip of a lever. 9 GT 1163—Shpg. wt. 5 lbs. 4 oz. . . \$32.50

4 Rugged Permanex® Cases
resist oil, acids and denting

(4 and 5) Dependable protection for your sander. Double walls of tough polyethylene won't chip peel or crack . . . even at 20° below zero. Will not rust. Also resists alkalines. Store easily, because handle rests flat in recessed top.

4 For 9 GT 1166 and 9 GT 1168 above. Measures 17 3/4 x 9 3/4 x 10 1/16 inches. 9 GT 1454—Shpg. wt. 3 lbs. 6 oz. . . \$10.99

5 For 9 GT 1160, 9 GT 1163 at left and 9 GT 1164 above. Measures 14 1/4 x 9 1/4 x 10 3/8 inches. 9 GT 1452—Shpg. wt. 2 lbs. 12 oz. . . \$8.99

CRAFTSMAN® 1/2-inch Electric Drills

Maximum torque at low speeds for heavy-duty drilling in brick, cement, steel... accurate starts in tough material

- Double-insulated... plug into standard 2-prong outlet
- Assist handles for 2-hand control
- Precision helical gears for long life... double reduction for uniform torque
- Double-pole trigger switch... locks for continuous operation, releases quickly
- Reversible for backing out stuck bits

*Sears * Best*

Heavy-duty Drills with rugged aluminum motor housings

SAFETY SEAL
power tool institute

All Portable Electric Drills on this page carry the Safety Seal of the Power Tool Institute. For complete details, see page 134

1/2-HP Single-speed **\$69.50** | 1/4-HP Single-speed **\$59.50**

1 Motor develops maximum 1/2 HP. Single, no-load speed of 575 rpm (600 w.). Double-insulated... no need to ground. With 100% ball and roller bearings... gives you maximum efficiency and long, dependable service. Precision helical gears. Double reduction gearing for extra torque and steady power. With 1/2x20-threaded spindle. Externally accessible brushes. Toggle-type reversing switch.

Rigid sectional aluminum housing with non-glare satin finish stands up to rough use. High-impact polymer handles with textured grips. Top handle and 4-position, "D" grip rear handle, both removable when not in use. Includes 6-foot, 2-wire neoprene cord. (Bit not included). Operates on 110-120-volt, 60-Hz., AC. UL listed.

Guaranteed for one year... see page 122. Also see safety note below.
9 GT 1149—Shipping weight 9 pounds 3 ounces \$69.50

As above except motor develops maximum 1/4 HP (576 w.). Permanently lubricated ball and sleeve bearings. Polished aluminum housing. Standard cord.

Be sure to see safety note below.
9 GT 1139—Shipping weight 9 pounds 3 ounces \$59.50

Medium-duty Drills with high-impact polymer motor housings

1/2-HP Single-speed **\$32.50** | 1/4-HP Variable-speed **\$47.50**

(2 and 3) Powerful, reversible drills with aluminum gear housings... ball thrust, sleeve bearings for long dependable service. Operate on 110-120-v., 60-Hz. AC. UL listed. *Guaranteed for one full year... see guarantee details and double-insulation story on page 122.*

2 Single-speed Drill. Motor develops maximum 1/2 HP. No-load speed of 525 rpm (354 w.). Triple reduction gearing. Compact design. Top assist handle removes quickly. Pin-type spindle lock makes chuck removal easy. 1/2x20-threaded spindle. With 6-ft., 2-wire cord. Bit not included.

See safety note below.
9 GT 11191—Shipping weight 4 pounds 10 ounces \$32.50

3 Variable-speed Drill. Motor develops maximum 1/4-HP. Trigger pressure determines no-load speed from 0 to 600 rpm (360-w.). Double reduction gearing. Motor brushes externally accessible for easy checking. Removable top handle. 1/2x20-threaded spindle. With 6-ft., 2-wire cord. Bit not included.

See safety note below.
9 GT 1129—Shipping weight 6 pounds 5 ounces \$47.50

NOTE: Be sure to wear safety goggles when operating drills on this page... see safety equipment on pg. 116

CRAFTSMAN® 3/8-in. Drills..more versatile than

All 3/8-inch Drills on these two pages let you do the following tasks with the proper accessories on pgs. 119, 120 and 121

1
Single-speed
develops maximum
1/5 HP for
light-duty work
\$1350

2
Variable-speed
develops max.
1/5 HP for
medium-duty work
\$3250

3
Variable-speed
develops maximum
1/4 HP for
medium-duty work
\$3750

1 Double insulated . . . needs no grounding, just plug into any standard 2-prong outlet. No-load speed of 1200 rpm. Permanently lubricated sleeve bearings require no maintenance. Double reduction gears for smooth, steady power transmission. High-impact polymer housing. Heat-resistant wire wound motor helps prevent motor burnout. Equipped with 6-ft., 2-wire cord. Operates on 110-120-v., 264-w., 60-Hz. AC, UL listed. Not reversible. *Guaranteed for one full year . . . see bottom of facing page. Also see safety note below.*
9 GT 1142—Shpg. wt. 3 lbs. 10 oz. \$13.50

2 Reversible for backing out stuck bits. Double insulated . . . never needs grounding. Pressure on trigger controls variable no-load speed from 0 to 1200 rpm. Trigger locks for continuous operation . . . release quickly. Ball thrust and sleeve bearings. Double reduction spur gearing. Entire housing made of high-impact polymer. With 6-foot, 2-wire cord. Operates on 110-120-v., 264-w., 60-Hz. AC, UL listed. *Guaranteed for one full year . . . see bottom of facing page. Also see note below, left.*
9 GT 1144—Shpg. wt. 3 lbs. 15 oz. \$32.50

3 Flip a switch to reverse rotation . . . back out stuck bits, remove screws. Double-insulated . . . needs no grounding. Pressure on trigger controls variable no-load speed from 0 to 1200 rpm. Double reduction helical gears for extra torque . . . smooth power transmission. High-impact polymer motor housing with aluminum gear housing. Spindle lock for easy chuck removal. 6-ft., 2-wire cord, chuck key. 110-120-v., 330-w., 60-Hz. AC, UL listed. *Guaranteed for one year . . . see page 135. Also see note below, left.*
9 GT 1136—Shpg. wt. 4 lbs. 4 oz. \$37.50

NOTE: Be sure to wear Safety Goggles when operating any drill on this page . . . see page 116.

As (2) above except not reversible.
Shipping weight 3 pounds 10 ounces.
9 GT 1143 \$21.50

As (3) above except dev. max. 3/10-HP (336-w.);
trigger locks at 2 pre-set speeds, ball, sleeve bearings.
9 GT 1146—Shpg. wt. 4 lbs. 3 oz. \$42.50

DOUBLE INSULATED

See complete double insulation story on page 122

CRAFTSMAN® Tools carry the seal of the Power Tool Institute . . . This seal assures you:

That the manufacturer's power tools, including the particular tool associated with the Seal, are produced in accordance with applicable Standards for Safety of Underwriters' Laboratories, Inc. and American National Standards Institute (ANSI);

That compliance with applicable safety standards is assured by independent inspection and testing conducted by Underwriters' Laboratories, Inc.;

That every motorized tool is inspected under power;

That every tool has with it adequate instructions and a list of safety rules for the protection of the user;

That the tool manufacturer is a member of the Power Tool Institute and is a sponsor of the Institute's Consumer Safety Education Program

CRAFTSMAN® 1/4-in. Drills..give you high speeds for fast drilling plus sanding and polishing

Variable-speed 1/8-HP ***1650**

Single-speed 1/8-HP ***844**

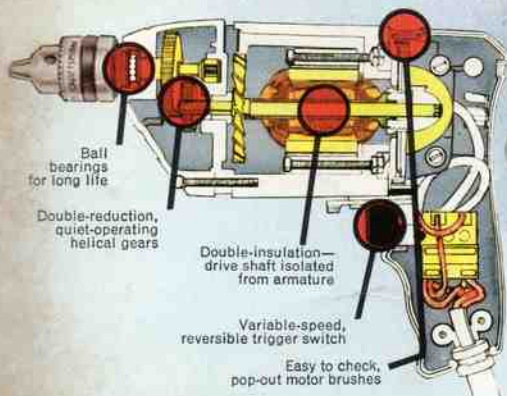

4 Double-insulated . . . never needs grounding. Motor develops maximum 1/8-HP (240-w.). Just squeeze trigger to increase speed and torque. Permanently lubricated sleeve bearings require no maintenance. Single reduction spur gearing. Entire housing made of lightweight, high-impact polymer. With 6-ft., 2-wire cord. Operates on 110-120-v., 60-Hz. AC, UL listed. *Guaranteed for one full year . . . see facing page. Also see note above, left.*
Shipping weight 3 pounds 8 ounces.
9 GT 1141 \$16.50

5 Double insulation lets you use any standard household 2-prong outlet. Motor develops maximum 1/8-HP (240-w.). Permanently lubricated sleeve bearings need no maintenance. Single reduction spur gearing. Housing made of high-impact polymer . . . lightweight yet strong. Compact design for working in tight places. Equipped with 6-ft., 2-wire cord. Operates on 110-120-v., 60-Hz. AC, UL listed. *Guaranteed for one full year . . . see facing page. Also see note above, left.*
9 GT 1140—Shpg. wt. 3 lbs. 10 oz. \$8.44

1/4 or 1/2-in. Drills

Higher torque than 1/4 in. for drilling tough materials . . .
faster speed than 1/2 in. for sanding and polishing

The **CRAFTSMAN® TYPE I** is no ordinary 3/8-in. drill . . . just take a look at what's inside

Develops maximum
1/3-HP

\$47.50

Shown above are the five features tool users told us they wanted most in an electric drill . . . features usually found only on the most expensive drills. We had them built into our TYPE I to give the homeowner a drill with extra power, durability and versatility, at an affordable price

1 The remarkable drill you've seen on TV. Double-insulated . . . plugs into any standard 2-prong outlet. With the right accessories (see pages 119 thru 121), you can use it as a power screwdriver, a sander, a paint mixer . . . even lets you thread rods, tap holes. All parts precision made and designed for steady power delivery, size, balance, appearance. Burnout protected motor develops plenty of power for drilling, cutting, polishing.

Rugged ball, roller and sleeve bearings at critical points of wear for long life. Hardened alloy steel gears with double-reduction gearing give you extra-smooth power transmission. Precision-gear chuck with key. Pin-type spindle lock makes chuck removal easy. Reversible for backing out stuck bits, removing screws. High-impact polymer motor housing and aluminum gear housing take rough handling, provide protection for user. Externally accessible motor brush pops out for easy checking or replacement. Variable no-load speed 0 to 1100 rpm (360-w.). 6-ft., 2-wire cord with strain relief. 110-120-v., 60-Hz. AC. UL listed. *Guaranteed for one full year . . . see bottom of page. Also see safety note below.*

9 GT 1145—Shipping weight 4 pounds 10 ounces . . . \$47.50

Our most powerful 3/8-inch Drill develops
maximum 1/3 HP . . . variable-speed, reversible **\$57.50**

2 CRAFTSMAN® COMMERCIAL. Instant-change variable speed of 0 to 1200 rpm (360-w.) with pressure on trigger. Ball and roller bearing construction. Double insulated . . . plugs into any standard 2-prong outlet, never needs grounding. Bore through steel, concrete, wood and plastic with ease. Zips through a wide variety of jobs with attachments sold on pages 119 thru 121. Reversible . . . just flip a switch and back out stuck bit.

Double-reduction helical gears for smooth, steady power transmission. Geared chuck with key. Spindle lock for easy chuck removal. Double pole switch for positive shutoff. Non-glare aluminum gear housing; high-impact polymer motor housing . . . both stand up to heavy-duty use. Removable top-assist handle for better control.

Complete with 6-ft., 2-wire cord. Operates on 110-120-v., 60 Hz. AC. UL listed. *Guaranteed for one full year . . . see guarantee at bottom of page. Also see safety note below.*

9 GT 1148—Shipping weight 5 pounds 9 ounces . . . \$57.50

Here are some reasons
we can make this Guarantee

DOUBLE INSULATION:

Most CRAFTSMAN tools carry two systems of insulation . . . see page 122 for double insulation story.

ALUMINUM AND HIGH-IMPACT POLYMER HOUSINGS:

Rugged materials provide dependable protection for tool and user, yet add very little weight.

POWER AND VERSATILITY TO MATCH YOUR SPECIFIC NEEDS:

No need to use underpowered tools on big jobs. Our wide selection lets you choose the exact power you need.

CRAFTSMAN® Portable Electric Tools are backed by our famous UNCONDITIONAL GUARANTEE

Guarantee: CRAFTSMAN Portable Electric Tools are unconditionally guaranteed for one year to give complete satisfaction, or return for free replacement. This service is available by returning tool to any Sears store throughout the United States.

CRAFTSMAN® METRIC TOOLS

In this book we offer a wider selection of Metric Tools and Sets than ever before... see below and pages 20 thru 22

46-pc. Metric Socket and Wrench Set

\$59.99

More and more manufacturers are using metric parts in their products... you'll be ready to repair and service them with this great wrench and socket set. All pieces are "Super-Tuff" alloy steel, chrome-plated to resist rust. (If you need new ratchets, see page 16.)

Wrenches: six open-end (sizes 6x8mm thru 17x19mm); six box-end (size 6x8 thru 17x19mm); and 11 combination (sizes 6mm thru 17mm).

Sockets: eight 6-point, 1/4-inch square drive (sizes 4 thru 11mm); nine 12-point, 3/8-inch square drive (sizes 9 thru 19mm); and six 12-point, 1/2-inch square drive (sizes 13 thru 22 mm).

9 GT 33013—Shpg. wt. 5 lbs. 12 oz.Set \$59.99

23 Wrenches alone. As in set above.

9 GT 33011—Shpg. wt. 4 lbs. 4 oz.Set \$39.99

23 Sockets alone. As in set above.

9 GT 33012—Shpg. wt. 1 lb. 13 oz.Set \$23.99
